## Croghan students learning teamwork

*Submitted by Fremont City Schools*

Each Thursday after school, Croghan Elementary School has a workshop for students to engage in activities which will teach them how to get along with others and work together on many tasks.

These activities are fun and exciting for all age groups and require no special equipment or skills.

Only a great attitude and friends are required to be a part of the awesome adventure.

The teamwork class will also have a martial arts lesson each week to help develop self-confidence, better concentration skills and leadership skills students need to succeed.

The program is taught by Nate Frasure, behavior interventionist and police academy graduate.
