RE: Kindergarten Screening

Kindergarten registration is scheduled for May at each of the elementary schools. If a child will be 5 years old on or before August 1, 2009, he or she is eligible to start Kindergarten during the 2009-2010 school year.

At the time of registration, parents must bring a copy of the child's birth certificate, immunization record, proof of residency and any custody papers, if applicable. All Kindergarten children are required to have the varicella (chicken pox) immunization prior to entering school in the fall.

Parents should call their school attendance area for an appointment for screening that both parent and child attend. This screening will last approximately 1 ½ hours.

Please call the Office of Curriculum, Assessment and Staff Development if you have any questions, 419-334-5441.

The schedule is as follows:
