Dear Students, Parents, and Guardians:

“It Takes More to be a Little Giant, and MORE is Expected.”

Welcome to the 2018-2019 school year! Our administrative team and outstanding teaching and support staff hope that each one of our students has an enjoyable year at Ross High School.

The purpose of this handbook is to keep you informed on the policies and procedures concerning not only, Fremont Ross High School, but also Fremont City Schools. Contained within this handbook you will find the district calendar of events, an administrative staff directory, and the FCS Board of Education Policies and Guidelines which govern how we operate within our school system. This handbook can serve as a ready-reference for you when questions on policy arise, so please refer to this handbook if you have questions regarding building procedures at Ross High School.

It is our goal to make Ross High School a place that students will not only enjoy, but where they will also receive the best education possible. We want each student to feel that he or she is a citizen of the school, and to know and understand the rules and regulations that must be imposed on all of us so that we can have the best environment in which to live and learn. Because we are all responsible for maintaining an optimal school climate, one that will allow every student the best opportunity to learn at his/her greatest potential, we all must learn to work together, accept each other’s strengths and weaknesses, and respect each other’s differences.

Finally, in addition to taking advantage of our wide variety of academic offerings, we also encourage all students to take the opportunity to participate in the many co-curricular and extra-curricular activities offered at Ross High School.

Make the most of this school year by making good choices and healthy decisions, and have a great school year!

Again, welcome. We are pleased that you are attending here and will be a member of the outstanding community that is Fremont Ross High School. Have a great school year!

Sincerely,

Brian Zeller

ROSS HIGH ALMA MATER

Hail the Giants, Hail to Ross;

May the breeze our Banner toss.
See our colors, loved and fair,
Streaming in the evening air.

Lo, the western sky afame,

At the praise of thy dear name.
Thro’ the twilight shadows dim,
Faint, sweet echoes of this hymn.

Alma Mater, hail to thee!

True and loyal hearts have we!
Well we’ve loved thee in the past;
Still we’ll love thee to the last!

LITTLE GIANT FIGHT SONG

Where the purple banners fly,

On to victory Fremont High.

Fight, fellows, fight, while we send

Up a rousing cheer, Rah! Rah! Rah!

Hurl fierce defiance to the foe, Little Giants.

Bring Victory to this old school we hold so dear.

Come team and win us this game,

That we may add to the fame,

And the long, long record of proud achievements

Written down for Fremont High.

ANNUAL NOTICES FOR PARENTS/STUDENTS

Listed below are the required notification statements for Fremont City Schools.

ALCOHOL USE BY STUDENTS/STUDENT DRUG ABUSE
In accordance with Federal Law, the Board of Education prohibits the use, possession, concealment or distribution of drugs by students on school grounds, in school or school approved vehicles or at any school related event. Drugs include any alcoholic beverage, anabolic steroid, dangerous controlled substance as defined by State statute or substance that could be considered a look-alike controlled substance. Compliance with this policy is mandatory for all students. Any student who violates this policy will be subject to disciplinary action in accordance with due process and as specified in the student handbooks, up to and including expulsion from school. When required by law, the District will also notify law enforcement officials.

The District is concerned about any student who is a victim of alcohol or drug abuse and will facilitate the process by which he/she receives help through programs and services available in the community. Students and their parents should contact the school principal or counseling office whenever such help is needed.

ASBESTOS NOTIFICATION
It is the intention of the Board of Education that Fremont City Schools operates at all times within the requirements of federal, state and local governmental regulations. Specifically, this Management Plan is intended to meet the requirements of the Asbestos Hazard Emergency Response Act of 1986 (AHERA), as defined by 40 CFR Part 763, Subpart E, which was published October 30, 1987 and was effective as of December 14, 1987.

A program of asbestos training for custodial and maintenance personnel is being implemented and will be maintained. New custodial and maintenance employees will receive asbestos awareness training within sixty (60) days after commencement of employment.

Written information concerning the status of the asbestos management program will be provided annually to employees and building occupants.

Any notice of damage to asbestos-containing building material in students’ classroom(s) should be reported immediately to the building principal.

Proper warning labels will be posted in any location required by AHERA.

The Management Plan will be available for review and inspection by appointment during normal office hours in the Fremont City Schools District Office and in each school building’s main office.

Fremont City Schools’ person designated to ensure that the AHERA requirements are properly implemented is Tom Anway, Director of Facilities & Operations. He has received appropriate training. Should circumstances require that this responsibility be transferred to another individual, the appropriate training for the new assignee will be provided.

Consideration has been given to the possibility of generating a conflict of interest in the preparation of this Management Plan and its implementation. It is concluded that no such conflict of interest exists in persons or companies contracted to perform design, laboratory and removal duties.

Any further questions should be directed to Tom Anway, Director of Facilities & Operations and Designated Person at (419) 334-5434 during normal office hours.
BLOOD-BORNE PATHOGENS
The Fremont City School District seeks to protect all staff and students who may be exposed to blood-borne pathogens and other potentially infections materials. Proper training in the universal precautions against exposure and/or contamination, including the provision of appropriate protective supplies and equipment, is provided.

BUILDINGS & GROUNDS SECURITY
Electronic surveillance equipment may be used on school property and/or in school vehicles. Surveillance cameras are used only to promote the order, safety and security of students, staff and property.

Portable metal detectors may be used, however prior to beginning metal detector checks, an administrator or law enforcement officer will explain the process to the student body, emphasizing that checks are intended to maintain a safe school environment.

CHILD FIND – TITLE VI-B
Every child in this country is entitled to a free, public education. The law applies to handicapped children as well, regardless of their handicap or the severity of the handicap.

Because of their handicaps, these children may be out of the community mainstream. Sometimes, especially in the preschool years, the child’s problems or disability may not be clearly evident. If you suspect your child has a handicap, please call the Director of Student Services at (419) 334-3871.

We can help, but we must first find the child. Fremont City Schools works collaboratively with the Help Me Grow program, which assists families with early identification and services for children under the age of three. We also have a collaborative agreement with the Sandusky County Board of Developmental Disabilities (Board of DD) for early childhood and school-age programs provided through the School of Hope. Together, we will work to find the right services for each child.

Title VI-B funds are Federal allocations for the exclusive benefit of children with disabilities. Input as to how best to utilize these funds for Fremont City Schools is welcome. For more information or to share ideas, please call the Director of Student Services at (419) 334-3871.

DANGEROUS WEAPONS AND INSTRUMENTS
Students shall not possess, handle, transmit or conceal any object which may be considered a dangerous weapon, instrument of violence or explosive such as a firearm (gun), knife, razor, club, electric weapon, metallic knuckles, martial arts weapons, ammunition, explosive, incendiary or poisonous gas, bomb, grenade, rocket, missile, mine and any other item which could be used to harm, threaten or harass students, school employees, parents, community members or school visitors. Objects which look like weapons, instruments of violence or explosives are also prohibited. Students may be required to submit to a metal detector check.

HAZING AND BULLYING (HARASSMENT, INTIMIDATION AND DATING VIOLENCE)
Fremont City Schools will not tolerate hazing, harassment, intimidation or bullying of any kind.

Definition: Bullying, harassment and intimidation is an intentional written, verbal, electronic or physical act that a student has exhibited toward another particular student more than once. The intentional act also includes violence within a dating relationship. The behavior causes mental or physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student. This behavior is prohibited on school property, on a school bus or at a school-sponsored activity. Students found responsible for harassment, intimidation or bullying by an electronic act may be suspended. Permission, consent or assumption of risk by an individual
subjected to hazing, bullying and/or dating violence does not lessen the prohibition contained in the District’s policy.

If you become aware of your child being bullied in school, please report it to a building administrator immediately. All reported incidents of bullying will be documented and investigated. Additionally, parents and students may report this information anonymously and will be kept informed of the investigation findings.

For additional information about the FCS Hazing and Bullying (Harassment, Intimidation and Dating Violence) policy and guidelines, please visit the District’s website at www.fremontschools.net. You may also call your child’s principal or the Director of Student Services at (419) 334-3871 for further information.

NONDISCRIMINATION
The FCS Board of Education’s policy of nondiscrimination extends to students, staff, job applicants, the general public and individuals with whom it does business and applies to race, color, national origin, ancestry, citizenship status, religion, sex, sexual orientation, gender identity, economic status, age, disability or military status.

The District does not permit discriminatory practices and views harassment as a form of discrimination. Harassment is defined as intimidation by threats of or actual physical violence; the creation, by whatever means including the use of electronic communication devices, of a climate of hostility or intimidation; or the use of language, conduct or symbols in such a manner as to be commonly understood to convey hatred, contempt or prejudice or to have the effect of insulting or stigmatizing an individual.

Employees or students who engage in discrimination of another employee or student shall be subject to disciplinary action.
The District’s Anti-Harassment Compliance Officers are as follows:

Abby Abernathy  
Director of Student Services  
(419) 334-3871  
500 W. State Street, Suite A

Director of Human Resources & Community Relations

**NONDISCRIMINATION ON THE BASIS OF SEX/SEXUAL HARASSMENT**

All persons associated with the District, including but not limited to, the Board, the administration, the staff, the students, and third parties are expected to conduct themselves at all times so as to provide an atmosphere free from sexual discrimination and sexual harassment. Sex discrimination and sexual harassment, whether verbal or nonverbal, occurring inside or outside of District buildings, on other District-owned property or at school-sponsored social functions/activities is illegal and unacceptable and will not be tolerated. Any person who engages in sexual harassment while acting as a member of the school community is in violation of the District’s sexual harassment policy. Sexual harassment complaint procedures are available by contacting the District’s Title IX Coordinators. The District’s Title IX Coordinators are as follows:

Abby Abernathy  
Director of Student Services  
(419) 334-3871

Susan King  
Director of Human Resources & Community Relations  
(419) 334-5438  
500 W. State Street, Suite A

**PARENTS’ RIGHT TO KNOW**

Parents may request information regarding the professional qualifications of their child’s teacher including: if he/she has met state qualification and licensing criteria for the grade level and subject areas taught; if the teacher is teaching under emergency or temporary status in which state qualifications or licensing criteria are waived; the teacher’s baccalaureate degree major, graduate certifications and field of discipline; and where their child is provided services by a paraprofessional, and if so, their qualifications.

**PESTICIDE APPLICATION**

If you wish to receive prior notification of a scheduled pesticide application in or around your child's school building while school is in session, please notify your child’s principal so that a “Prior Notification of Pesticide Application Request” form can be completed and filed with the District’s Facilities & Operations Department.

**POSITIVE BEHAVIORAL INTERVENTIONS AND SUPPORTS (RESTRAINT AND SECLUSION)**

The Fremont City Schools Board of Education is committed to the district-wide use of Positive Behavioral Interventions and Supports (PBIS) with students. Student personnel shall work to prevent the need for the use of restraint and/or seclusion. PBIS emphasizes prevention of student behavior problems through the use of non-aversive techniques, which should greatly reduce, if not eliminate, the need to use restraint and/or seclusion.

Professional staff members and support staff trained in CPI are permitted to physically restrain and/or seclude a student, but only when there is an immediate risk of physical harm to the student and/or others, there is no other safe and effective intervention possible and the physical restraint and/or seclusion is used in a manner that is age and developmentally appropriate and protects the safety of all children and adults at school.
Every use of restraint and/or seclusion shall be done in accordance with Board Policy JP – Positive Behavioral Interventions and Supports (Restraint and Seclusion) and shall be documented and reported in accordance with the policy.

Please see our District website, www.fremontschools.net, for a complete copy of the policy.

PUBLIC COMPLAINTS ABOUT LIBRARY, CURRICULUM OR INSTRUCTIONAL MATERIALS
Please contact your child’s building principal if you have any concerns about library, curriculum or instructional materials.

SCHOOL EMERGENCY SITUATIONS
The District utilizes the Connect5 messaging system to notify parents/guardians of important communications and/or school emergencies. Additionally, the District uses this system for school delays, school cancellations and/or early dismissal from school. If you would like to register for the Connect5 messaging system or have any changes in contact information, please notify your child’s building secretary.

STUDENT RECORDS
In order to provide students with appropriate instruction and educational services, it is necessary for the District to maintain extensive educational and personal information. It is essential that pertinent information in these records be readily available to appropriate school personnel, be accessible to the student’s parent(s) or the student in compliance with law, and yet be guarded as confidential information.

The Superintendent is responsible for the proper administration of student records in keeping with State law and federal requirements and the procedures for the collection of necessary information about individual students throughout the District.

Upon request, all records and files included in the student’s cumulative file are available to parent(s) or the student (if he/she is over 18 years of age). This request must be in writing and is granted within seven calendar days.
No records are to be removed from the school. A principal, teacher or other qualified school personnel must be present to explain any of the tests or other material.

All rights and protections given to parents under law and this policy transfer to the student when he/she reaches age 18 or enrolls in a postsecondary school. The student then becomes an “eligible student.”

The District uses reasonable methods to identify and authenticate the identity of parents, students, school officials and any other parties to whom the agency or institution discloses personally identifiable information from education records.

The District provides notice to parents and eligible students annually, in accordance with the procedures set forth under administrative regulations, of the rights held by parents and eligible students under law and this policy. It is the intent of the District to limit the disclosure of information contained in the student’s education records except:

1. by prior written consent;
2. as directory information and
3. under other limited circumstances, as enumerated under administrative regulations.
The following rights exist:

1. the right to inspect and review the student’s education records;
2. the right, in accordance with administrative regulations, to seek to correct parts of the student’s education records, including the right to a hearing if the school authority decides not to alter the records according to the parent(s)’ or eligible student’s request;
3. the right of any person to file a complaint with the U.S. Department of Education if the District violates relevant Federal law, specifically the Family Educational Rights and Privacy Act and
4. the right to acquire information concerning the procedure which the parent(s) or eligible student should follow to obtain copies of this policy, the locations from which these copies may be obtained, as well as any fees to be charged for such copies. *(See administrative regulations.)*

The District proposes to designate the following personally identifiable information contained in a student’s education records as “directory information.”

1. student’s name
2. student’s address
3. telephone number(s)
4. student’s date and place of birth
5. participation in officially recognized activities and sports
6. student’s achievement awards or honors
7. student’s weight and height, if a member of an athletic team
8. major field of study
9. dates of attendance (“from and to” dates of enrollment)
10. date of graduation

The above information is disclosed without prior written consent, except when the request is for a profit-making plan or activity or when the parent/eligible student has informed the Board that any or all such information should not be released without their prior written consent or when disclosure is otherwise prohibited by law.

Administrative regulations set forth a procedure for annual notification to parents and eligible students of the District’s definition of directory information. Parents or eligible students then have two weeks in which to advise the District in writing, in accordance with such regulations, of any or all items which they refuse to permit as directory information about that student.

To carry out their responsibilities, school officials have access to student education records for legitimate educational purposes. The District uses the criteria set forth under administrative regulations to determine who are “school officials” and what constitutes “legitimate educational interests.”

Other than requests as described above, school officials release information from, or permit access to, a student’s education records only with the prior written consent of a parent or eligible student, except that the Superintendent or a person designated in writing by the Superintendent may permit disclosure in certain limited circumstances outlined under administrative regulations.

The District maintains, in accordance with administrative regulations, an accurate record of all requests to disclose information from, or to permit access to, a student’s education records and of information disclosed and access permitted.

**STUDENT SURVEYS**

The Board recognizes the importance of maintaining student records and preserving their confidentiality. Student records containing personally identifiable information are kept confidential at collection, storage, disclosure and destruction stages. Boards that receive funds under any applicable program must provide reasonable notice to parents at the beginning of each school year that their children may be involved in Board-approved third party surveys. The school must also give parents the opportunity to opt their child
out of the activity. A student shall not be required, as part of any applicable program, to submit to a survey, analysis or evaluation that reveals information concerning:

1. political affiliations or beliefs of the student or the student’s parent;
2. mental or psychological problems of the student that are “potentially embarrassing” to the student or the student’s family;
3. sex behavior or attitudes;
4. illegal, anti-social, self-incriminating or demeaning behavior;
5. critical appraisals of other individuals with whom respondents have close family relationships;
6. legally recognized privileged or analogous relationships, such as those of lawyers, physicians and ministers;
7. religious practices, affiliations or beliefs of the student or the student’s parent or
8. income (other than that required by law to determine eligibility for participation in a program and/or for receiving financial assistance under such program).

Parents have a right to inspect a survey created by a third party before that survey is administered by the school to students. Parents are notified by the school when a survey is to be administered and will have at least two weeks to review the materials.

In order to protect student privacy rights when a school survey is to be administered that contains one of the prohibited eight items identified in this policy, parents have the right to inspect the survey. If parents do not want their child to be a participant in the survey, they must notify the school.

VANDALISM
Students, employees and citizens of the District are urged to report any incidents of vandalism to property belonging to the District together with the name(s) of the person(s) believed to be responsible. The Board may offer a reward for information leading to the arrest and conviction of any person who steals or damages Board property.

The Superintendent is authorized to sign a criminal complaint and to press charges against perpetrators of vandalism against school property. The Superintendent is further authorized to delegate, as he/she sees fit, authority to sign such complaints and to press charges.

Any student found guilty of any form of vandalism or defacement of school property may be subject to suspension or expulsion.

Parents are liable up to the amount provided by law for the willful destruction of property by a minor in their custody or control. If parents are found liable for monetary damages and are unable to make restitution, the Board may allow the parents and/or students to perform community service for the District instead of repayment of the damages.

VISITORS
The Board encourages parents and other citizens of the District to visit classrooms to observe the work of the schools and to learn what the schools are doing. Visits should be scheduled with the teacher, in advance, to avoid any unnecessary disruption to classroom instruction or activities.

To maintain the safety of students and staff and to ensure that no unauthorized persons enter buildings, all visitors must first report to the main office to receive authorization to visit. (Authorization is not needed for school programs, assemblies, graduations and athletic events.)

All participants and spectators of school programs, assemblies, graduations and athletic events are expected to abide by all applicable laws, local ordinances, Board policies and District and building regulations pertaining to public conduct on District property.

School principals and their designees are authorized to take appropriate action to prevent and remove, if necessary, unauthorized persons from entering District buildings, loitering on the grounds and/or creating disturbances anywhere on District property.
ACADEMICS

ADDING/DROPPING A COURSE
Students wishing to add a course may do so by consulting with a counselor. Added courses will be permitted only during the first five (5) days of a semester, and only if the new class has seats and books available and no other schedule change is needed. Students must make-up any class work assigned before they were enrolled in the course. Exceptional circumstances may be considered by your principal.

Students wanting to drop a course may do so by consulting with a counselor. Dropped courses will be permitted only during the first five (5) school days of a semester and a parental meeting is required to withdraw from some courses (any AP course, any CCP course, writing level for AP, or any level III course or higher course). The parental meeting must be scheduled by the student within the first five (5) days of a semester and take place within the first ten (10) days of a semester. Student schedules will be adjusted accordingly if no appropriate academic class can be determined.

No credit will be granted for a partially completed course; withdrawing from any course after the established deadlines may result in a Withdrawal Fail (WF) for the class. The WF will be factored into a student's GPA and could impact their eligibility. Students must remain in all scheduled classes until the request is approved, unless special permission is granted by the principal. Students are required to carry at least seven (7) courses per semester. Some exceptions may apply if he/she is enrolled in the College Credit Plus (CCP) program, multiple AP courses, or work/community service.

CLASS PLACEMENT
“Class placement” is determined by the number of years in high school. In order to meet graduation requirements, students must earn at least 21.5 credits.

Listed next to each class placement is a pacing guide for students to reach the total credits required.*

*At the end of each semester the number of credits earned will be listed on the report card.

1. All exams must be given on the scheduled exam days (no “early” exams).
2. There are no exemptions from exams; there will be no take-home exams.
3. Unexcused absences and truancies will result in an “F” for the exam and could result in an “F” with no credit given for the entire semester course.
4. Make-up exams will be given for “excused” absences only (excused by a doctor, administrator or school nurse). Those seniors requiring a make-up exam should contact their teacher.
5. No hall passes will be given during senior exams.

GRADE CHANGE PROCEDURES
1. A grade appeal must be initiated within two (2) weeks of a student receiving his/her grades by parent(s)/student and completed within three (3) weeks during the first three (3) nine week grading periods and upon the teacher returning to work in the fall for the fourth (4th) nine weeks. The fourth nine weeks grade appeal could be heard earlier if the teacher is contacted and volunteers to come in during the summer.

2. An administrator must be present at a grade appeal conference between parent/guardian, the student and the teacher. The parent/guardian and/or teacher could have one (1) additional representative at the conference on their behalf.

3. If the teacher changes the grade he/she must complete a “Change of Grade” form.

Failure Notification— the teacher should notify the parent by email or telephone anytime a student is earning an “F” between the interim and the end of the nine week grading period.

GRADING SYSTEMS - Board Policy IKA
Grading is a system of measuring and recording student progress and achievement that enables students, parents and teachers to assess strengths and weaknesses; plan an educational future for students in the areas of the greatest potential for success; and know where remedial work is required.

The Board believes students respond more positively to the opportunity for success than to the threat of failure. Therefore, the District seeks in its instructional program to make achievement both recognizable and possible for students. It emphasizes achievement in its processes of evaluating student performance.

The Board recognizes that a system of grading student achievement can help students, teachers and parents to better assess progress toward personal educational goals and assist the students in implementing that progress.

The administration and professional staff devise grading systems for evaluating and recording student progress. The records and reports of individual students are kept in a form that is understandable to parents as well as teachers. The Board approves the grading and reporting systems as developed by the faculty, upon recommendation of the Superintendent.

The Board recognizes that any grading system, however effective, has subjective elements. There are fundamental principles that must guide all instructors in the assignment of marks and achievement.

1. The achievement mark in any subject should represent the most objective measurement by the teacher of the achievement of the individual. A variety of evaluation measures are used and accurate records are kept to substantiate the grade given.

2. An individual should not receive a failing grade unless he/she has not met stated minimum requirements.

3. Students have the opportunity to make up work as follows: for each day a student is absent from class, a commensurate number of days will be applied to make-up assignments.
(including but not limited to homework, projects, presentations, and classroom assignments). Students must make arrangements with the teacher to make up quizzes/tests within one (1) week of the student’s return to class.

If the student is absent from class one (1) week or more, a deadline for make-up quiz/test must be established by the teacher and communicated with the student and the principal.

4. Grades are a factor used to motivate students. Poor or failing grades should trigger a variety of instructional and intervention activities to assist the student in achieving better grades by the next grading period, if possible.

Final decision on any grade is the responsibility of the building principal.

**GRADUATION REQUIREMENTS – See Board Policy IKF, IKFB (Graduation Exercises)**

Note: Graduates are required to attend a Mandatory Graduation Practice prior to participating in the graduation ceremony.

**HOMEWORK (IKB)**

The Board acknowledges the educational validity of out-of-school assignments as adjuncts to and extensions of the instructional program of the schools.

“Homework” shall refer to those assignments to be prepared outside of the school by the student or independently while in attendance at school.

The Superintendent shall develop rules for the assignment of homework according to these guidelines:

1. Homework should be a properly planned part of the curriculum, extending and reinforcing the learning experience of the school;

2. Homework should help students learn by providing practice in the mastery of skills, experience in data gathering, and integration of knowledge;

3. Homework should help develop the student’s sense of responsibility by providing opportunity for the exercise of independent work and judgment;

4. The number, frequency and degree of difficulty of homework assignments should be based on the ability and needs of the student and take into account other activities which make a legitimate claim on the student’s time;

5. As a valid educational tool, homework should be assigned with clear direction, with timely feedback provided, and assigned valid based on its placement on the Learning Cycle, The Learning Cycle is the path a student takes from the instructional introduction of a new skill or concept through guided practice led by the teacher to independent practice where the expectation is that the student has acquired sufficient learning to complete the assignment independently;

6. The schools should recognize the role of parents by suggesting ways in which parents can assist the school in helping a student carry out assigned responsibilities;

7. Homework should always serve a valid learning purpose; it should never be used as a punitive measure.
HOMEWORK (IKB-R)
The following guidelines have been developed to assist principals in working with staff to establish appropriate homework assignments:

1. All homework assignments should have a specific purpose related to the learning objectives of a program or course.

2. Homework assignments should be appropriate to the grade level and the abilities of the students involved with the expectation that is assigned to an appropriate place on the learning cycle so that it can be completed independently.

3. Project assignments should involve application of knowledge, reinforcement of communication, research and other skills, and should provide experiences, which strengthen attitudes and allow for creativity.

4. Punishment assignments should never be given.

5. The purpose of homework, in terms of the relevance to the standards should be clear to the student when assigned, and the criteria for assignments is shared so students know how to demonstrate proficiency.

6. As part of the process of using homework as a learning tool, students may be involved in learning how to critique their own and each others’ work based on clearly-defined criteria related to the standards.

7. Teachers should coordinate major assignments.

8. The time limits for the completion of homework should:
   
   A. Be reasonable and consistent with the nature of the assignments given;
   
   B. Provide for interim appraisal of process where projects involve blocks of time;
   
   C. For each day of student absence there will be assigned a commensurate number of days to make up assignments (including but not limited to homework, projects, presentations, and classroom activities).

9. Parents should be made aware of the District’s homework guidelines as well as the way each of their child’s teachers will be using homework as a learning activity.

HONOR ROLL
A student must achieve the following GPA in a minimum of five (5) class periods or the equivalent of to be considered for the Honor Roll:

Giant Pride Scholars, 4.00

Giant Honor Roll, 3.0-3.99

Three (3) class periods must be either at Fremont Ross or Vanguard-Sentinel Career & Technology Center. Incompletes prohibit a student from being on the honor roll.
INCOMPLETES
A grade of “I” is to be given to a student when the work of the grading period has not been completed because of excused absences and when the work which the student missed could not have been made up on time in the remaining grading periods following the absence. Generally, he/she would have three (3) weeks to do so. All incomplete grades should be converted within three (3) weeks after the end of a grading period. A special extension of time for students having a prolonged period of excused absences may be granted under unusual circumstances. Some arrangements may be necessary at the end of the year due to summer vacation; however only those cases arranged for may be extended past the three (3) week deadline. After the three (3) week time allowed for make-up work has passed, the final incomplete grade will be changed to the appropriate grade.

COLLEGE CREDIT PLUS PROGRAM – – See Board Policy IGCH and IGCH-R
College Credit Plus – Any student enrolled into a College Credit Plus Program must inform their grade level counselor about the name of the class, the location of the class, the time the class will be held, and the credits the students expect to earn upon successful completion. The grade level counselor will determine if the student qualifies for the class, based on the student’s Accuplacer score and/or their performance in their previous semester’s college level courses.

College Credit Plus Add/Drop/Withdrawal – Any student taking College Credit Plus Classes must inform their grade level counselor and their college advisor of their intent to Add, Drop, or Withdrawal from a college level class. All CCP students must adhere to the college’s or university’s add, drop, or withdrawal schedule. Students who drop or withdrawal from a college level class past the college’s or university’s advertised withdraw date will be assigned a grade of Withdraw Fail (WF) on their report card. This grade will be factored in to their grade point average and the student will be required to pay for the class.

PROGRESSBOOK
All students and parents/guardians are issued a username and password to access grades on Progress Book using the following website: https://parentaccess noe.ca.org.

REWARD/INCENTIVE PROGRAM
Excellence Rewarded Program (ER)
“The program that pays you back.” Excellence Rewarded is an incentive based program designed to reward students’ academic accomplishments.

Student of the Month
1. Each Ross teacher will be asked to select five (5) boys and five (5) girls that he/she feels best represent the senior class. This will be done the first week of each semester and returned to the guidance office in September and January accordingly. In January, the faculty will be given a list of who was selected first semester and will be asked to provide a list of seniors not presently on the list.
2. A secretary will compile the votes each semester and will give the list to the senior guidance counselor.
3. In September and also in January, the senior guidance counselor will select from the lists the seniors who will be recognized each month (each semester). Seniors with the highest number of votes per semester will be selected each month throughout the semester for the following honors:

EDUCATIONAL OPTIONS See Board Policy IGCH

INTERSCHOLASTIC ATHLETICS/INTERSCHOLASTIC EXTRACURRICULAR ELIGIBILITY (IGDJ/IGDK)
The Board recognizes the value to the students of the District and to the community of a program of interscholastic athletics for students as an integral part of the total school experience.

The program should foster the growth of school loyalty within the student body as a whole and stimulate community interest in athletics.

The game activities and practice sessions should provide many opportunities to teach the values of competition and good sportsmanship.

The program of interscholastic athletics should provide students the opportunity to exercise and test their athletic abilities in a context greater and more varied than that, which can be offered by a school or the School District alone. It should also offer an opportunity for career and educational development.

For purposes of this policy, the program of interscholastic athletics shall include all activities relating to competitive sports contests, games, events or sport exhibitions involving individual students or teams of students of this District with those of another district.

The Board shall determine the standards of eligibility to be met by all students participating in the interscholastic program. Such standards shall require that each student be in good physical condition, be free of injury, and have fully recovered from illness before participating in any interscholastic athletic event. Denial of participation will occur until the student-athlete submits a form signed by his/her guardian, affirming that each has received and reviewed the Ohio Department of Health’s concussion and head injury informational sheet.

In addition to the eligibility requirements established by the Ohio High School Athletic Association (OHSAA), to be eligible for any interscholastic extracurricular activity, a student must meet OHSAA as well as Board eligibility requirements.

1. Middle School (Grades 7-8)
A student athlete enrolling in the seventh grade for the first time will be eligible for the first grading period regardless of previous academic achievement. Thereafter, a student must earn a grade point average of at least 1.5 and receive passing grades in a minimum of five of those subjects in which the student received grades during the preceding grading period in order to be eligible to participate in interscholastic activities.

2. High School (Grades 9-12)

A student enrolled in the first grading period after advancement from the eighth grade must earn a grade point average of at least a 1.5, fail no more than one subject and receive passing grades in a minimum of five units, or the equivalent in the preceding grading period in which the student was enrolled.

3. College Credit Plus (Grades 7-12)

A student enrolled in the College Credit Plus program must take enough post-secondary course work exclusively or between the post-secondary institution and the high school combined to be equivalent of five units. Note: college courses for which three or more semester hours of credit are earned shall be awarded one Carnegie unit. Fractional Carnegie units will be awarded proportionately.

4. Other Notes

A. Transfer students shall have eligibility computed based upon an official transcript from the previous school of attendance. A student cannot participate in athletics until the transcript has been reviewed and the student has been declared eligible to participate.

B. Summer school and other educational options may not be used to substitute for failure to meet the academic standards during the last grading period of the school year.

C. The building principal shall be the final authority in determining the student’s grade point average and the student’s eligibility.

D. It is the responsibility of the coaching staff to communicate this policy to the student athletes along with an emphasis on academic achievement over athletic achievement.

E. Failure to comply with the grading period eligibility requirements results in extracurricular interscholastic ineligibility for the succeeding grading period.

The eligibility or ineligibility of a student continues until the start of the fifth school day of the next grading period, at which time the grades form the immediately preceding grading period become effective. For the purposes of this policy, “school day” includes faculty in-service days, calamity days and regular school attendance days, but not holidays or school breaks.

Any case involving a current student with a disability shall be referred to the Direct of Student Services and principal to determine if a waiver of the eligibility standard is appropriate. However, in athletics, the OHSAA standards must be met.
Since the primary purpose of the athletic program is to enhance the education of participating students as indicated in this policy, the Board places top priority on maximum student participation and the values of good sportsmanship, team play and fair competition.

The Board further adopts those eligibility standards set by the Constitution of the OHSAA and shall review such standards annually to ascertain that they continue to be in conformity with the objectives of this Board.

The Board further directions that only those students may participate in the program of interscholastic athletics who have:

1. maintained a satisfactory academic record
2. attended school regularly
3. demonstrated good citizenship and responsibility
4. returned all school and athletic equipment
5. refrained from participation in a contest on a non-interscholastic team, or as an individual in the same sport during the school’s season

In addition to the aforementioned items, parents and athletes are asked to attend one athletic preseason parent meeting per year prior to the beginning of the athlete’s season.

In order to minimize health and safety risks to student-athletes and maintain ethical standards, school personnel, coaches, athletic trainers and lay coaches shall not dispense, supply, recommend or permit the use of any drug, medication or food supplement solely for performance-enhancing purposes. The Superintendent shall cause to be posted in all locker rooms in buildings that include students in any grade higher then sixth grade, the following:

“Warning: Improper use of anabolic steroids may cause serious or fatal health problems, such as heart disease, stroke, cancer, growth deformities, infertility, personality changes, severe acne and baldness. Possession, sale, or use of anabolic steroids without a valid prescription is a crime punishable by a fine and imprisonment.”

The Superintendent shall develop appropriate administrative guidelines for the operation of the Athletic Program and Code of Conduct for those who participate. Such guidelines should provide for the following safeguards.

1. Prior to enrolling in the sport, each participant shall submit to a thorough physical examination by a District-approved physician and/or parents shall report any past or current health problems along with a physician’s statement that any such problems have or are being treated and pose no threat to the student’s participation.

2. Any student who is found to have a health condition, which may be life-threatening to self or others shall not be allowed to participate until the situation has been analyzed by a medical review panel that has determined the conditions under which the student may participate. The District shall assume no liability for any student with a health condition who has been authorized to play by the parents and their physician but not by the District.

3. Any student who incurs an injury requiring a physician’s care is to have the written
approval of a physician prior to the student’s return to participation.

4. Any student practicing for or competing in an interscholastic event who exhibits signs, symptoms or behaviors consistent with having sustained a concussion or head injury shall be removed from the practice or competition. Any student who has been removed from practice or competition because he/she has exhibited signs, symptoms or behaviors consistent with having sustained a concussion or head injury shall not be permitted to return to any practice until both of the following occur:

A. The student’s condition is assessed by a physician in accordance with the requirements set forth in RC 3323.539(E)(2), to assess such student.

B. The student receives written clearance that it is safe to return to practice or competition from a physician, in accordance with requirements set forth in RC 3313.539(E)(2), to grant such clearance. All doctor’s release must be received by the Athletic Director before the student athlete can return to play.

The Superintendent is also to develop guidelines for ensuring that sportsmanship, ethics and integrity characterize the manner in which the athletic program is conducted and the actions of students who participate. Such guidelines should include:

1. criteria for judging these important qualities

2. procedures by which these values will be communicated to students, parents and supporters

3. means for monitoring the behavior of each of these groups to ensure their behavior reflects high standards.

The guidelines should also provide a set of behavioral expectations for each type of participant as well as a Sportsmanship Code of Conduct, which each type of participant is to follow. The Superintendent is authorized to implement suitable disciplinary procedures against those who violate this Sportsmanship Code.

Students will be further informed that participation in interscholastic sports is a privilege and not a right, and that they may be prohibited from all or part of their participation in such activities by authorized school personnel without further notice, hearing and/or appeal rights.

In order to support the OHSAA’s program to strengthen sportsmanship, ethics and integrity, the Board commits itself to:

1. adopt policies (upon recommendation of the administration) which reflect the District’s educational objectives and promote the ideals of good sportsmanship, ethics and integrity

2. establish standards for athletic participation which reinforce the concept that athletic activities are a privilege, not a right

3. attend and enjoy school athletic activities, serving as a positive role model and expecting the same from parents, fans, participants, coaches and other school personnel

4. support and reward participants, coaches, school administrators and fans who display
good sportsmanship

5. recognize the value of school athletic activities as a vital part of education

Students in grades 9-12 are ineligible for athletics for the first 50% of the maximum allowable regular season contests in the sports the student participated in during the 12 months immediately preceding the transfer, until the one-year anniversary date of enrollment in the school the student transferred to. If the transfer takes place during the sport season in which a student has participated in a regular season interscholastic contest, the student is ineligible for the remainder of that sport’s season. Exceptions to the ineligibility provisions are outlined in the OHSAA Bylaws.

Resident students enrolled in community schools are permitted to participate in the District’s interscholastic athletics program at the school to which the student would be assigned. Students must be of the appropriate age and grade level as determined by the Superintendent, and must fulfill the same academic, nonacademic and financial requirements as any other participant.

Resident students attending STEM schools are permitted to participate in the District’s interscholastic athletics program at the school to which the student would be assigned. Students must be of the appropriate age and grade level as determined by the Superintendent, and must fulfill the same academic, nonacademic and financial requirements as any other participant.

Resident students attending a nonpublic school are permitted to participate in the District’s interscholastic athletic programs at the school to which the student would be assigned if the nonpublic school the student is enrolled in does not offer the activity. Students must be of the appropriate age and grade level as determined by the Superintendent and must fulfill the same academic, nonacademic and financial requirements as any other participant.

Resident students receiving home schooling in accordance with State law are permitted to participate in the District’s interscholastic athletic programs at the school to which the student would be assigned. Students must be of the appropriate age and grade level as determined by the Superintendent and must fulfill the same academic, nonacademic and financial requirements as any other participant.

Foreign exchange students enrolled in a recognized visitor exchange program may be eligible to participate in interscholastic athletics in accordance with OHSAA Bylaws.

ATHLETIC CODE OF CONDUCT
We are so proud that many Fremont City Schools students are stepping up to become our ambassadors on the playing fields and courts. Athletic competition offers opportunities to develop physical talents as well as to learn the value of teamwork, concentration and persistence. These habits also can be strong assets in the classroom, so it’s not surprising that Fremont City Schools athletes do better in school than students who don’t participate in sports. As leaders, athletes have a responsibility to conduct themselves according to high standards. Athletes who earn the honor of wearing their school’s team uniforms must set a good example for other students, as well as, for the fans. This Code of Conduct’s major themes
(respect, fairness, consideration of others and self-control) should be reflected at all times. We count on leadership to set the tone for appropriate behavior at all Fremont athletic events.

Any out-of-school suspension, shall be the basis for denial of participation from athletic activities for the period of the suspension. A suspension that carries over a weekend will result in a denial of participation over the weekend, rendering the student unable to participate in any practices or athletic competitions. For in school assignment, the student athlete may return to practice and/or contests at their coach’s discretion or once the assignment is completed. For example: if an athlete is assigned to in-school for one full day (removed from his/her classes), his/her assignment is completed at 2:30p.m. and the student may participate in practice or competition that evening. If the student is assigned multiple days, their participation will be denied until after they have completed their suspension or their coach permits the student’s participation. There will be no time adjustments for detentions or suspensions. While a student is denied participation as a result of academic ineligibility, he/she may participate in practices and travel with the team, but will not be allowed to dress for contests. In addition, the student may not compete, including scrimmages, previews or jamborees, until they have regained their eligibility. The extent of practice participation will be left to the discretion of the head coach/advisor.

The following rules are established for all athletic participants in grades 7-12, and remain in effect from the start of the fall sports season, which is established by the Ohio High School Athletic Association, and will end on the last day of school, or the last spring athletic event, whichever concludes last. Valid infractions are those reported by law enforcement officials, school personnel or school administrators. Every athlete will maintain his/her status in regards to previous code of conduct (i.e., a first offender remains a first offender, a second offender remains a second offender - no athlete has his/her slate wiped clean). Middle school (grades 7-8) and high schools (grades 9-12) are considered separate careers. For example: if an athlete commits a violation(s) during their middle school career, all punishments will be carried out during their middle school career. At the start of their freshman year, any violation(s) that are committed will be considered new. There will be no carry-over of consequences from their middle school career to their high school career. Any violation during the transition from middle school to high will be handled on a case by case basis.

**Definitions:**

**Alcohol:** Alcoholic beverages means intoxicating liquor, alcohol, wine, beer, mixed beverages, malt liquor

**Drug Assessment and Counseling:** A program designed to assess the degree of dependence of a student on mood-altering chemicals or other illegal substances. Such a program shall include an education component designed to teach the harmful nature of the mood-altering chemicals and any follow up counseling and/or treatment deemed necessary by the assessing agency. The costs of any such chemical assessment, educational component, counseling and/or treatment shall be the responsibility of the student and/or his/her parent/guardian/custodian.

**Denial of Participation:** The loss of participation in certain aspects of the association with a team athlete may still practice, but no other privileges are allowed. The student may continue to practice with the team and sit with the team during home contests only. The student may not wear team uniform during this denial of participation.

**Distributing:** Making available to or passing on to another individual (i.e., supplying, even if not for profit) any alcohol, drug or tobacco products. This includes supplying the location for these products to be used (i.e., hosting a party).
Drug Paraphernalia: Equipment or apparatus designed for or used for the purpose of measuring, packaging, distributing or facilitating the use of drugs, including, but not limited to pipes, roach clips, syringes, hypodermic needles and cocaine spoons or kits.

One Calendar Year: 365 consecutive days from the date of the denial of participation or remainder of the school year.

Possession: Alcohol, tobacco, controlled substance or drug paraphernalia physically on or in student’s body or physically within his/her personal property (i.e., book, gym bag, coat, etc.).

Tobacco: Any product with tobacco as an ingredient that is smoked, chewed, inhaled or placed against the gums.

Under the Influence: Manifesting signs of chemical or alcohol misuse, such as staggering, reddened eyes, odor on the breath, nervousness, falling asleep in class, memory loss, abusive language or any other behavior not normal for the particular student.

