Terra hosts Fremont high school students

FREMONT - Terra State Community College hosted students from Fremont City Schools as part of the "Classrooms to Careers" program.

The program is made possible through a grant from the Ohio Department of Education's 21st Century Learning Centers. According to Tony Walker, coordinator of Fremont City Schools early college high school, the goal of "Classrooms to Careers" is "to show students the connections between what is learned in the classroom and what is actually seen out in the community, whether it be, for example, manufacturing or the service industry. The program allows students to think about what they need to do educationally to get ready for the program they are interested in."

At Terra State during the week of June 18, students were introduced to career possibilities in 3D animation by creating their own stop motion animation movies. The theme of their projects is not texting while driving. They also experience in-depth learning about drones, including how to fly a drone, future careers and a visit from the Fremont Police Department Drone Squad.

Women's Connection plans July meeting

FREMONT - Fremont Area Women's Connection will hold its monthly luncheon from 11 a.m. to 1 p.m. July 10 at Anjulina's Catering, 2270 W. Hayes Ave.

The theme is "Fun in the Sun!" and a special invitation is extended to teachers and those who can attend in the summer months only.

Natalie Wise will provide a feature on Essential Oils and Health Benefits and Alma Keaton from Ashtabula is the guest speaker. For reservations and free child care, call Donna at 419-680-2251 or email Carrol at fawcluncheon@gmail.com by Thursday. Any cancellations also need to be reported to Donna or Carrol.
