REPORT OF INDEPENDENT ACCOUNTANTS

Fremont City School District
Sandusky County
1220 Cedar Street, Suite A
Fremont, OH 43420

To the Board of Education:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Fremont City School District, Sandusky County, Ohio, (the District), as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Fremont City School District, Sandusky County, Ohio, as of June 30, 2010, and the respective changes in financial position and cash flows, thereof and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 28, 2011 on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

The management's discussion and analysis is not a required part of the basic financial statements, but is supplementary information the Governmental Accounting Standards Board requires. We have applied certain limited procedures, which consisted principally on inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Fremont City School District's basic financial statements. The accompanying schedule of federal awards expenditures is presented for the purposes of additional analysis as required by *U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

*Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2010
Unaudited*

The discussion and analysis of Fremont City School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2010. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the School District's financial performance.

Highlights

Highlights for fiscal year 2010 are as follows:

- Net assets of governmental activities increased \$10,022,704 from 2009.
- General revenues accounted for \$36,658,293 in revenue or 72.7% of all revenues. Program specific revenues in the form of charges for services, operating grants, contributions and interest, and capital grants and contributions accounted for \$13,765,983 or 27.3% of total revenues of \$50,424,276.
- The School District had \$40,401,572 in expenses related to governmental activities; only \$13,765,983 of these expenses was offset by program specific charges for services, grants, contributions and interest. General revenues of \$36,658,293 were adequate to provide for these programs.
- At the end of the current fiscal year the governmental funds reported a combined ending fund balance of \$39,403,038, an increase of \$7,986,833 from the prior fiscal year.
- The School District issued \$9,627,559 in general obligation bonds for the purpose of capital improvements.

Using the Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand Fremont City School District as a financial whole, or as an entire operating entity.

The statement of net assets and the statement of activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances.

Fund financial statements provide a greater level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds, with all other non-major funds presented in total in a single column. For Fremont City School District, the general fund, debt service and the classroom facilities capital projects fund are the most significant funds.

**Fremont City School District
Sandusky County**

*Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2010
Unaudited*

Reporting the School District as a Whole

The statement of net assets and the statement of activities reflect how the School District did financially during fiscal year 2010. These statements include all assets and liabilities using the accrual basis of accounting similar to that, which is used by most private-sector companies. This basis of accounting considers all of the current fiscal year's revenues and expenses regardless of when cash is received or paid.

These statements report the School District's net assets and changes in those assets. This change in net assets is important because it tells the reader whether the financial position of the School District as a whole has increased or decreased from the prior fiscal year. Over time, these increases and/or decreases are one indicator of whether the financial position is improving or deteriorating. Causes for these changes may be the result of many factors, some financial, some not. Non-financial factors include the School District's property tax base, current property tax laws in Ohio restricting revenue growth, facility conditions, required educational programs, and other factors.

In the statement of net assets and the statement of activities, all of the School District's activities are presented as governmental activities. All of the School District's programs and services are reported here including instruction, support services, non-instructional services, and extracurricular activities.

Reporting the School District's Most Significant Funds

Fund financial statements provide detailed information about the School District's major funds. While the School District uses many funds to account for its financial transactions, the fund financial statements focus on the School District's most significant funds. The School District's major funds are the general fund and the classroom facilities fund.

Governmental Funds - Most of the School District's activities are reported in governmental funds, which focus on how monies flow into and out of the funds and the balances left at fiscal year end for spending in future periods. These funds are reported using modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund financial statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance educational programs.

Proprietary Funds - Proprietary funds have historically operated as enterprise and internal service funds using the same basis of accounting as business-type activities. The internal service fund accounts for self-insurance for health insurance coverage and is reported separately as the School District's only proprietary fund.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the School District. Fiduciary funds are not reflected on the government-wide financial statements because the resources from these funds are not available to support the School District's programs. These funds use the accrual basis of accounting.

The School District as a Whole

Table 1 provides a summary of the School District's net assets for fiscal year 2010 compared to fiscal year 2009.

**Table 1
Net Assets**

| | Governmental Activities <u>2010</u> | Governmental Activities <u>2009</u> |
|----------------------------------------------------|-------------------------------------------|-------------------------------------------|
| Assets: | | |
| Current and other assets | \$ 56,980,576 | \$ 48,549,135 |
| Capital assets, net | <u>15,791,504</u> | <u>15,230,772</u> |
| <i>Total assets, net</i> | <u><u>72,772,080</u></u> | <u><u>63,779,907</u></u> |
| Liabilities: | | |
| Current and other liabilities | 14,552,162 | 14,481,667 |
| Long-term liabilities | <u>22,236,410</u> | <u>23,337,436</u> |
| <i>Total liabilities</i> | <u><u>36,788,572</u></u> | <u><u>37,819,103</u></u> |
| Net Assets: | | |
| Invested in capital assets, net of related debt | 15,349,064 | 15,100,772 |
| Restricted | 14,310,496 | 6,005,281 |
| Unrestricted (deficit) | <u>6,323,948</u> | <u>4,854,751</u> |
| <i>Total net assets</i> | <u><u>\$ 35,983,508</u></u> | <u><u>\$ 25,960,804</u></u> |

Over time, net assets can serve as a useful indicator of a government's financial position. At June 30, 2010, the School District's assets exceeded liabilities by \$35,983,508.

Invested in capital assets, net of related debt reported on the government-wide statements represents a portion of the School District's total net assets. Capital assets include land and land improvements, buildings, equipment, vehicles and construction in progress used to provide services to students and are not available for future spending. Although the School District's investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

A portion of the School District's net assets, \$14,310,496, represents resources that are subject to external restrictions on how the funds may be used. Of the total restricted assets, \$7,475,118 or 52.2% is restricted for capital projects; \$903,675 or 6.3% is restricted for debt service payment; and \$5,931,703 or 41.5%, is restricted for other purposes. The remaining balance of government-wide unrestricted net assets of \$6,323,948 was sufficient to meet the government's ongoing obligations to students and staff.

Change in Net Assets

Governmental Activities - The School District has carefully planned its financial existence by forecasting its revenues and expenses over the next five years. The School District's revenue growth is mostly dependent upon property tax increases. Property taxes made up 24.3 percent of total revenues for governmental activities for the School District in fiscal year 2010. Although the School District relies heavily upon local property taxes to support its operations, the School District does actively solicit and receive additional grant and entitlement funds to help offset some operating cost.

The School District has an income tax which is also a critical revenue used to support operations. For 2010, this revenue amounted to 12.4 percent of total revenues.

Program revenues represented 27.3 percent of total revenues for fiscal year 2010. Program revenues generally represent tuition and fees, charges for extracurricular activities, and food service sales.

As stated previously, general revenues were 72.7 percent of total revenues for fiscal year 2010 and while general revenues decreased \$133,360 over the previous fiscal year, dependence on tax resources and unrestricted grants and entitlements, primarily State foundation resources, will continue to be the primary support for School District operations.

Program expenses for 2010 increased \$1,054,898 or 2.7 percent over 2009. The increase was attributed mainly to payments and accruals made for retirement incentive costs in prior years for the purpose of future savings.

The major program expenses for governmental activities are for instruction, which in 2010, accounted for 59.9 percent of all governmental expenses. Other programs which support the instruction process, including pupils support, instructional staff, and pupil transportation account for 14.1 percent of governmental expenses. Maintenance of the School District's facilities also represents a significant expense, of 7.8 percent.

Table 3 indicates the total cost of services and the net cost of services for governmental activities. The statement of activities reflects the cost of program services and the charges for services, grants, and contributions offsetting those services. The net cost of services identifies the cost of those services supported by tax revenues and unrestricted state entitlements.

| Central | 65,736 | 99,281 | (58,280) | (87,758) |
| Operation of non-instructional services | 2,138,458 | 2,053,170 | 152,512 | 87,730 |
| Extracurricular services | 829,533 | 858,260 | (529,753) | (541,302) |
| Interest and fiscal charges | 677,609 | 333,654 | (677,609) | (333,654) |
| <i>Total expenses</i> | \$ 40,401,572 | \$ 39,346,674 | \$ (26,635,589) | \$ (31,666,849) |

As noted earlier, the program costs for fiscal year 2010 are comparable to the prior fiscal year with a 2.7 percent increase and the amount of program revenues provided to off-set these expenses, which has also increased 79.2 percent.

The non-instructional services program received a significant amount of program revenue. The amount of program revenue exceeded the program expenses. These revenues consist of cafeteria sales and state and federal subsidies for cafeteria operations as well as State monies received by the School District on behalf of the four parochial schools within the School District's boundaries.

