ROSS HIGH SCHOOL

August/September, 2021

Dear Parents/Guardians:

Welcome to the 2021-2022 school year! After the difficulties presented last school year, we look forward to as normal of a year as possible. We also look forward to the transition to the new Ross High School for the second semester of the school year. While it will be sad to say goodbye to the current building, we are overjoyed the community has blessed us with such a beautiful facility.

As we enter into the new school year, there remains uncertainties with the Delta variant of the COVID-19 virus. Ross High School and the district are committed to providing your student with a safe environment to get their education. We will retain some of our practices from last year in order to better protect your child from exposure to germs. Our custodial staff will continue to disinfect classroom and hallway surfaces frequently. We will also continue our practice of not issuing lockers and having students carry their belongings to class. This helps expedite the transition from one period to the next, limiting student exposure to congested areas. Families are reminded that students who present with symptoms of being sick will be sent home for the safety of those around them. If your child has a fever, please keep them home until they are fever free.

The daily schedule has been altered to have a 10 period day, instead of a 12 period day. This will allow our classes to be 52 minutes for each course. This will allow our students more time for a deeper exploration of the concepts being addressed in class. It is important that all families understand that the change in the master schedule will reduce our lunches from four different periods to three. This will increase the number of students per lunch period. An alternative lunch space will be provided for students should seating in the cafeteria become limited. This is an inconvenience, but it will be short-lived. Upon our transition to the new building, plenty of space and seating will be available for our students.

All students at Ross High School will be issued a Chromebook as we embrace moving into a 1:1 technology initiative. Information regarding laptop rollout will be found in this newsletter. Freshman will receive their computers on their first day of school, August 30. It is critical that students bring a charged laptop to school on a daily basis. Many of their textbooks will be online and each teacher will have a Google classroom created for their subject. All Ross families are encouraged to check their email daily for important school information.

We have a number of staff changes to announce for the upcoming year. Michelle Lajti has joined the Ross staff from Fremont Middle School to teach Physics and Chemistry. Joining Michelle in coming from FMS is Samuel Berlekamp who will be a band instructor at Ross. We welcome Alexis Gedeon home to teach Government and Economics after teaching social studies at Fostoria HS. A Ross grad, Alexis is excited to return and give back to the students at Ross. Jen Long comes to Ross after teaching in Tiffin. Mrs. Long will be teaching Social Studies and Computer Science at Ross. Ms. Sherri Henkel joins the Ross staff after being on assignment in the district office. Ms. Henkel will be teaching Geometry and Algebra I.

This year will present a new beginning for Ross High School and our community as we move to the new building. This will cause challenges but the faculty, staff, and administration at Ross stand ready to meet these challenges head on. We look forward to an exciting year of challenging your student and helping them meet their educational goals.

Welcome to Freshman Year at Fremont Ross High School - CLASS OF 2025

We are very excited to welcome the class of 2024 to Fremont Ross High School. Your child has begun this first step towards graduation, and it is important to realize that , beginning this year, all classes taken will count toward the credits needed to graduate, and will be factored into your child's cumulative GPA. All students attending classes at Ross will be issued a Chromebook and carrying case to aid in their academic pursuits. The following will detail the schedule and procedure laptop distribution:

Grade Level(s):	Dates:	Times:
12 or LGVA learners	August 26, 2021	9AM-2PM
10-11 or LGVA learners	August 27, 2021	9AM-2PM
10-12 or LGVA learners	August 30, 2021	10:00AM- 3:00PM
All on-campus, 9th grade students will receive their device on the first day of school- August 30, 2021		

Distribution Procedure

Upon entering through the main doors at Ross:

1. Check in at the FinalForms table to verify your forms have been completed and submitted. A staff member will be at a labeled table in the main hallway. **No device will be issued without FinalForms being completed and submitted by both the parent and the student.** A limited number of devices will be set up to allow families the opportunity to complete their FinalForms on site. It is strongly recommended you do this before the distribution dates in order to expedite the process.
2. After verifying FinalForms are complete, proceed to the Ross library, entering the first set of doors. Enter into the appropriate alphabetical line. A-J, K-R, S-Z. At this time you will receive your district-issued carrying case and identification card. Place the ID card where instructed.
3. Move to the next queue and wait for a representative to call you forward. The computer will be scanned into the system and your device will be placed in the protective case. Please note – All students must use the district provided case. Students are not permitted to purchase their own case and use that instead.
4. Students will then step to the last station where they will log into their device and log into ProgressBook. This is where they will get their schedule for the year. No paper schedules will be issued. This step in the process will also allow us to verify that each device is operational prior to exiting the building.