I. General Misconduct Policy
   A. Recognizing that participation in athletic activities is a privilege, not a fundamental right, and that such participation represents the Fremont City Schools to the community at large, a condition of such participation is that the athlete will maintain good citizenship within the community at all times, both within and outside the school day and on or off school property. Denial will be determined by a building administrator and athletic director according to the severity of the infraction. The denial of participation will be consistent between activities and the consequences will be immediate. Acts of unacceptable conduct, such as, but not limited to, theft, vandalism, disrespect, immorality, violations of the law, and other unacceptable acts of conduct that tarnish the program will not be tolerated. Violation of this rule constitutes misconduct, and will be evaluated on a case by case basis, taking into consideration the following factors, among others:
      1. The degree to which the athlete’s conduct poses a threat or risk to the safety and well-being of self and others.
      2. The degree to which non-action by school officials would be viewed as condoning or indifference to the conduct.
      3. The degree to which the conduct brings discredit to the Fremont City Schools and its programs.
      4. The status of the matter under the criminal or juvenile justice system, if any such system is involved. While determination by school officials under this rule are not dependent on such status or any conclusion reached under such a system, that status or conclusion might be a relevant factor in the investigation and analysis of the underlying facts.

   B. No athlete shall assist or aid in any way another athlete in violating school rules and regulations, any law or ordinance or Athletic Department rules when either athlete is properly under the authority of school personnel.

   C. The OHSSA rules apply and are available upon request from the athletic director.

   D. All athletes are expected to abide by the rules and regulations stated in the Student Code of Conduct as adopted by the Board of Education of the Fremont City Schools.

   E. An athlete absent from school for more than one-half (1/2) day is not eligible to participate in an athletic activity for the day without permission from the building principal. One-half (1/2)
A day equals three and one half (3 1/2) hours. Under normal circumstances, a half-day (1/2) occurs at 11:00 a.m. To be eligible, the athlete must be in school by 11:00 a.m. and remain in his/her classes for the remainder of the school day.

F. If a violation takes place during the school day on school property or at a school activity, the Student Code of Conduct and the Athletic Code of Conduct will be used to discipline. A building administrator will handle the discipline for the school infraction while the athletic director will handle the denial of participation under the Athletic Code of Conduct. If the violation takes place off school property and not under school jurisdiction, only the Athletic Code of Conduct will be used.

G. Athletic participants who are suspended for violations of the Student Code of Conduct are automatically denied participation in all school activities until they are reinstated in school. Any student participation in athletics that falls under an expulsion or suspension that occurs during a school break will be allowed to participate at the discretion of the building principal.

II. Possession or Use of Illegal or Controlled Substances

No student participant in athletics shall possess/deliver, attempt to deliver, cause to be delivered or show evidence of alcohol, tobacco, drugs, and/or paraphernalia, narcotics or non-controlled substance, steroids, or other performance enhancing drugs.

Consequences for Violations:

First Violation

1. The student will make an appointment with a chemical dependency counselor for drug assessment and then follow the recommendations of the counselor. The counselor and/or agency must be certified by the Ohio Department of Health or the Ohio Department of Alcohol and Drug Addiction Services. Parents/Guardians/Custodians must pay for this expense.

2. The student will be denied 20% of the current participating season and or remainder of the season the athlete participates and completes. Note: The student may continue to practice with the team and sit with their team during home contests only. The student may not wear a team uniform during their denial of participation.

3. The student shall forfeit all leadership roles.

Second Violation

1. The student will make an appointment with a chemical dependency counselor for drug assessment and then follow the recommendations of the counselor. The counselor and/or agency must be certified by the Ohio Department of Health or the Ohio Department of Alcohol and Drug Addiction Services. Parents/Guardians/Custodians must pay for this expense.

2. The student is denied participation in athletics, extracurricular/co-curricular activities and driving/parking privileges for one calendar year. For athletics, extracurricular activities and driving/parking privileges, the calendar year begins from the date of notification of the violation. The principal/designee will determine the beginning date for co-curricular activities.

3. The student shall perform forty (40) hours of community service as approved by the principal/designee. Community service timeframe will be determined by principal/designee.
4. In order for participation and privileges to be reinstated after the one calendar year penalty, the student must agree to submit to five (5) follow up drug tests within twelve (12) months at the parent/guardian/custodian’s expense. Drug testing dates will be determined by the principal/designee.

5. Failure to complete these requirements may result in permanent denial of participation during the student’s career at Ross High School.

Third Violation

The student may be permanently denied participation in athletics, extracurricular activities and driving/parking privileges immediately. The principal/designee will determine the beginning date for denial of participation in co-curricular activities.

III. Self-Referral

A self-referral occurs when a student asks a coach, advisor, director, counselor, administrator or other personnel for help and an assessment prior to any known violations of this policy. A second method of self-referral occurs when a coach, advisor, director, counselor, administrator or other school personnel confronts a student about a possible drug violation (i.e. the student has not been reported to a coach, advisor, director, counselor, administrator or other school personnel by an eye witness) and the student admits to the violation. A self-referral will not be subject to any disciplinary action provided that:

A. The student completes a drug assessment and counseling program and verification is provided to the principal/designee. The counselor and/or agency must be certified by the Ohio Department of Health or the Ohio Department of Alcohol and Drug Addiction Services. Parents/guardians/Custodians must pay for this expense.

B. The student agrees to submit to five (5) follow up drug tests within six (6) months at the district’s expense. The testing dates will be determined by the principal/designee and testing will be completed by the district’s drug testing company. If the student tests positive during the follow-up drug tests, the student will be subject to first-time offense consequences.

A self-referral will become a first offense and subject to consequences if:

A. A law enforcement agency is involved in the investigation of a potential violation or either formal or informal charges have been filed before the student attempted to self-refer.

B. Evidence of a violation is known by any staff member before the student attempted to self-refer. A self-referral may be used only once during the 9-12 academic career of a student and may not be used after the student becomes a first offender.

Additional Rules

1. Additional training or activity rules as curfew, length of hair, etc. or additional rules of conduct are at the discretion of the individual head coach, but must be put in writing and given to both the participant and parent/guardian.

2. An athlete charged and found guilty of any offense that could be considered a felony shall be denied participation to any athletic activity for the remainder of his/her eligibility.

3. In order to earn a letter or receive an award, an athlete must complete the season in good standing (i.e., be academically eligible and participating on a daily basis).
4. A season is defined as all scheduled contests, including scrimmages. Any penalty may carry over into the next season or school year.

Denial of Participation Procedures
Denial of participation procedures are limited to an informal meeting between the principal and athletic director and the athlete involved and their parent/guardian prior to any denial of participation from activities. The meeting will take place within three (3) school days. At that meeting, the athlete will be informed of the reasons for the proposed denial of participation and given a chance to tell his/her side of the situation. The principal and athletic director may make a decision at that time. Once a decision has been reached, the principal and athletic director shall present written notice to the athlete and his/her parent/guardian stating the reasons for the length of denial of participation. The denial of participation will be consistent between activities and the consequences will be immediate. When denied participation, the event denied will be consecutive. The decision of the principal and athletic director shall be final.

CLUB SPORTS (See Policy IGDJB)
The program of Club Sports should provide students the opportunity to exercise and test their athletic ability in a context greater and more varied than that which can be offered by a school or the school district alone. Currently, bowling has been designated as a club sport. All students and advisors must follow the Ross High School Academic/OHSAA Eligibility Standards and participation in Fremont Ross High School Club Sports will be determined by those guidelines. Furthermore, students participating in club sports are governed by the Athletic Code of Conduct and Drug Testing Policy and may be prohibited from participating in all or part of any club sports for infractions of previous regulations.

PLAYING RULES CHANGES RELATED TO CONCUSSION AND CONCUSED ATHLETES AND RETURN TO PLAY PROTOCOL
It is important for all adults involved in interscholastic athletics, physical education class, or intramural activities to recognize the potential for catastrophic injury and even death from concussions. Thus it is extremely important that each physical education teacher, coach, administrator, contest official and medical support personnel review their responsibilities in protecting students. Any student practicing for or competing in an interscholastic event, physical education class, or intramural activity who exhibits signs, symptoms or behaviors consistent with having sustained a concussion or head injury shall be removed from the class, practice or competition. Any student who has been removed from class, practice or competition because he/she has exhibited signs, symptoms, or behaviors consistent with having sustained a concussion or head injury shall not be permitted to return to any practice, class, or competition on the same day as the removal and not until both of the following occur:

• The student’s condition is assessed by a physician in accordance with the requirements set forth in R.C. 323.539 (E) (2), to assess such a student.

2. The student receives written clearance that it is safe to return to physical education class, practice or competition from a physician, in accordance with requirements set forth in R.C.3313.539 (E) (2), to grant such clearance. All doctor’s release must be received by the athletic director or school administrator before the student can return to play or participation.
ATTENDANCE POLICIES

ATTENDANCE IF VANGUARD-SENTINEL CAREER & TECHNOLOGY CENTERS, TERRA ARE CLOSED BUT ROSS IS OPEN
Numerous Ross students who attend Vanguard–Sentinel Career & Technology Centers and Terra will be faced with one or another of these schools being closed for a day when Ross remains open (i.e., weather, semester breaks, vacation, etc.). Regardless of the other school being closed, Ross students must attend their Ross classes if Ross is open. In regards to Vanguard and Terra only students follow the schedule/guidelines of the school/college/university.

BUILDING PASSES
Building passes may be issued to students for release from school for the reasons listed in the attendance policy. These passes may be obtained through the attendance office, assistant principal, or principal. Students are not permitted to leave the building, even at the request of or with the permission of a teacher without the approval of an administrator. Students who leave the building without proper permission will be penalized. Notes from parents, phone calls and/or appointment cards are required from all students to verify building pass requests. Requests should be made twenty-four (24) hours in advance whenever possible. Building passes may be granted, but the absence may be unexcused.

COLLEGE VISITS
Students are permitted three (3) excused college visits during their attendance at Ross High School. Requests for visits should be made through the senior guidance counselor. Advance notification is required and the proper certification form must have prior administrative approval.

The absence will be excused if a doctor’s note is submitted. A student with more than the specified hours of absence without a doctor’s note may or may not be marked excessive if an administrator is asked to review the reason for the absence by the parent/guardian.
The attendance officer provides notice to the parent of a student who is absent with or without excuse for
38 or more school hours in one school month or 65 or more school hours in a school year within seven
(7) days of the absence triggering the notice. At the time of the notice, the District may take any
appropriate actions outlined in the truancy policy as an intervention strategy. At this time the student is
considered to have excessive absences.

EXCUSING AN ABSENCE (Policy JED)

Parents(s)/Guardian(s) must notify the school on the day a student is absent, unless previous notification
has been given in accordance with school procedures for absences. Parents or other responsible persons
shall provide the school with their current home and/or work telephone numbers and home address,
as well as, emergency telephone numbers. Students are expected to attend classes regularly and be on
time in order to obtain maximum benefit from the instructional program and to develop habits of
punctuality, self-discipline and responsibility.

Excused absences may be granted for the following reasons:
1. **Personal Illness** - the approving authority may require the certificate of a
   physician after five (5) days of illness.
2. **Illness in the Immediate Family** - a three (3) day limit unless reasonable
   cause is shown.

STUDENT DISMISSAL PRECAUTIONS – (Policy JEDB)

Board policy requires that the following guidelines be followed for early dismissal of any student.

1. Only principals or designee may release a student from school before the end of the school day.
2. Principals or designee may release students before the end of a school day only upon
   presentation of a written document, face-to-face request, or verbal authorization from the child's
   parent or for emergency reasons. When a parent telephones a request that a child be released
   early from school, the identity of the caller and any custodial arrangements should be
   confirmed before the child is permitted to leave. If the parent is calling from home, the school
   can verify the request by a return telephone call. In the event the telephone call is not being
   made from the child's residence, the caller should be asked detailed questions about the child. These questions might include the child's date of birth, the courses s/he is studying, names of
   teachers and classmates, and similar facts which should be known to his/her parent.
3. Requests for early dismissal should be submitted to the principal or designee as early in
   the school day as possible.
4. Students may be released only to a parent or to a properly identified person authorized by
   the guardian to act on their behalf.
5. A student may be released "on his/her own" only with verified parental permission.
   When a parent telephones a request that a child be released early from school, the identity
   of the caller and any custodial arrangements should be confirmed before the child is
   permitted to leave. If the parent is calling from home, the school can verify the request by
   a return telephone call. In the event the telephone call is not being made from the child's
   residence, the caller should be asked detailed questions about the child.
These questions might include the child's date of birth, the courses s/he is studying, names of teachers and classmates, and similar facts which should be known to his/her parents.

Whenever a student travels from his/her school to another school for lessons or to clinics, etc., during school hours, signed permission must be obtained from the parent before such trips are approved by the principal.

**FULL DAY ATTENDANCE**
Full day attendance is required despite the number of credits needed to graduate for all students unless released under an established school program. Students are required to carry at least seven (7) classes unless given administrative permission to carry less.

**NUMBER OF SCHOOL DAYS ALLOWED FOR MAKE-UP WORK**
The number of school days a student has to make up work from an absence will equal the number of days the student was absent. Students may be permitted to make up work for an unexcused absence based on their teacher’s discretion. It is the student’s responsibility to gather, complete and turn in their make-up work.

**PROJECT ATTEND**
When a student has accumulated 30 or more consecutive school hours of absence or 42 or more school hours in one month or 72 or more school hours within the school year without legitimate excuse, the student is considered to be habitually truant from school and will be referred to Project Attend. This mediation is a joint program with Fremont City Schools and the Sandusky County Juvenile Court. The Project Attend program helps parents and the school to address student absences/tardiness and find workable solutions to the child’s truancy before going to court.

**SCHOOL ABSENCE PROCEDURES**
1. The Attendance Office is open 7:00 a.m. to 3:30 p.m. daily. The phone number is (419) 334-2742.
2. If a student is absent an entire day(s), upon his/her return to school, he/she must report to the Attendance Office.
3. If a student is absent any portion of the school day, he/she must report immediately to the Attendance Office for an “admit” slip. Students will not be permitted to class without their “admit” slip.
4. If the school is not notified by the parent/guardian about the student’s absence prior to or on the day of the absence, the student will be marked as truant.
5. Parents are expected to call in when their student is absent or a dated note must be sent with the student when the student returns to school indicating the reason for the absence and the total number of days missed. A period of five (5) schools days will be allowed to change a truant absence to an excused absence. The Attendance Officer will provide the student with an excused note to give to his/her teachers. It is the student’s responsibility to inform his/her teachers of any change in the status of an absence within the five (5) school day period.
6. Calls will be made to homes when students are absent if the parent/guardian does not notify the Attendance Office.
7. Parents and other responsible persons shall provide the school with their current home and/or work telephone numbers and home address, as well as, emergency telephone numbers.
8. Homework requests for days absent must be made twenty-four (24) hours in advance of pick-up. Requests will be honored for students absent two (2) or more consecutive days.
SCHOOL TARDINESS PROCEDURES/GUIDELINES

1) Students will report directly to the attendance desk for a blue slip if the student is tardy to school.
   (a) After three (3) instances of tardiness to the students’ first period class, an administrator will complete a referral, whether or not the student arrives to class with a blue “admit” slip.
   (b) Tardiness to periods 2-12: After three (3) instances of tardiness to class, the teacher will complete a discipline referral to the grade level principal. The teacher will notify the parent regarding the discipline referral.
   (c) Administrators will conduct random hall sweeps each day. Students caught in a hall sweep because of tardiness to class will be issued a consequence.

2) All tardiness shall be considered unexcused pending the attendance officer’s receipt of a note or call from the parent/guardian. At that time, consideration will be given to the reclassification of the tardy depending on the reason for being late.
   (a) All tardiness shall be considered unexcused unless otherwise noted on the blue “admit” slip.

3) Students arriving late to school are required to still check in at the Attendance Office and present a blue “admit” slip to his/her teacher. If the student is marked absent and does not have the blue “admit” slip, he/she must be sent to the Attendance Office immediately.

4) Two (2) parental excused car troubles will be allowed per semester only with a parent/guardian phone call by the time of the student’s first class of the day.

5) A student’s record of tardiness will reset at the start of a new quarter.

STUDENT ATTENDANCE AT STATE SPONSORED EVENTS AND TOURNAMENTS
An excused absence may be issued by the administration to a current team member to observe a state sponsored competitive tournament or event in which Fremont City Schools student is competing. The excused absence will be based on the student’s academic record (2.00 GPA), attendance record (95% attendance for the present school year), the discipline record and written parent permission to attend. The student must seek permission to attend a minimum of forty-eight (48) hours (two school days) prior to the event.

c) Work/Community Service - When Ross has a non-regular schedule the student’s first responsibility is to complete his/her school day unless otherwise approved by the principal. This will be handled on an individual basis and he/she must be working on a two-hour delay day to be released.

VACATION
Family trips may be excused if taken with a member of the student’s immediate family. Parents should contact the school one week prior to the trip. A form for the principal’s approval and teacher signatures will be given to the student when a request for vacation is received. Students should discuss work and due dates that will be missed with each of their teachers. The number of school days a student has to makeup work from a vacation absence will equal the number of days the student was absent.
No vacations will be approved during State Mandated Assessments or Senior Exams

December 3, 2018 – January 11, 2019 (End of Course)
March 25, 2019 – April 26, 2019 (English Language Arts)
April 1, 2019 - May 10, 2019 (Mathematics, Science and Social Studies)

VANGUARD—SENTINEL CAREER & TECHNOLOGY CENTERS
Students who are enrolled at Vanguard–Sentinel Career & Technology Centers and wish to change their decision are required to complete the Vanguard-Sentinel Career and Technology Centers Withdraw Form. The Vanguard–Sentinel Career & Technology Centers Withdraw Form must be submitted to an administrator at Fremont Ross High School within the first ten (10) days of a semester. Upon receipt of the Vanguard–Sentinel Career & Technology Centers Withdraw Form, the administrator will convene a Student Assistance Team (S.A.T.) meeting with the student, parent, and other applicable Fremont Ross and Vanguard-Sentinel staff to discuss the request and a decision will be made by the team. If the request comes to an administrator following the first ten days of the semester, the SAT team will continue to meet with the student and will reconsider the withdraw request for the next semester.

GENERAL INFORMATION

AUTHORITY OF ADULT SCHOOL EMPLOYEES
All of the adult employees for the Fremont City School District have authority to correct students when the need arises. If any student is corrected by any adult employee, whether the employee is faculty, clerical, custodial, bus driver, monitors, or teacher aides, the student is expected to accept such correction.

BOOK BAGS/COATS/JACKETS
Book bags, coats and jackets will not be allowed in classrooms during the school day unless approved by the principal due to special circumstances.

CHANGE OF ADDRESS
Any changes of address or telephone or emergency contact number should be reported immediately to the main office.

CELL PHONES AND OTHER ELECTRONIC DEVICES
School officials are responsible to provide a safe educational environment free from disruptions yet recognize that many students and parents want the privilege of bringing personal communication devices (PCDs) to school. However, such privilege comes with the responsibility of making sure that these items do not disrupt the educational process in any way. School officials will not be held accountable if PCDs are broken, lost or stolen. If brought to school, items should not create a disruption, distraction or otherwise interfere with the educational environment and must be approved for use by a supervising teacher. In the classroom, teachers will communicate to students if the use of PCDs is permitted. Use of the PCDs in the hallway/cafeteria/non-classroom areas are at the discretion of the building principal. PCDs that are used improperly and/or violate the acceptable use policy will be confiscated and turned into the office with a written referral. Refusal to turn over the item to a school employee will be deemed as insubordination and further discipline will occur along with appropriate documentation of the offense for violating the PCD policy.

Emergency situations do arise that may necessitate communication between students and families; however, primary contact from home to school should be through the office personnel during the school day. Responsible and acceptable use of PCDs must be followed during the school day and/or on school property.
**First Offense:** The student may retrieve the item from the administrator after paying $5 administrative fee after school is dismissed.

**Second Offense:** The item will be returned after a meeting with the student’s parent or guardian and paying $5 administrative fee after school is dismissed.

Improper use of PCD’s include but are not limited to: taking inappropriate photos of students, staff and/or other personnel and posting these photos on social media, video recording inappropriate behaviors (such as verbal or physical altercations) of students, staff, and/or other personnel and posting these videos on social media. Students conducting improper use of PCD’s may be issued severe discipline consequences and a police report could be filed.

**COMMENCEMENT** See Policy IKF (Graduation Requirements) and IKFB (Graduation Exercises)

1. Graduation will take place at Don Paul Stadium. *All seats are available for all guests and are first come, first serve (including the purple seats).*
2. In the event of inclement weather, the ceremony will be moved to Terra Community College. Because seating is limited, each student will receive four (4) tickets only for the indoor ceremony.
3. All graduates are required to attend a mandatory graduation practice. Students failing to attend this scheduled event will not be permitted to participate in the Graduation Ceremony pending special circumstance situations.
4. Student Required Dress for Commencement: Men are to dress in a dress shirt and tie, dress slacks, and dark socks with dress shoes. Women are to wear light-colored dresses or dress slacks and dress shoes of a light color. *No jeans or flip flops are permitted.*
5. Students who owe fees will be granted permission to participate in the graduation ceremony.

**ENTRANCES/EXITS**
Before the start of school each morning, students may enter the building at the North Street entrance and exit 11. During the school day all entrances will be secured.

**FIRE, TORNADO AND LOCKDOWN DRILLS**
There will be periodic emergency drills during the year. Teachers will indicate the route to be taken from the various rooms to safe areas. This information is also posted on instruction cards in every classroom. There should be no talking during drills. Students should move quickly and orderly.

Lockdown drills will be conducted throughout the school year with building level personnel. State law requires that school buildings conduct a lockdown drill with local law enforcement agencies one time during the school year.

**FLOWER AND GIFT DELIVERIES**
We no longer accept any flowers, gifts, balloons or stuffed toys for delivery to students during the school day. Area florists have been notified of this and there will be no exceptions to this rule. Please continue to send birthday and holiday greetings to your children and friends. We simply ask that you have them delivered to their home.

**SCHOOL SEARCH POLICY (Policy JFGA)**
The right of inspection of student’s school locker and personal possessions on school property is inherent in the authority granted school boards and administrators and should be exercised to assure parents that the school, in exercising its “in loco parentis” relationship with their children, will employ
every safeguard to protect the well-being of those children; nevertheless, the exercise of that authority places unusual demands upon the judgment of school officials. That authority, therefore, is to be exercised sparingly and only when such inspection search is reasonably likely to produce anticipated tangible results to aid in the educational process, preserve discipline and good order or promote the safety and security of persons and their property within the area of the school’s responsibility. Student lockers are the property of the school district. It is the policy of the Fremont City Board of Education to permit the building administrator(s) to search any locker and its contents as the administrator believes necessary. Any vehicle brought on School District premises by a student may be searched when the principal designee has reasonable suspicion to justify the search. This policy will be posted in every building.

STUDENT AWARENESS OF WEAPONS/DRUGS
If a student finds a weapon or drug, he/she should immediately do the following:
  • Refrain from touching the object, and
  • Report it to the nearest staff member.

STUDENT ID CARDS
Students will be provided with identification cards. The cards must be carried on the student in such a way that they are visible to all concerned during the school day or at any school activity. The cards will be used for a variety of activities at Ross and will be a requirement to have at school or any activity on school property. The student will pay $3.00 for his/her first card and $4.00 for any additional card(s).

STUDENT OBLIGATIONS/FEES
Fees and other obligations should be paid in the Finance Office. Checks and money orders should be made payable to Fremont City Schools. We now accept MasterCard and Visa for your convenience. All fees must be paid prior to receiving an official transcript.

STUDENT FEES
The Board of Education will provide the necessary textbooks and supplies/materials required by the course of study free of charge for its students. The Board, may, however, need to levy certain charges to students to facilitate the utilization of other appropriate learning materials used in the course of instruction. Please note that we are very thoughtful when determining student fees for the school year. Listed below are the student fees for the 2018-2019 school year.

Student publications are considered part of the school curriculum and, therefore, not extracurricular. School administration retains editorial control.

STUDENT RECORDS (See Policy JO – STUDENT RECORDS)
According to the Ohio Revised Code Section 3319.321 and the Education Rights and Privacy Acts of 1974, it should be noted that parents and students over eighteen (18) years of age have a right to inspect their records. Should they request that these records be sent to other agencies they must complete a form for the release of information. These forms are available in the office.

TELEPHONE FOR STUDENT USE
A telephone is located in the office for use by students making necessary calls. The telephone is only to be used during class changes, lunch and study hall. Students should not be released from class to use the telephone. Office personnel will supervise the use of this telephone and calls are limited to two minutes. Students are not authorized to use classroom phones and teachers should not give them permission to do so. Students are not allowed to make long distance calls.
I. INTRODUCTION

Administrative Discretion - Any penalties as listed in the Student Code of Conduct will be left to the discretion of the building administrator.

Power of School Authorities - The power of school authorities over students does not cease when they leave the school premises. The items in this Student Code of Conduct are applicable to all students during any school activity, function or event, whether on property owned, rented or maintained by Fremont City Schools or property owned, rented or maintained by another party. Additionally, the provisions of this Code shall apply to students if the prohibited act occurs while on school transportation or if the act otherwise affects the operation of the school. In addition, the Student Code of Conduct applies to misconduct by a student that, regardless of where it occurs, is directed at a district official or employee or the property of an official or employee.

Rights and Responsibilities - Students attending Fremont City Schools are expected to exercise their freedom of speech and expression within the framework of the code contained herein. Students have the right to expect reasonable and just treatment from the school and its employees. In turn, the school community has a right to expect reasonable and just treatment from the student. Freedom carries with it responsibilities for all concerned.

Scope - The Student Code of Conduct is in effect for all school and school-related activities, including, but not limited to, school authorized transportation, clubs, organizations and athletics. The purpose of this Code is to provide the guidelines and procedures governing student conduct and discipline in the Fremont City Schools. Students may be subject to discipline for violation of the Student Code of Conduct even if the conduct occurs on property not owned or controlled by the Board but that is connected to activities or incidents that have occurred on property owned or controlled by the Board, or conduct that, regardless of where it occurs, is directed at a Board official or employee, or the property of such official or employee. The examples used in this code are not intended to be all-inclusive in defining violations. The examples used in this code are not intended to be all-inclusive in defining violations.

II. CODE OF CONDUCT

In accordance with Ohio Revised Code Sections 3313.66 and 3313.661, a student enrolled in the Fremont City Schools who is found to be in violation of any of the following rules shall be subject to disciplinary actions and procedures as stated in this handbook.

Rule 1 - Disruption of School: A student shall not, by use of violence, force, coercion, threat, harassment or insubordination, disrupt or obstruct any aspect of the educational program, including lunch periods and any curricular and extracurricular activities. Examples of school property include, but are not limited to, landscaping, athletic facilities, buildings and contents. Examples of staff and private property include, but are not limited to, vehicles, clothing or other possessions.

