Foundation raises \$13K for Ross, St. Joe athletics

News-Messenger reports

Roger W. Hafford, member of the Fremont Area Foundation, announced today that more than \$13,000 was raised this summer through beer sales at the Fremont Motorsports Park.

The Fremont Motorsports Park co-owner, Rich Farmer, indicated his desire to have proceeds go to local youth activities and chose the Fremont Area Foundation to accomplish his goal.

Hafford said the \$13,000 will be split between St. Joe and Ross athletic teams. Hafford also expressed his thanks to the Fremont Motorsports Park and hopes this partnership will continue in the future.

"It will take an on-going effort by both these schools in order to further their sports programs and encourage the participation of the youth in Sandusky County. An extra \$13,000 a year allows Ross and St. Joe coaches greater flexibility to promote and better their sports programs," Hafford said.