Important Information

1. All students will be charged \$20 for their device. This amount will be placed on student fees and must be paid. This fee does not qualify for fee waivers. Families who would like to pay their fee at the time of distribution should stop at the finance office after receiving their device.
2. Students are responsible for transporting their charged device to and from school on a daily basis.
3. All acceptable use policies, as established by Fremont City Schools, apply.
4. Students who willfully damage a device will be charged the full amount of the repair.
5. All devices have one accidental damage waiver. This means should an accident occur, the device can be submitted for repair for no cost to families. This is permitted ONE TIME PER CALENDAR YEAR

Watch your e-mail for additional information and FAQ regarding the computers

CALCULATOR POLICY – ROSS HIGH SCHOOL

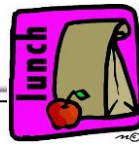

Due to the mandated Ohio state testing, it is necessary that all students have the appropriate calculator for the course they are enrolled.

Students enrolling in Algebra II, Statistics, Trigonometry, Pre-Calculus, and AP Calculus are required to purchase a TI 83, TI 83 Plus, TI 84, or TI 84 Plus graphing calculator. This will be the only calculator most students will need through their high school and college career. Calculators may be purchased at many stores around Fremont. The Math Department encourages parents to have their student pay for all or part of their own calculator.

Students enrolled in Algebra II or higher may be loaned one for the year. A Calculator Loan Contract requiring the student and a parent signature needs to be filled out and returned to the math teacher. That teacher turns the contract over to the office for verification of qualification and an administrator's signature. The student will then be given a TI 83 Plus calculator to use for the year. After the final exam, the student must return the calculator to the math teacher. If it is not returned, the cost of the calculator is added to school fees.

Students enrolling in Algebra I or Geometry are encouraged, but not required, to purchase a TI 83, TI 83 Plus, TI 84, or TI 84 Plus graphing calculator to become more familiar with its functions and use. Students enrolled in these course are required to have a TI 30 calculator for basic computations.

If you have any questions please feel free to contact the Ross High School Main Office at 419-332-8221.

From the Child Nutrition Department

All students may receive a free breakfast and lunch throughout the 2021-2022 school year. In order to receive the meals for free, students must take all components required by USDA. A la carte items may be purchased separately. Parents are still encouraged to apply on-line for free/reduced lunches at www.lunchapp.com for the 2021-2022 school year, as meal status may be used to determine eligibility for other benefits such as fee waivers. No cash will be accepted in the school cafeterias, but you may make payments via cash, check or credit/debit card (by phone or in person) at the Ross Finance office or pay in advance online at www.sendmoneytoschool.com.

Students with documented food allergies or meal needs are required to have a physician's note on file with the school in order for accommodations to be arranged. If you have any questions regarding school meals please forward them to ruscht@fremontschools.net.

ACE MENTORING

ACE (Assisting Children to Excel) Mentoring Program is a school based mentoring program at Ross High School for students in grades 9 –12 and at Fremont Middle School for grades 6-8 that provides career guidance and supportive services to participating students. Students and mentors are matched based on their career or similar interests. Our community mentors represent many careers and backgrounds and meet with their students at Ross High School and Fremont Middle School weekly during the school day virtually this year.

Parent permission is required for a student to participate in ACE and to have a mentor. All mentors are required to complete an application and pass an FBI and BCI background check.

Research shows that mentoring relationships help students acquire additional confidence, learn new skills, and increase their grades and attendance. ACE Mentoring Program within Fremont City Schools has been successful in meeting these goals.

Funding for ACE Mentoring Program is provided by the United Way of Sandusky County and there is no cost for students to participate.

For more information, contact: Mrs. Susan Frye, e-mail at fryes@fremontschools.net or office: at 419.334.5484.

LITTLE GIANT ATHLETIC DEPARTMENT

Last year the Fremont Athletic Department transitioned over to E-ticketing as a way to help manage capacity restrictions. After having experienced the ease and convenience e-ticketing provides to both the consumer as well as our school district, we have decided to proceed with e-ticketing for the foreseeable future.

This year we will NO LONGER be selling tickets at the gate – all tickets will need to be purchased through our digital box office. To purchase tickets visit our website – www.littlegiantathletics.com. From the drop down menu – select PURCHASE TICKETS. Once you have selected the event you want to attend and the number of tickets you would like to purchase, finalize your transaction by simply checking out. After you have completed your transaction a confirmation email along with your digital ticket will be sent to you immediately. The digital ticket can either be downloaded to a smart device or printed off and presented to the ticket scanners working our events. Tickets for athletic contests will go on sale one week prior to the date of the event. Should you have any questions or need assistance with a purchase, please contact the Ross Athletic Department at 419.334.5424.

Senior Citizen Passes – Fremont City Schools provides its senior citizens age 65 and older the opportunity to attend all school related programs, including athletic events, free of charge. In the past senior citizens were required to obtain a senior citizen pass from our district office. As we transition to digital ticketing, senior citizens will now be required to obtain a digital pass. Senior citizens will need to obtain their complimentary passes by stopping by the Ross Athletic Department during normal business hours (M-F 7:00 am until 3:00 pm). Proof of residency and age are required before senior citizen passes will be issued.