Rule 3 - Assault: A student shall not cause bodily harm or behave in such a way that could threaten to cause bodily harm to school staff, students, or visitors while under the jurisdiction of the school. This jurisdiction includes the school day and any school activity. Examples include, but are not limited to, hitting, kicking, shoving, fighting, throwing objects, or running in the halls.
Rule 4 - Dangerous Weapons and Instruments: A student shall not possess, handle, transmit, or conceal any object which might be considered a dangerous weapon, instrument of violence, or explosive such as a firearm (gun), knife or razor blade, metal knuckles, nunchaku, firecracker, bomb, bullet, rocket, missile, incendiary, noxious irritant, poisonous gas, poison or any other item which could be used to harm, threaten, or harass students, school employees, parents, community members, or school visitors. Rule 5 - Unauthorized Possession: A student shall not cause or attempt to take into possession the public property or equipment of the school district or the personal property of another student, teacher, visitor or employee of the school district.

Rule 6 - Tobacco: Use of tobacco in any form is prohibited. Rule 7 - Alcohol, Drugs and/or Drug Paraphernalia: No student shall possess, consume, show evidence of use or consumption, deliver, attempt to deliver or cause to be delivered any form of alcoholic beverage, drug, drug paraphernalia, inhalants, narcotics, anabolic steroids or non-controlled substance that may be considered to be harmful to the health or morals of themselves or others. This will include counterfeit controlled substances or “look-alike” drugs. A student shall not appear at school or school-related events after having consumed any of the above.

Counterfeit controlled substance is defined in the following ways: (1) any drug or drug container or label which bears a trademark, trade name or other identifying mark used without the owner of the rights to such trademark’s authorization; (2) any unmarked or unlabeled substance that is manufactured, processed, packed or distributed by a person other than the person with legal rights to manufacture, process, pack or distribute it; (3) any substance that is represented to be a controlled substance, but is not a controlled substance or is a different substance; and (4) any substance other than a controlled substance that a reasonable person would believe to be a controlled substance because of its similarity in shape, size, and color or its markings, labeling, packaging, distribution, or the price for which it is sold or offered for sale.

- A controlled substance is defined as a drug, compound, or mixture of substance included in Schedule I, II, III, IV or V (Ohio Administrative Code 4729-11). Included in these schedules are narcotics such as amphetamines, depressants and hallucinogens, barbiturate or marijuana, as well as many other types of drugs.

Rule 8 - Insubordination: A student shall not disregard or refuse to follow school rules, regulations, or reasonable directives given by school personnel.

Rule 9 - Violations of the Law: A student shall not violate any law or ordinance when the student is properly under the authority of school personnel.

Public display of affection or unauthorized touching of a person is prohibited.

Harassment, intimidation, or bullying behavior by any student in the Fremont City School District is strictly prohibited, and such conduct may result in disciplinary action, including suspension and/or expulsion from school. “Harassment, intimidation, or bullying” in accordance with R.C. 3313.666 means any intentional written, verbal, graphic or physical act including electronically transmitted acts i.e., Internet, cell phone, personal digital assistant (PDA), or wireless hand-held device, either overt, or covert, by a student or group of students toward other students more than once, with the intent to harass, intimidate, injure, threaten, ridicule, humiliate and including violence within a dating relationship. Such behaviors are prohibited on or immediately adjacent to school grounds, at any school-sponsored activity, on school provided transportation, or at any official school bus stop that a reasonable person under circumstances should know will have the effect of:

A. Causing mental or physical harm to the other students and,

B. Is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other students.

Bullying Complaint Procedures
Students and/or their parents/guardians may file written reports regarding bullying. Such reports shall be reasonably specific including: person(s) involved, number of times and places of the alleged conduct, the target of suspected bullying and name(s) of any potential student or staff witnesses.

Such reports may be filed with any school staff member or administrator. They shall be promptly forwarded to the building principal for review, investigation and action.

Students and/or their parents/guardians may make informal complaints regarding bullying by verbal report to a teacher, school administrator, or other school personnel. A school staff member who receives an informal complaint shall promptly document the complaint in writing and forward to the principal.

Students who make informal complaints may request that their name be maintained in confidence by school staff member(s) and administrator(s) who receive the complaint.

At least semi-annually, the Superintendent shall provide the Board a written summary of all reported incidents and post the summary on the district website.

The Board promotes preventative educational measures to create greater awareness of aggressive behavior, including bullying. School employees and volunteers who have direct contact with students shall receive training and the complaint procedure established by the Superintendent shall be followed.

Rule 11 – Truancy (Off Schedule) and Tardiness: Truancy (Off Schedule) is prohibited. Truancy (Off Schedule) is declared when a student is absent from school or any portion of the school day without school authorization and parental consent. Tardiness to school or classes is also prohibited.

Rule 16 - Collusion: No student shall assist or aid in any way another student in violating either school rules and regulations or any law or ordinance when either student is properly under the authority of school personnel.

Rule 17 - Hazing: Hazing is prohibited. Hazing is defined as doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person. Permission, consent or assumption of risk by an individual subjected to hazing does not lessen the prohibition contained in this policy. It is the policy of the Fremont City Board of Education that hazing activities are inconsistent with the educational process and shall be prohibited at all times. No administrator, faculty member or other employee of the school district shall encourage, permit, condone or tolerate any hazing activities. No student, including leaders of student organizations, shall plan, encourage or engage in any hazing.

Rule 18 - Sexual Harassment: A student shall not engage in any act which may be considered to be a form of sexual harassment. Sexual harassment is defined as unwanted sexual advances which may be verbal, visual, or physical contact. Devices may include, but are not limited to, lasers, cell phones, cameras, iPods, MP3 players, pagers/beepers, laptops, audio/video devices or PDA.

Rule 20 - Gangs/Secret Societies: Fremont City Schools prohibits the presence and activities of gangs on or proximate to school property. No student shall wear, carry, or display paraphernalia or make gestures that either endanger or interfere with the health or welfare of any student, or that cause disruption to, or direct interference with, the educational process. No student shall cause an incident affecting the school attendance of another student or attempt to create territorial control at any school district facility. A gang is defined as any non-school group, possibly of secret and/or exclusive membership, whose purpose or practices include the commission of illegal acts, violation of school rules, establishment of territory or “turf” or any actions that threaten the safety or welfare of others.
Rule 21 - Failure to Serve Assigned Disciplinary Consequences:
A student shall not refuse to serve any school official assigned disciplinary consequences.

DISCIPLINARY CONSEQUENCES (alphabetically)

Community Service
A building principal may require a student to perform community service in lieu of or in conjunction with a suspension or expulsion (not applicable for firearm violations). Such community service may be performed at the school or in the community. It will be the grade level principal who will arrange for such community service. Students, who fail to complete community service, will be prohibited from make-up credit for miss work.

Court or Police Referral
Student may be referred to court authorities or to law enforcement officials for violation of the law while under the authority of school personnel, violation of the Student Code of Conduct, poor attendance patterns, chronic misbehavior, fighting, etc., which may result in the student being placed at the Sandusky County Juvenile Detention Center.

Denial of Bus Privileges
Students who violate the Student Code of Conduct on the bus may be denied busing privileges. According to a policy adopted by the Fremont Board of Education, serious or continuing misbehavior on the bus may result in a denial of bus privileges. Each subsequent bus violation will result in a more severe penalty. The first denial of bus privileges will be up to ten (10) days. The second denial may be ten (10) days. The third denial or any denial for a serious offense will be ten (10) days with a recommendation for denial of privileges for up to eighty (80) school days.

Detention
Students may be required to remain in school after the school day with the notification of parent or guardian.

Emergency Removal
The immediate denial of either a place within a classroom or elsewhere on school premises to a student whose presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process.

Expulsion
Denial to a student of permission to attend school and to take part in any school function, including extracurricular activities, for a period exceeding ten (10) school days but not exceeding eighty (80) school days. If, at the time of an expulsion there are fewer than eighty (80) school days remaining in the school year, the Superintendent may apply any remaining part or all of the period of the expulsion to the following school year. Students may be expelled for one calendar year for a violation involving a firearm (gun), a knife, a bomb threat or when otherwise authorized by the Ohio Revised Code. Students who are expelled will lose all academic credit for the period of time in that they have been expelled. Students who are expelled may not participate in student activities for the duration of the expulsion. No student under expulsion shall be on the property of the Fremont City Schools without prior administrative approval. A student may be suspended pending the outcome of expulsion proceedings.

Any student who possesses, delivers, sells or caused to be delivered or sold any form of drugs, alcohol, narcotics or non-controlled substance which may be considered to be harmful to the health or morals of themselves or others will be recommended for expulsion by the building principal. Any student, who possesses, handles, transmits or conceals any object which might be considered a dangerous weapon, instrument of violence or explosive will be recommended for expulsion by the building principal.
Expulsion for Bomb Threat
The Fremont City Board of Education authorizes the Superintendent of Schools to expel a student from school for a period not to exceed one calendar year for making a bomb threat to a school building or to any premises at which a school activity is occurring at the time of the threat. The Superintendent may reduce any such expulsion on a case by case basis in accordance with Fremont City Board of Education policy.

In-School Assignment (ISA)
A student may be assigned to In-School Assignment. Although removed from his/her regular classes he/she will be permitted to earn credit when in ISA if work is completed on a daily basis while in ISA. Should a student be suspended for failing to complete ISA assignment he/she will not be able to make up classroom work and all suspension days will be marked as unexcused. A student in ISA, however, may be denied participation and attendance at any extracurricular activity during the duration of the in-school assignment. In-School Assignment is a placement and, unlike a suspension, cannot be appealed. The following rules are enforced daily in the ISA room:
1. There is no talking, sleeping (heads are up at all times), cards, games or electronic devices, note passing or note writing, food, candy, gum or drinks.
2. All assignments given to the student will be turned back in to the ISA monitor and completed by the end of the day (refusal to do work will result in further disciplinary actions).
3. Three minor infractions of rules will result in being sent to the office.
4. Lunches will be ordered and served in the room.

Loss of Driver’s License:

Due to Attendance
A student who has been absent without legitimate excuses for more than ten (10) consecutive days or a total of at least fifteen (15) days during a semester, may lose his/her driving permit or license. The administration will notify the superintendent of such students and the appropriate government agency (Bureau of Motor Vehicles) may be notified for withholding of the student’s license. The suspension will remain in effect until the student attains the age of eighteen (18), is issued a diploma or GED certificate or until the superintendent informs the Bureau of Motor Vehicles that the student has completed one (1) semester since the notification and has not been absent for more than ten (10) consecutive school days or fifteen (15) total days within that semester.

Due to Suspension for Use/Possession of Alcohol or Drugs
Whenever a student is suspended or expelled from school for the possession of alcohol and/or drugs, the Superintendent may notify the Bureau of Motor Vehicles and the juvenile court judge of the county of the suspension or expulsion. After receiving such notification, the Bureau of Motor Vehicles is required to suspend the temporary instruction permit or driver’s license of the student who is the subject of the notice. If a temporary permit or license has not been issued for that student, the registrar is prohibited from issuing a temporary permit or license. Once driving privileges have been suspended or denied, the suspension or denial must remain in effect until the student attains eighteen (18) years of age, the student receives a diploma or GED certificate, the Superintendent informs the Bureau of Motor Vehicles that his/her notice was in error, or the Superintendent informs the Bureau that the student in question has satisfied the terms and conditions established by the school as necessary to terminate the suspension or denial of the driving license. Notification to the Registrar of Motor Vehicles and the County Judge must comply with O.R.C. 3319.321 and with the U.S. Family Educational Rights and Privacy Act of 1974 (FERPA) and accompanying regulations.
Permanent Exclusion (Please See Policy JEGA) is defined as the permanent denial to a student of attendance at any Ohio public school if the student is convicted of or adjudicated a delinquent child for committing, when sixteen (16) years of age or older, one of the offenses specified in the Ohio Revised Code as grounds for permanent exclusion while on school grounds or at an activity held under the auspices of the District. Generally, these are serious offenses that involve weapons, drugs, and/or violent conduct, such as:

1. illegal conveyance or possession of a deadly weapon or dangerous ordnance, carrying a concealed weapon, aggravated trafficking, trafficking in drugs, trafficking involving the possession of a bulk amount of a controlled substance or the sale of a controlled substance and/or

2. aggravated murder, murder, voluntary or involuntary manslaughter, felonious or aggravated assault, rape, gross sexual imposition or felonious sexual penetration, if the victim is a District employee.

In addition, complicity in any of the above acts may be the basis for permanent exclusion.

Special Assignments
Students may be assigned to perform reasonable tasks as suited to the disciplinary infraction.

Suspension
The denial to a student of permission to attend school and to take part in any school functions, including extracurricular activities, for a period of at least one (1), but not more than ten (10) school days. Repeated suspensions may result in expulsion. No student on suspension shall be on the property of the Fremont City Schools without prior administrative approval.

Students who are suspended out-of-school will be expected to complete assigned class work missed during the suspension. School work may be picked up the day following the incident after 2:30 p.m. in the school Guidance Office. It may be necessary to pick up additional school work later during the term of suspension should the out of school suspension be more than three (3) days. The day the student returns from suspension, the student must meet with their grade level guidance counselor and submit completed work. The counselor may review work and notify the administrative staff. The student may then be placed in in-school assignment, or any other interim alternative placement deemed appropriate by the building administrator, where work will be completed along with any additional missed work before returning to regular classes. Students, who refuse to complete work in ISA, or other interim placement, may be assigned to the alternative school or filed as an unruly child in the juvenile court for persistent insubordination per administrative discretion. Students who are suspended out of school may not participate in student activities or attend school sponsored events during the duration of the suspension.

Teacher Detention
If a student is assigned after school detention by a teacher as a disciplinary measure and refuses to serve it, the administration may assign appropriate disciplinary consequences. Teachers in supervision may also issue detentions that students must serve. Teacher detentions are to be served before office detentions if assigned on the same day.

Temporary Denial of Admittance
The Superintendent may, after offering an opportunity for a hearing before the Superintendent or Superintendent’s designee, temporarily deny admittance to the Fremont City Schools to any student if the student has been expelled from the school or another district and the period of the expulsion has not expired.

Any student who is temporarily denied admittance to the Fremont City Schools, or the student’s parent, guardian or custodian may appeal that denial to the Board of Education’s designee, who may affirm or reverse the denial on the basis of the record so made.
Withholding of Privileges
Special privileges such as library and hall passes and after school events may be withheld.

DUE PROCESS FOR SUSPENSION/EXPULSION AND APPEALS
Definition
Due process is a procedure to assure that students have a fair opportunity to counteract, contradict, challenge or defend charges made against them and to have an opportunity to try to clear themselves of those charges.

Elements of Due Process
I. Student has been informed of school rules and regulations.
II. Student receives written notice of charges or reasons for the pending action.
III. Student has the opportunity for a hearing to challenge the charges.
IV. Parent/Guardian/Student is entitled to the representation of his/her choosing in any appeals proceedings.
V. Student is not permitted to continue to attend regular classes pending the outcome of either suspension or expulsion appeals procedures unless permission to attend is authorized by the Superintendent.

Suspension Appeals Procedures
Step 1 - Parent/Guardian/Student is permitted to appeal a suspension to the Superintendent or Treasurer of the Board or to his/her designee. This appeal must be written and include reasons why the suspension is being appealed. A hearing will be scheduled within three (3) to five (5) days of the written request. A written decision will be issued to the appealing party as to the results of the appeals hearing within two (2) school days.

Expulsion Appeals Procedures
Step 1 - Parent/Guardian/Student is permitted to attend the expulsion hearing with the Superintendent or his/her designee. You may be represented in the appeal by the representative of your choice. If you wish to have a representative, notification must be provided to Fremont City Schools within forty-eight (48) hours, of receipt of notification of expulsion hearing.
Step 2 - Parent/Guardian/Student will receive written notification of expulsion or re-admittance to school from the Superintendent of Schools.
Step 3 - Parent/Guardian/Student may appeal this to the Board of Education or to its’ designated attorney.

When parents/guardians/students choose to exercise the right to appeal, the above steps should be followed in order. Such appeals must be made within five (5) school days of the effective date of the suspension. Expulsions may be appealed within ten (10) calendar days to the Board of Education or its designated attorney.

FIGHT/ASSAULT GUIDELINES
Introduction
During the school year, some students choose to resolve their differences by fighting. We cannot and will not tolerate fighting of any kind. Students should consider these options in lieu of physical violence:
1. Parents/students should bring the concern/problem to the counselor, teacher, or building administrators. We will investigate and bring all parties together to discuss possible solutions.
2. Name calling often leads to fighting. Inform a nearby teacher or seek out an administrator before the situation gets out of control.
3. If provoked, walk away and seek out a teacher or administrator.
4. Do not get involved in someone else’s business. If you feel you must be involved or already are involved and the situation is out of control, seek out a building administrator/teacher/counselor and report your concern and involvement.

Students who decide to take matters into their own hands and fight may be suspended from school with police called. Building administrators recognize there are different degrees of fighting, but caution students that rarely is a fight one-sided. Consequently, both parties are usually suspended.

Definitions

- **Fight** - Engaging in physical violence where two or more people physically strike each other, kick, punch, pull hair, trip or make physical contact out of anger with or without the intent of hurting or injuring another.

- **Participants** - Unless a student is making a serious effort to walk away or diffuse the situation, or does not retaliate to the aggression, then all students involved will have deemed by their actions to have mutually consented to being a willful participant in the fight and will have to adhere to the consequences of their actions.

- **Physical Assault** - Engaging in physical violation as described above where one person, intentionally or unintentionally, attacks another person and the other person (victim) does not retaliate (strike back). Fights and assaults are illegal activities anywhere in school or on the property of school or while under the jurisdiction of the school. Jurisdiction includes the school day and any school activity.
Policy JFCA

STUDENT DRESS CODE

The Board authorizes the Superintendent to develop a dress code policy that is aligned to the District’s mission statement and belief statements. The dress code policy shall be created in order to improve the overall climate of the school buildings. Specifically, the dress code policy shall promote discipline, maintain order, secure the safety of students and provide a healthy environment conducive to academic purposes.

The Superintendent may take specific actions regarding the formation and implementation of the dress code including, but not limited to:

1. authorizing the principal to mediate, arbitrate and/or make final decisions regarding any dress code issue in his/her building;

2. inviting the participation of staff, parents, and/or students in the preparation of the dress code which may specify prescribed dress and grooming practices;

Athletic Teams/Curricular Performance Classes
Athletic teams and curricular performance classes such as bands, orchestras and choirs foster and promote the qualities of cooperation and teamwork that are a unique part of the educational process for participating students. The success of a team or curricular performance class may be dependent upon its members’ individual sacrifice and devotion to a common purpose. For these reasons, athletic coaches and teachers/directors of curricular performance classes may set additional dress restrictions for their particular students/team members provided the restrictions are designed to prevent substantial and material disruption to or direct interference with, the above-referenced qualities or are intended to protect the health and welfare of their students.

Band/Orchestra Performance
The directors of Fremont Ross High School Music or High School Administrators may set appearance restrictions as they deem necessary in the development of the decorum of their music activity.

- No visible color - including but not limited to make-up, lipstick, fingernail polish, paint, magic marker, glitter, tattoos, crayon, no unnatural hair color, etc.
- No visible jewelry - rings on fingers, chains, bracelets on wrists or ankles, necklaces, etc. Wristwatches are acceptable.
- No visible body piercing - including but not limited to earrings, nose rings, cheek pins, eyebrow rings, etc. Gold and metal studs (only) are acceptable. Failure to comply may result in denial of participation.

Enforcement Guidelines
The principal and/or the assistant principal(s) will be responsible for the enforcement of the guidelines for school dress. Students violating these guidelines may be subject to disciplinary action pursuant to the Student Code of Conduct. At the discretion of the principal or assistant principal, students in curricular performance classes who violate additional dress code restrictions imposed by the teacher/director may also be subject to disciplinary action pursuant to the Student Code of Conduct.

Student athletes who violate additional dress restrictions imposed by the coach/athletic director may be denied privileges of team membership, including but not limited to, the privilege of participating in team practices or competitions. All dress restrictions additional to the district-wide
“Guidelines for School Dress” must be reviewed and approved in advance by the principal (performances classes) and athletic director (athletic teams) and presented in writing to the students prior to the student’s/athlete’s participation in the performance class/sport.

**Laboratory Classrooms**

Within their classrooms, teachers of laboratory courses will be responsible for enforcing additional dress restrictions that may be necessary for the health and safety of students participating in laboratory activities. Examples of such restrictions include, but are not limited to hair nets, goggles and protective aprons.

**INCLEMENT WEATHER POLICY FOR DISCIPLINE ACTIONS**

When school is closed for inclement weather, District scheduled day off or for any other emergency, a student’s detention or suspension (OSS/ISA) will be postponed until the next day school is in session.

PROHIBITION FROM EXTRACURRICULAR ACTIVITIES

Participation in extracurricular activities, including interscholastic sports, is a privilege and not a right. Therefore, the Board of Education authorizes the Superintendent, principals and assistant principals and other authorized personnel employed by the district to supervise or coach a student activity program, to prohibit the student from participating in any particular or all extracurricular activities of the district for offenses or violations of the Student Code of Conduct. All students participating in extra-curricular activities will be subject to the Fremont City Schools Drug Testing Policy. Please see full policy on page 64.

In addition, student athletes are further subject to the Athletic Code of Conduct and may be prohibited from participating in all or part of any interscholastic sport for violations therein.

Students prohibited from participation in all or part of any extracurricular activity are not entitled to further notice, hearing or appeal rights.

EXTRACURRICULAR ACTIVITIES CO-CURRICULAR ACTIVITIES (Policy IGDK)

The Board of Education believes that the goals and objects of this district are best achieved by a variety of learning experiences, including those that are not conducted in a regular classroom, but are directly related to the curriculum.

The purpose of curricular-related activities shall be to enable students to explore a wider range of individual interest than may be available in the district’s courses of study, but are still directly related to accomplishing the educational outcomes for students as adopted by the Board in Policy IGDK.

The Board of Education has established the criteria for co-curricular and extracurricular activities consistent with its philosophy of and goals for education. All activity programs must meet these criteria:

A. Student activities must have educational value for students.
B. Student activities must be in balance with other curricular offerings in the schools and be supportive of and not in conjunction with the academic program.
C. Student activities must be managed in a professional manner.

Students shall be fully informed of the extra-curricular related and co-curricular activities available to them. Students will be further informed that participation in these activities is a privilege and not a right, and that they may be prohibited from all or part of their participation in such activities by authorized school personnel.

The advisor/teacher will provide a copy of the eligibility criteria to all students interested in participating in that specific activity. Based on this commitment and in recognition of the need for eligibility guidelines which will be as fair as possible to all students, the Fremont City Board of Education hereby establishes the following purpose, objectives, standards and definitions for student activities.

Such activities, along with extracurricular activities (not directly related to course of study) may be conducted on or off school premises by clubs, associations, and organizations of students sponsored by the Board and directed by a staff advisor.

All students participating in extra-curricular activity or co-curricular activity will be subject to the Fremont City Schools Drug Testing Policy.
Extracurricular activities and athletics are an important part of Ross High School. There are numerous clubs and activities open to students. Most clubs and organizations meet after school or in the evenings. In order to be recognized as an official school group, the advisor must certify at least fifteen (15) members by October 1st of a given school year. Therefore, not all activities achieve active status each year. We find that students who become involved with one or more activities are happier throughout their high school years than those who do not participate. Listen to morning announcements for information about meeting dates and times or contact the club advisor.

Fremont Ross offers a wide variety of extracurricular activities for all students. Student trainers, statisticians and managers are also included as part of the athletic program. Other extracurricular activities include, but not limited to:

NATIONAL HONOR SOCIETY SELECTION GUIDELINES

Membership selection for the Fremont Ross Chapter of the National Honor Society is based equally upon the following four criteria:

**Scholarship**  
Scholarship refers to the student’s cumulative grade point average beginning with the first semester of the freshman year. The minimum GPA requirement for consideration is a 3.5 based on a 4.0 scale.

**Leadership**  
Leadership qualities are determined by the student’s roles both inside and outside of school using the number of offices held as reported by the student as well as faculty input on their leadership abilities. Leadership is more than being a member of a club or organization.

**Character**  
Character is judged using input from the entire Ross faculty. Character can be loosely defined by the following attributes: respect, responsibility, trustworthiness, fairness, caring, and citizenship. At Ross, your character reflects how you behave in class, treat your teachers and perform while representing the school, and how you act when not in school.

**Community Service**  
Community service is defined as any actions undertaken by a student which are done with or on behalf of others without any direct financial or material compensation in or out of school. A list of possible community service projects is available upon request from the NHS advisor at Ross.

A five member faculty council will review all applications including each student’s attendance data and discipline file and teacher comments regarding interactions with the student in order to determine the eligibility for induction to the National Honor Society. The faculty council will weigh all of the information submitted and will determine the final decision. The faculty council’s decisions are not subject to appeal.

BUS SAFETY RULES AND REGULATIONS FOR ALL STUDENTS

In order to ensure the safety of all students who ride the school bus, it is necessary to have regulations regarding the conduct of bus riders. Anything which distracts the attention of the bus driver endangers the lives of all students on the bus. Parents should assume some responsibility for getting the student to the correct stop and assisting in crossing the streets. The bus is a classroom on wheels and the driver must be respected as a teacher.

The following rules will be respected by all PreK-12 students whether it is for daily riding, athletic events, and/or educational trips.

1. The Student Code of Conduct is in effect at all times. Students shall abide by all sections of the Student Code of Conduct while waiting for the bus, on the bus, and during loading and unloading.
2. Students must get on and off the bus at the assigned pickup and drop off locations. Written parental permission is necessary for a student to get on or off a bus other than at the regular stop. Building principals may issue bus passes for the purpose in advance. (see below)
3. Students shall arrive at the bus stop at least five (5) minutes before the bus is scheduled to arrive.
4. Students must wait in a location clear of traffic and away from the bus stop.
5. Student’s behavior on bus or at school bus stop must not threaten life, limb, or property of individual.
6. Students must go directly to an available/assigned seat and remain seated, keeping aisles and exits clear.
7. Students must observe classroom conduct and obey driver promptly and respectfully.
8. Students must not use profane language.
9. Students must not eat or drink on the bus except as required for medical reasons.
10. Students must not chew gum on the bus.
11. Students must not use tobacco on the bus. Tobacco includes, but is not limited to, cigarettes, cigars, pipe tobacco, chewing tobacco, snuff, and other substitute forms of cigarettes.
12. Students must not have alcohol or drugs in their possession on the bus except for prescription medication required for a student.
13. Students must not throw or pass objects on, from, or into the bus.
14. Students may carry on the bus only objects that can be held securely in their laps.
15. Students misbehaving on the bus should be reported to the bus driver and/or building principal.
16. Students must not put their head or arms out of the bus windows.
17. Students must not bring animals, firearms, ammunition, weapons, explosives, glass containers or other dangerous materials or objects on the school bus.
18. Students will not experiment or tamper with the bus or any of its equipment and will treat the bus equipment as fine furniture should be treated in the home.
19. Students will assist in keeping the bus safe and sanitary at all times.
20. Students may expect to lose the privilege of riding on the bus if he/she finds it impossible to behave in accordance with the School Bus Conduct Agreement.
21. Students will not exit the emergency door in a non-emergency situation

Failure of a student to follow these regulations may result in his/her forfeiting the right of transportation on District managed transportation.
Discipline
The Board authorizes the Superintendent or other administrators to suspend a student from transportation privileges only for a period of up to one school year. The only due process required is notice to the student of an intended bus riding suspension and an opportunity to appear before the administrator considering the suspension before it happens. The administrator’s decision is final.

When discipline problems with individual students arise, use the following guidelines.

