

Fremont City Schools
PROGRAM OF REQUIREMENTS (POR) MEETING
Monday, February 02, 2009
8:30 a.m.

Attending:

Dr. Traci McCaudy
Dave Chambers
Art Bucci
Tim Cullen

Jim Fails
Janet Myles
Christine Opelt
Cheryl Schell

Curt South
Dr. Kim Theller
Tony Walker

Agenda:

1. Review
2. Stage size & location
3. Cafeteria size
4. Gymnasium size
5. Art Rooms
6. Music Rooms

Discussion:

1. Tony provided information on current class sizes and square footage of music areas.

Avg 7/8 class size: 50 band; 180 choir; 1190 SF choir; 3192 SF band; 2130 SF stage;
860 SF risers

The decision was made to consider the option of adding the stage to the cafeteria, with the additional allowable SF added to the stage to insure stage is large enough for use (original 1200 SF increased to 1800 SF)

Cafeteria seating OSFC 450; approx 655 needed. Audience size could drop if split performances are considered

Question as to whether we can add to cafeteria size; this can be looked at in the design phase upon POR completion

Gym & Related Spaces

Art reviewed information from recent building visits; gym at 8500 SF would allow 2 teaching court areas with curtain, 1 84x50 regulation court and 325 seating capacity (bleachers on both sides); 72 lockers in each lockers room, office in each locker room, multi-purpose storage (tickets/concession)
