## Students celebrate 100 days of school

*Submitted story*

FREMONT -- In celebration of the 100th day of school Otis Elementary students made Heavenly Hash.

The snack consisted of ten different types of food. By following the picture of the food at the bottom of a graph, they counted ten of each different food items and placed them in the correct column, above the picture. When they were finished they had ten pieces of each of the different snacks, totaling 100.

Students also made ten strips of stars for the hats they wore. They then put ten colorful stars on each black strip so they had a total of 100 stars on their hats for the 100th day of school.