1. If possible, the driver should resolve the problem.
2. When the driver is unable to resolve the problem, he/she should report it to the transportation supervisor. The transportation supervisor and driver, if necessary, confer with the principal. Any discipline is imposed by the principal of the school.
3. Problems that cannot be resolved by measures specific above are referred to the Superintendent/designee.

Student Bus Passes
Written parental permission is necessary for a student to get on or off a bus that is not originally assigned to them.

1. Students must drop off a written note from their parent/guardian to the main office secretary. The note should specify the student’s name, date, and the address of the location the student needs to be dropped off during the afternoon or picked up in the morning.
2. The main office secretary will call home to confirm the bus pass request. If a parent cannot be reached, the bus pass request will be denied.
3. The main office secretary will complete the bus pass and send the approved bus pass to the student by 1:00 p.m.
4. Parent phone calls requesting bus passes for their student on the day of the location change for transportation will only be accepted if approved by the appropriate principal.

Daycare
Fremont City School District students who meet the following criteria will be eligible for transportation owned by the District:

1. Professional Daycare (Child Care Center) – Students in grades K-8 who attend any public/parochial school and who are registered with any approved professional daycare center located in the Fremont City School District.
2. Private Daycare (Type A and B Home) – Students in grades K-8 who attend any public/parochial school and are registered with any approved private daycare. Criteria for approved daycare are as follows:
   a. Daycare address must be greater than two miles from the student’s school of attendance.
   b. If the student attends a public elementary, the daycare address must be located in the same elementary district.

Parent(s)/Guardian(s) of student requires daycare center complete a form accepting responsibility for supervision and welfare of student being transported before pick up and after being dropped at approved bus stop.
CAFETERIA

Students in grades 9-12 must eat in the cafeteria, regardless if they purchase a full lunch. There are no other rooms designated as lunchrooms. Faculty members are permitted to break into any line and be served immediately since many of them have additional duties to perform.

The following cafeteria rules are to be observed:

1. Students must be in campus wear in the cafeteria. No jackets, book bags, or coats are allowed in the cafeteria.
2. Students will sit at 4 top or 6 top tables. Students will not be allowed to move chairs to another table or combine tables.
3. Students must stay in line. No cutting or pushing is allowed.
4. Students will no longer be allowed to walk around the cafeteria to socialize. Students are only allowed to leave their table to dump their tray or use the restroom.
5. Students may be assigned a specific seat by any cafeteria supervisor for any student misconduct.
6. Students may be excused to use the restroom. Only two girls and two boys at a time will be allowed to go to their appropriate restrooms closest to the cafeteria. Food and drink are not to be consumed in the restroom.
7. Each student is responsible for his/her tray and service items. Return trays at designated areas.
8. Food from non-school sources, other than a regular packed lunch is prohibited. This includes pizza and other fast food items.

Students failing to follow these rules will be issued discipline. Parents/guardians and family members may come to join their student for lunch and are permitted to bring food from an outside vendor, but will be asked to enjoy their time in a designated area rather than the cafeteria.

HEAD LICE- (Policy JHCCA)
Head lice are a universal problem and are particularly prevalent among elementary school-age children. Control of lice infestation is best handled by adequate treatment of the infested person and his/her immediate household and other close personal contacts.
Communication from the school to parents directly and through parent and classroom education to the students will help increase the awareness for both parents and child. If a child is found to have lice, the child’s parent will be contacted to have the child treated.

**Treatment:** Treatment of head lice is the responsibility of the parent. The parent will be provided with a brochure that includes guidance and educational material concerning the epidemiology, treatment and follow-up procedures for the infestation and, if requested, will also be shown by the school nurse or health staff member the evidence of the child’s infestation. Parents are to treat the child with a lice-removal product at home, following exact directions. Students are not permitted to call their parents to pick them up at school for illness unless in the presence of school personnel. Fremont City Schools shall not be responsible for the diagnosis and treatment of student illness. The administration of prescribed medication and/or medically-prescribed treatments to a student during school hours will be permitted only when failure to do so would jeopardize the health of the student, the student would not be able to attend school if the medication or treatment were not made available during school hours, or if the child is disabled and requires medication to benefit from his/her educational program.

“Medication” shall include all medicines including those prescribed by a licensed health professional authorized to prescribe drugs and any non-prescribed (over-the-counter) drugs, preparations, and/or remedies.

STUDENT ILLNESS
Please inform us if your child has a history of heart condition, epilepsy, diabetes, any abnormality, or serious illness. This will enable us to keep the health records up-to-date and be prepared to care for your child should an emergency arise.

Please check your child for signs of illness before sending him/her to school. Your child should remain at home if any signs of illness, such as fever, vomiting, etc., are present. Ultimately, the care of sick children is not the responsibility of the school.

Children who become ill at school can be better cared for at home by their parents. The school will release sick children only to the child’s custodial parent or a person identified by the custodial parent.

Therefore, parents are responsible for providing the school with work phone numbers or information about where the parent can be reached during the day and updating this information throughout the year. The Board hereby implements a drug testing program. The purpose of the drug testing program is as follow:

1. Provide for the health, safety and general well-being of students.
2. Encourage students to remain drug free and provide a legitimate reason for students to refuse drugs.
3. Encourage students who use drugs to participate in drug treatment programs.

This policy applies to all student athletes, all students participating in extracurricular/cocurricular activities and all students driving to school and parking on school property in grades nine-12.

The drug testing program does not affect the current policies, practices or rights of the District regarding student drug possession or use where reasonable suspicion is established by means other than drug testing through this policy. The drug testing policy is non-disciplinary; thus, no student will be suspended or expelled from school as a result of any certified “positive” test conducted by his/her school under this program.

Additionally, no student will be penalized academically for testing positive for banned substances. The results of a drug test will not be documented in any student’s academic record. Information regarding the results of drug tests will not be disclosed to criminal or juvenile authorities, absent legal compulsion by valid and binding subpoena or other legal process which the Fremont City School Board of Education will not solicit. All students and parents/guardians/custodians must sign an “Informed Consent Agreement” for drug testing in order to be eligible to participate in athletics, extracurricular/cocurricular activities and/or drive to school and park on school property.

Random testing may be done throughout the season (including summer months) and/or school year. In the event of a non-negative result, the specimen will be sent to a laboratory and a certified Medical Review Officer will verify the results.

A. **Random selection of students**: The drug testing company will utilize a random number generator to select students for testing. Students may be tested more than once per season and/or school year.

B. **Scheduling random testing**: Random testing will be unannounced. The drug testing date and times will be selected by the principal/designee. The frequency and percentage of students tested each time will be determined by the principal/designee.
Group Testing

1. At the beginning of a season and/or school year, all eligible students in a particular group (groups include athletics, extracurricular/cocurricular and drivers) may be required to take a drug test. The collection process will take place on school property or at the Board of Education-approved testing facility. The head coach or adviser/instructor for each extracurricular/cocurricular activity and principal/designee are responsible for ensuring that all student athletes, students participating in extracurricular/cocurricular activities, student drivers parking on school property and their parents/guardians/custodians properly sign the “Informed Consent Agreement” for drug testing. 3. “Opt In” Student Drug Testing Program

Parents/guardians/custodians that have students not involved in athletics, extracurricular/cocurricular activities and/or parking privileges may have their students participate in the drug testing program at the expense of the District. Interested parents/guardians/custodians should contact the principal/designee for additional information.

This definition also includes all prescribed and over-the-counter drugs being used in any way other than for medical purposes in accordance with the directions for use provided for in the prescription or by the manufacturer.

Refusal to Test

Refusal to submit to a random or reasonable suspicion test will constitute a violation of the drug testing policy and will be treated as a positive test result.

Failure to Appear

Students who fail to appear to the testing site after having received a pass will be considered in violation of the drug testing policy and will be treated as a positive test result.
Collection Process

The following procedures will occur after students report to the collection site:

1. All students must have a picture ID or be identified by the principal/designee. No exceptions will be allowed.

2. The testing area must be secured during testing.

3. Only lab technicians, students and designated school personnel will be present for the testing as privacy must be maintained for all students.

4. The principal/designee is responsible for ensuring that all of the required forms have been completed and signed by parents/guardians/custodians and students. No student is to enter the collection site until forms are completed and student identification has been made by the principal/designee.

5. No bags, backpacks, purses, containers or drinks will be allowed to enter the collection area. All extra coats, vests, jackets, sweaters, etc., must be removed before entering the collection site. Any infringement of the rules will result in the student taking the test again.

6. When students arrive at the collection site and cannot give a sample, they will be asked to drink water or juice provided by the principal/designee.

7. Students processed by the lab technicians who cannot produce a sample will be kept in a secured area to wait until they can test. After a reasonable amount of time if the students are still unable to provide a urine specimen, the district, in conjunction with the testing agency, will perform an alternative method of testing. If they leave this area, they will not be allowed to test and this will be considered a refusal.

8. The lab technician will add a dye to the toilet.

9. Students will be asked to urinate directly into the collection cup given to them by the lab technician. The lab technician will stand outside the stall/restroom.

10. If any adulteration of the specimen is detected, it will be considered a violation of the drug testing policy and the student will receive consequences as outlined in the policy. (The lab checks every sample for adulteration, such as additives that a student might drink or add to urine to change the sample.) They are not called positives but have the same consequences.

11. Any suspicion of tampering with the sample will be brought to the tester’s attention. The sample will be sent to the lab for immediate confirmation of tampering.
12. The sample must be taken in one attempt and be at least 30 ml in size. The student must return the cup to the lab technician.

13. Students are not to flush the toilets or urinals. In the event that a student flushes the toilet, he/she will be required to give a new sample immediately or the sample will be invalid.

14. The specimen will be checked by the lab technicians at the time of testing using a rapid screen panel. Any “non-negatives” will be placed in a transport bag and sent to a laboratory and a certified Medical Review Officer will determine the results.

15. This collection procedure is subject to change because of procedural requirements by the testing agency. The Board reserves the right to change the collection procedure to coincide with the testing guidelines set forth by the testing agency.

**Procedures in the Event of a Positive Test**

1. The Medical Review Officer will review all “non-negatives” or suspected adulterations.

2. Depending upon the substances found in the urine specimen, the parent/guardian/custodian will be contacted to determine if the student is taking any prescribed medication from a physician.

3. If the student is taking medication, the parent/guardian/custodian will be asked to obtain a letter within five school days from the prescribing physician verifying the medication. Failure to provide such requested information will be considered a positive result.

4. The Medical Review Officer will then determine if any of the prescribed medications resulted in a positive drug screen.

5. The Medical Review Officer may use quantitative results to determine if positive results on repeat testing indicate recent use of illicit or banned substances or the natural decline of levels of illicit or banned substances from the body. If the Medical Review Officer believes the quantitative levels determined to be above the established cutoffs do not reflect current use but natural decay, then a negative result may be reported.

6. Finally, the Medical Review Officer, based upon the information given, will certify the drug test results as positive or negative. Positive results will be reported to the principal/designee by telephone.

7. The principal/designee, within one school day of receiving the test results from the drug testing company, will attempt to notify the parent/guardian/custodian (first and preferably by telephone) of the positive results. Once the parent/guardian/custodian is notified, the student will then be informed of the positive results. The principal/designee will then provide a written notification to the parent/guardian/custodian via U.S. mail.
8. If the parent/guardian/custodian or student wishes to contest the results, the drug testing company will arrange for a retest of the specimen to be submitted to either the same laboratory or a different laboratory (if requested by the parent/guardian/custodian) and approved by the principal/designee. The parent/guardian/custodian must pay for this expense. Such a request must be made to the principal/designee in writing within five school days from the first notification of the positive test results.

* Note: Consequences for violations of the Drug Testing Policy are immediate, unless specified otherwise in this policy, and cannot be delayed due to the contesting of drug testing results.

**Self-Referral**

A self-referral occurs when a student asks a coach, adviser, director, counselor, administrator or other school personnel for help and an assessment prior to any known violations of this policy. A second method of self-referral occurs when a coach, adviser, director, counselor, administrator or other school personnel confronts a student about a possible drug violation (i.e., the student has not been reported to a coach, adviser, director, counselor, administrator or other school personnel by an eyewitness) and the student admits to the violation. A self-referral will not be subject to any disciplinary action provided that:

1. The student completes a drug assessment and counseling program and verification is provided to the principal/designee. The counselor and/or agency must be certified by the Ohio Department of Health or the Ohio Department of Alcohol and Drug Addiction Services. Parents/guardians/custodians must pay for this expense.

2. The student agrees to submit to five follow-up drug tests within six months at the District’s expense. The testing dates will be determined by the principal/designee and testing will be completed by the District’s drug testing company. If the student tests positive during the follow-up drug tests, the student will be subject to first-time offense consequences.

A self-referral will become a first offense and subject to consequences if:

1. a law enforcement agency is involved in the investigation of a potential violation or either formal or informal charges have been filed before the student attempted to self-refer or

2. evidence of a violation is known by any staff member before the student attempted to self-refer. A self-referral may be used only once during the nine-12 academic career of a student and may not be used after the student becomes a first offender.
Consequences for Violations of the Drug Testing Policy

1. First Violation

   A. The student will make an appointment with a chemical dependency counselor for drug assessment and then follow the recommendations of the counselor. The counselor and/or agency must be certified by the Ohio Department of Health or the Ohio Department of Alcohol and Drug Addiction Services. Parents/guardians/custodians must pay for this expense.

   B. The student will be denied 20% of participation athletics, extracurricular/cocurricular activities and driving/parking privileges. For example:

      Athletics: The student will be denied participation of the current season, with any remaining percentage of the denial of participation applied to the next season of participation if needed. Note: The student may continue to practice with the team and sit with the team during home contests only. The student may not wear a team uniform during this denial of participation.

      Extracurricular/Cocurricular Activities: The student will be denied participation in 20% or 36 school days of all extracurricular/cocurricular activities, with any remaining percentage/days of the denial of participation applied to the next season of participation if needed. Note: The student may not attend club meetings and/or participate in off-campus trips or special events.