The School District's Funds

The School District's governmental funds are accounted for using the modified accrual basis of accounting. The School District's major funds are the general fund where revenues exceeded expenditures for the fiscal year, debt service fund used to account for the accumulation of resources and the payment of general obligation bond principal and interest and certain other long-term obligations from governmental resources when the government is obligated in some manner for the payment and the classroom facilities capital projects fund which account for all transactions related to building and equipping of classroom facilities.

| Total | <u>\$ 39,403,038</u> | <u>\$ 31,416,205</u> | <u>\$ 7,986,833</u> | |

The School District's general fund revenues decreased \$854,112 and expenditures increased \$98,757 from 2009. The most significant cause to these changes for revenues was a decrease of \$799,012 in tax revenue. Total expenditures increased mainly in the area of instruction and related services provided to students.

General Fund Budgeting Highlights

The School District's budget is prepared according to Ohio law and is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the general fund.

For the general fund, the final budget basis revenue and other financing sources estimate was \$33,809,273, which was lower than the original budget estimate of \$34,656,656. Most of this \$847,383 difference was due to budget estimates for property taxes and intergovernmental revenues. Actual revenue and other financing uses, however, were \$33,832,507 or \$23,234 more than anticipated.

The original expenditures and other financing uses estimate of \$35,164,232 was revised during the fiscal year to the final amount of \$35,174,720. Actual expenditures and other financing uses, however, were \$32,819,263 or \$2,355,457 less than anticipated. The decrease was due to lower than anticipated expenditures and management controls to reduce the expenditures.

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal year 2010, the School District had \$15,791,504 invested in various capitalized assets, net of depreciation. The table below shows fiscal year 2010 balances compared to fiscal year 2009.

**Table 6
Capital Assets, at Fiscal Year End
(Net of depreciation)**

| | <u>Governmental Activities</u> | |
|-----------------------------------|--------------------------------|----------------------|
| | <u>2010</u> | <u>2009</u> |
| Land | \$ 409,270 | \$ 409,270 |

Debt

The School District's outstanding debt at June 30, 2010, consisted of general obligation bonds (including unamortized bond premium and bond accretion), in the amount of \$18,670,408 and capital leases in the amount of \$14,394. The School District's long-term obligations also include compensated absences.

Table 6
Outstanding Debt and Capital Lease, at Fiscal Year End

| | Governmental Activities <u>2010</u> | Governmental Activities <u>2009</u> |
|--------------------------------|-------------------------------------------|-------------------------------------------|
| General obligation bonds | \$ 18,670,408 | \$ 9,430,861 |
| 2000 Energy conservation bonds | - | 130,000 |
| 2009 Bond anticipation notes | - | 9,500,000 |
| Capital leases | <u>14,394</u> | <u>-</u> |
| Total outstanding | <u>\$ 18,684,802</u> | <u>\$ 19,060,861</u> |

For further information regarding the School District's long-term obligations, refer to Note 13 to the basic financial statements.

Current Issues

The Fremont City School District has continued to maintain the highest standards of service to our students, parents and community. The School District is always presented with challenges and opportunities. Recent national events and their impact on the School District and the surrounding area are very much under review and analysis. Economic recession has yet to impact our primary industries, but that could be a seasonal phenomena resulting from our agricultural and housing industry strengths. The Board of Education and administration closely monitor its revenues and expenditures in accordance with its five year forecast.

The financial future of the School District is not without its challenges though. These challenges are internal and external in nature. The internal challenges will continue to exist, as the School District must rely heavily on local property taxes to fund its operations. Thus management must diligently plan expenses from this growth, staying carefully within its five-year forecast.

As a result of the challenges mentioned above, it is imperative that the School District's management continue to carefully and prudently plan to provide the resources required to meet student needs over the next several years.

*Reconciliation of Total Governmental Fund Balances to
 Net Assets of Governmental Activities*
 June 30, 2010

| | | |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|---------------|
| Total governmental fund balances | | \$ 39,403,038 |
| Amounts reported for governmental activities in the statement of net assets are different because: | | |
| Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. | | 15,791,504 |
| Other long-term assets that are not available to pay for current-period expenditures and therefore are deferred in the funds: | | |
| Property taxes | \$ 1,078,814 | |
| Payments in lieu of taxes | 20,339 | |
| Intergovernmental | 222,423 | |
| Charges for services | 68,974 | |
| | | 1,390,550 |
| Deferred charges are included in the governmental activities in the statement of net assets. | | 221,839 |
| In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. | | (188,202) |
| Long-term liabilities, including general obligation bonds and compensated absences are not due and payable in the current period and therefore are not reported in the funds: | | |
| General obligation bonds | \$ (17,795,000) | |
| Capital appreciation bonds | (449,868) | |
| Accretion on bonds | (49,874) | |
| Premium on bonds | (375,666) | |
| Compensated absences | (3,551,608) | |
| Capital leases | (14,394) | |
| Total | (22,236,410) | |
| An internal service fund is used by management to charge the cost of insurance to individual funds. The assets and liabilities of the internal service fund are included in governmental activities on the statement of net assets. | | 1,601,189 |
| Net assets of governmental activities | | \$ 35,983,508 |

See accompanying notes to the basic financial statements.

See accompanying notes to the basic financial statements.

Fremont City School District
*Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
For the Fiscal Year Ended June 30, 2010*

| | | |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|----------------------|
| Net change in fund balances - total governmental funds | | \$ 7,986,833 |
| Amounts reported for governmental activities in the statement of activities are different because: | | |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are: | | |
| Capital asset additions | \$ 1,251,831 | |
| Depreciation expense | (664,676) | |
| Excess of capital outlay over depreciation expense | | 587,155 |
| Governmental funds only report the disposal of capital assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal | | |
| | | (26,423) |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. These activities consist of: | | |
| Property taxes | \$ 50,312 | |
| Payments in lieu of taxes | 20,339 | |
| Intergovernmental | 221,501 | |
| Charges for services | (225,370) | |
| Miscellaneous | (5,185) | |
| Net change in deferred revenues during the year | | 61,597 |
| Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. | | |
| | | 10,022,007 |
| Some capital additions were financed through capital leases. In governmental funds, a capital lease arrangement is considered a source of financing, but in the statements of net assets, the lease obligation is reported as a liability. The following activities are the results of capital lease transactions: | | |
| Inception of a capital lease | | (16,401) |
| The issuance of long-term bonds results in expenditures and other financing sources and uses in the governmental funds, but these transactions are reflected in the statement of net assets as long-term assets and liabilities. | | |
| | | (9,499,877) |
| The amortization of issuance costs, bond premium and accretion is reflected as an expense in the statement of activities. | | |
| Issuance cost | \$ 99,294 | |
| Premium | (79,796) | |
| Total additional expenses | | 19,498 |
| Some items reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. These activities consist of: | | |
| Decrease in compensated absences | \$ 724,967 | |
| Decrease in accrued interest | 127,597 | |
| Bond accretion | (49,874) | |
| Total additional expenditures | | 802,690 |
| The internal service fund is used by management to charge the costs of medical, prescription drug, dental and vision claims to individual funds. The net revenue (expense) of the internal service fund is allocated among the governmental activities. | | |
| | | <u>85,625</u> |
| Change in net assets of governmental activities | | <u>\$ 10,022,704</u> |

See accompanying notes to the basic financial statements.

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND DESCRIPTION OF THE SCHOOL DISTRICT

Fremont City School District (the School District) is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The School District operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four year terms. The School District provides educational services as authorized by state and federal guidelines.

The School District was established in 1968 through the consolidation of existing land areas and school districts. The School District serves an area of approximately one hundred sixty-two square miles. It is located in central Sandusky County, including all of the City of Fremont and portions of surrounding townships. It is staffed by 223 classified employees, 321 certified teaching personnel, including twenty-two administrative employees who provide services to 4,308 students and other community members. The School District currently operates seven elementary schools, a middle school, and a comprehensive high school.

Reporting Entity

A reporting entity is composed of the primary government, component units, and other organizations that are included to insure the financial statements are not misleading. The primary government of the School District consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For Fremont City School District, this includes general operations, food service, preschool, and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization's governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization's resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt, or the levying of taxes. There are no component units of the Fremont City School District.

The following activity is included within the School District's reporting entity:

Parochial Schools -Within the School District boundaries, St. Ann, St. Joseph Elementary, and St. Joseph High School are operated through the Toledo Catholic Diocese; Sacred Heart is operated as a private school. Current state legislation provides funding to these parochial schools. The monies are received and disbursed on behalf of the parochial schools by the Treasurer of the School District, as directed by the parochial schools. This activity is reflected in a special revenue fund for financial reporting purposes by the School District.

Fremont City School District
Sandusky County

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010

The School District participates in six jointly governed organizations. These organizations are the Northern Ohio Educational Computer Association, the Northwestern Ohio Educational Research Council, Inc., the Vanguard-Sentinel Career Center, the Northwest Ohio Special Education Regional Resource Center, the Northwest Ohio Regional Professional Development Center, and the Ohio Schools Council. These organizations are presented in Note 17 to the basic financial statements.

The basic financial statements of Fremont City School District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School District also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its governmental activities and to its proprietary fund provided they do not conflict with or contradict GASB pronouncements. Following are the more significant of the School District's accounting policies.

A. Basis of Presentation

The School District's basic financial statements consist of government-wide financial statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-Wide Financial Statements

The statement of net assets and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is eliminated to avoid "doubling up" revenues and expenses.

The statement of net assets presents the financial condition of the governmental activities of the School District at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants, contributions, and interest that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the School District.

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

Fund Financial Statements

During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the proprietary fund financial statements. Fiduciary funds are reported by type.

B. Fund Accounting

The School District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the School District are reported in three categories: governmental, proprietary, and fiduciary.

Governmental Funds

Governmental funds are those through which most governmental functions of the School District are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The School District has three major governmental funds:

General Fund - The general fund is used to account for all financial resources, except those required to be accounted for in another fund. The general fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Bond Retirement Fund: The bond retirement fund is a debt service fund and is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Classroom Facilities Fund – This fund accounts for monies received and expended in connection with contracts entered into by the School District and the Ohio Department of Education for the building and equipping of classroom facilities.

The other governmental funds of the School District account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Fund

Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position, and cash flows. The School District reports one type of proprietary fund:

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

Internal Service Fund - The internal service fund accounts for the financing of services provided by one department or agency to other departments or agencies of the School District on a cost reimbursement basis. The School District's Self Insurance internal service fund accounts for the activities of the program for employee health care benefits.

Fiduciary Funds

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds, and agency funds. Trust funds are used to account for assets held by the School District under a trust agreement for individuals, private organizations, or other governments and are not available to support the School District's own programs. The School District's private purpose trust funds account for programs that provide college scholarships to students after graduation. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The School District's agency funds account for various staff-managed and student-managed activities.

C. Measurement Focus

Government-Wide Financial Statements

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the School District are included on the statement of net assets. The statement of activities presents increases (e.g. revenues) and decreases (e.g. expenses) in total net assets.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reflects the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the fund financial statements for governmental funds.

Like the government-wide financial statements, the proprietary fund is accounted for using a flow of economic resources measurement focus. All assets and liabilities associated with the operation of this fund are included on the statement of fund net assets. The statement of revenues, expenses, and changes in fund net assets presents increases (e.g., revenues) and decreases (e.g., expenses) in total net assets. The statement of cash flows reflects how the School District finances and meets the cash flow needs of its proprietary fund.

The private purpose trust funds are accounted for using a flow of economic resources measurement focus.

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the proprietary fund and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within sixty days of fiscal year end.

Nonexchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from income taxes is recognized in the fiscal year in which the income is earned. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at fiscal year end: property taxes available as an advance, income taxes, grants, interest, tuition, student fees, charges for services, and rent.

Deferred Revenues

Deferred revenues arise when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there was an enforceable legal claim as of June 30, 2010, but which were levied to finance fiscal year 2011 operations, are recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

On the governmental fund financial statements, receivables that will not be collected within the available period are reported as deferred revenue.

Expenses/Expenditures

On the accrual basis, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are a report of estimated tax revenues, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The report of estimated tax revenues identifies the estimated revenues for those funds receiving tax monies as well as various debt and other schedules. The certificate of estimated resources establishes a limit on the amount the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Board. The legal level of budgetary control selected by the Board is at the fund level for all funds. Any budgetary modifications at this level may only be made by the Board of Education. Budgetary allocations at the function and object level within all funds are made by the School District Treasurer.

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in revenue are identified by the Treasurer. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time final appropriations were passed by the Board.

The appropriation resolution is subject to amendment throughout the fiscal year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire fiscal year, including amounts automatically carried forward from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year.

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

F. Cash and Investments

Cash received by the School District is pooled in various bank accounts with individual fund balance integrity maintained throughout. Individual fund integrity is maintained through the School District's records. Each fund's interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents." Also, the School District maintains segregated accounts for the classroom facilities, special trust, and endowment funds, which is presented as "Investments in segregated accounts".

During the fiscal year all investments were limited to certificates of deposit, instruments of government sponsored mortgage-backed securities, treasury notes and commercial paper. In addition, for 2010 the School District had an interest in STAROhio, the State Treasurer's Investment Pool.

Investments of the School District's cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

G. Inventory

Inventory is presented at the lower of cost or market on a first-in, first-out basis and is expended/expensed when used. Inventory consists of donated and purchased food.

H. Restricted Assets

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, laws of other governments, or imposed by enabling legislation. Unclaimed monies that must be held for five years before being spent are also reported as restricted. See Note 15 for the calculation of the year-end restricted asset balance and the corresponding fund balance reserves.

I. Capital Assets

All of the School District's capital assets are general capital assets. These assets generally result from expenditures in governmental funds. These assets are reported in the governmental activities column on the government-wide statement of net assets but are not reported on the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and reductions during the fiscal year. Donated capital assets are recorded at their fair market value on the date donated. The School District maintains a capitalization threshold of five thousand dollars. The School District does not have any infrastructure. Improvements are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

All capital assets, except land, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

| <u>Description</u> | <u>Useful Lives</u> |
|-------------------------------------|---------------------|
| Land improvements | 5-7 years |
| Buildings and building improvements | 5-75 years |
| Furniture, fixtures, and equipment | 3-25 years |
| Vehicles | 4-15 years |

J. Interfund Assets/Liabilities

On the fund financial statements, receivables and payables resulting from short-term interfund loans or interfund services provided and used are classified as “Interfund Receivables/Payables”. Interfund balances within governmental activities are eliminated on the statement of net assets.

K. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees’ rights to receive compensation are attributable to services already rendered and it is probable the School District will compensate the employees for the benefits through paid time off or some other means. The School District records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the School District has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees’ wage rates at fiscal year end, taking into consideration any limits specified in the School District’s termination policy. The School District records a liability for accumulated unused sick leave for all employees after ten years of service with the School District.

The entire compensated absences liability is reported on the government-wide financial statements.

On the governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account “Matured compensated absences payable” in the fund from which the employees who have accumulated unpaid leave are paid.

L. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements. All payables, accrued liabilities, and long-term obligations payable from the proprietary fund are reported on the proprietary fund financial statements.

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current fiscal year. Notes payable related to tax anticipation are reported on the fund financial statements and the statement of net assets. Bonds are recognized as a liability on the fund financial statements when due.

M. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net assets restricted for other purposes include resources restricted for food service operations, music and athletic programs, and federal and state grants restricted to expenditure for specified purposes.

The School District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

N. Fund Balance Reserves

The School District reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unreserved fund balance indicates that portion which is available for appropriation in future periods. Fund balance reserves have been established for property taxes, notes receivable, and encumbrances.

O. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary fund. For the School District, these revenues are charges for services in the internal service fund. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the proprietary fund. All revenues and expenses not meeting this definition are reported as nonoperating.

P. Interfund Transactions

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in the proprietary fund. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

Q. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 2 - BUDGETARY BASIS OF ACCOUNTING

While the School District is reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures, and Change in Fund Balance - Budget (Non-GAAP Basis) and Actual for the General Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budget basis and the GAAP basis are as follows:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures (budget basis) rather than as a reservation of fund balance (GAAP basis).

The adjustments necessary to reconcile the GAAP and budgetary basis statements for the general fund are as follows:

| Change in Fund Balance | |
|---------------------------------------------------------------|--------------|
| GAAP basis | \$ 1,166,707 |
| Increase (decrease) due to: | |
| Revenue accruals | (159,964) |
| Expenditure accruals | 265,003 |
| Encumbrances outstanding at fiscal year end (budget basis) | (258,502) |
| Budget basis | \$ 1,013,244 |

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

NOTE 3 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the School District into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim moneys are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories.

Interim monies to be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasury Asset Reserve of Ohio (STAR Ohio);

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

7. Certain banker's acceptance and commercial paper notes for a period not to exceed one hundred eighty days from the purchase date in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and,
8. Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the School District, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

All interest is legally required to be placed in the general fund, and other funds as approved by a Board resolution. Interest revenue credited to the general fund during fiscal year 2010 amount to \$120,973, which includes \$59,425 assigned from other School District funds.

A. Cash on Hand

At fiscal year-end, the School District had \$30 in un-deposited cash on hand which is included as part of "equity in pooled cash and cash equivalents."

B. Deposits with Financial Institutions

At June 30, 2010, the carrying amount of the School District's deposits was \$12,716,472. Of this balance \$6,250,000 is being reported in the classroom facilities capital project fund, \$70,000 in the special trust special revenue fund and \$148,958 in the endowment private purpose trust fund as "Investments in segregated accounts". Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of June 30, 2010, \$6,861,998 of the School District's bank balance of \$13,447,228 was exposed to custodial risk as they were uninsured and collateral was held by the financial institution's trust department and in the name of the School District. The remaining \$6,585,230 was covered by Federal Deposit Insurance Corporation.

Custodial credit risk is the risk that, in the event of a bank failure, the School District's deposits may not be returned. According to state law, public depositories must give security for all public funds on deposit in excess of those funds that are insured by the federal deposit insurance corporation (FDIC) or by any other agency or instrumentality of the federal government. These institutions may either specifically collateralize individual accounts in lieu of amounts insured by the FDIC, or may pledge a pool of government securities valued at least 105% of the total value of public monies on deposit at the institution. The School District's policy is to deposit money with financial institutions that are able to abide by the laws governing insurance and collateral of public funds.

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

C. Investments

As of June 30, the School District had the following investment and maturity:

| | Fair <u>Value</u> | <u>Maturity</u> | | | <u>Rating</u> |
|--------------------------------------------------------------|----------------------|-----------------------------|------------------------------|------------------------------|--------------------|
| | | <u>Less than 1 year</u> | <u>Less than 2 years</u> | <u>Less than 3 years</u> | |
| Investments included within <u>pooled funds:</u> | | | | | |
| Federal Farm Credit Bank | \$ 1,509,010 | \$ 505,120 | \$ 1,003,890 | \$ - | AAA ⁽¹⁾ |
| Federal Home Loan Bank | 2,001,895 | - | 1,501,520 | 500,375 | AAA ⁽¹⁾ |
| GE Capital commercial paper | 4,995,302 | 4,995,302 | - | - | AAA ⁽¹⁾ |
| STAROhio | <u>8,136,161</u> | 8,136,161 | - | - | AAA ⁽¹⁾ |
| Subtotal of pooled investments | <u>16,642,368</u> | | | | |
| Investments reported in classroom <u>facilities fund:</u> | | | | | |
| Federal Farm Credit Bank | 1,253,263 | 749,438 | 503,825 | - | AAA ⁽¹⁾ |
| Federal Home Loan Bank | 7,567,612 | 7,567,612 | - | - | AAA ⁽¹⁾ |
| Treasury notes | 1,507,109 | 1,003,965 | 503,144 | - | AAA ⁽¹⁾ |
| GE Capital commercial paper | <u>997,849</u> | 997,849 | - | - | AAA ⁽¹⁾ |
| Subtotal of classroom facilities investments | <u>11,325,833</u> | | | | |
| Total investments | <u>\$ 27,968,201</u> | | | | |

⁽¹⁾ Standard and Poor's rating

Custodial credit risk for an investment is the risk that in the event of failure of the counterparty, the School District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The investments in Federal Farm Credit Bank (FFCB), and Federal Home Loan Bank (FHLB) are held by the counterparty's trust department or agent and not in the School District's name. The School District's policy is to invest money with financial institutions that are able to abide by the laws governing insurance and collateral of public funds.

Interest rate risk is the possibility that changes in interest rates will adversely affect the fair value of an investment. The School District's investment policy does not address limits on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit risk is the possibility that an issuer or other counterparty to an investment will not fulfill its obligation. The School District's investment policy requires certain credit ratings for some investments as allowed by state law.

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

Concentration of credit risk is the possibility of loss attributed to the magnitude of the School District's investment in a single issuer. More than 5 percent of the School District's investments are in FFCB, FHLB and GE Capital commercial paper. These investments are 33.80%, 34.27% and 21.43% respectively, of the School District total investments. The School District's policy places no limit on the amount that may be invested in any one issuer.

STAROhio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the Securities Exchange Commission as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price which is the price the investment could be sold for on June 30, 2010.

NOTE 4 - RECEIVABLES

Receivables at June 30, 2010, consisted of accounts (rent, billings for user charged services, and student fees), intergovernmental, income taxes, accrued interest, amounts due from external parties, and property taxes. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current year guarantee of federal funds.

A summary of the principal items of receivables follows:

| | <u>Amount</u> |
|--------------------------------|----------------------|
| Governmental Activities | |
| General Fund | |
| Property taxes receivable | \$ 11,364,244 |
| Income tax receivable | 2,139,780 |
| | |
| Other Governmental Funds | |
| Property taxes receivable | 1,892,547 |
| Intergovernmental receivables: | |
| Public school support | 1,186 |
| Miscellaneous state grants | 165,000 |
| Title I: migrant | 169,248 |
| Title VI-B | 123,948 |
| Title II-D | 800 |
| Limited english proficiency | 4,853 |
| Title I | 62,043 |
| Drug free schools | 11,736 |
| Title II-A | 36,179 |
| Early learning initiative | 56,803 |
| Total Other Governmental Funds | <u>\$ 631,796</u> |
| Total Governmental Activities | <u>\$ 16,028,367</u> |

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

NOTE 5 - INCOME TAXES

The School District levies a voted tax of 1.25 percent for general operations on the income of residents and of estates. Of this amount, .75 percent of the tax was effective on January 1, 1999, and .5 percent of the tax was effective on January 1, 2004. Both will continue for five years. Employers of residents are required to withhold income tax on compensation and remit the tax to the State. Taxpayers are required to file an annual return. The State makes quarterly distributions to the School District after withholding amounts for administrative fees and estimated refunds. Income tax revenue is credited to the general fund.

NOTE 6 - PAYMENT IN LIEU OF TAXES

According to State law, the School District has entered into agreements with a number of property owners under which the School District has granted property tax abatements to those property owners. The property owners have agreed to make payments to the School District which reflect all or a portion of the property taxes which the property owners would have paid if their taxes had not been abated. The property owners' contractual promises to make these payments in lieu of taxes generally continue until the agreement expires.

NOTE 7 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis. Second half distributions occur in a new fiscal year. Property taxes include amounts levied against all real, public utility and tangible personal (used in business) property located within the School District. Real property taxes are levied after April 1 on the assessed value listed as of the prior January 1, the lien date. Public utility property taxes attached as a lien on December 31 of the prior year, were levied April 1 and are collected with real property taxes. Assessed values for real property taxes are established by State law at 35% of appraised market value. All property is required to be revalued every six years.

Public utility property taxes are assessed at 35% of true value and public utility tangible personal property currently is assessed at varying percentages of true value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternative payment dates to be established.

Tangible personal property tax revenues received in calendar year 2010 (other than public utility property) represent the collection of calendar year 2010 taxes levied against local and inter-exchange telephone companies. Tangible personal property tax on business inventory, manufacturing machinery and equipment, and furniture and fixtures is no longer levied and collected. Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20.

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

The School District receives property taxes from Sandusky County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2010, are available to finance fiscal year 2010 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable represents real property, public utility property, and tangible personal property taxes which were measurable as of June 30, 2010, and for which there was an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reflected as revenue at fiscal year end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred revenue.

The amount available as an advance at June 30, 2010, was \$1,790,193 in the general fund, was \$183,158 in the debt service fund and \$115,908 in the permanent improvement capital projects fund.

Collectible delinquent property taxes have been recorded as a receivable and revenue on an accrual basis. On the modified accrual basis, the revenue is deferred. The assessed values upon which the fiscal year 2010 taxes were collected are:

| | 2010 First Half Collections | | 2009 Second Half Collections | |
|---------------------------------------------------|--------------------------------|----------------|---------------------------------|----------------|
| | Amount | Percent | Amount | Percent |
| Agricultural/residential and other real estate | \$ 551,047,360 | 95.61% | \$ 538,106,940 | 95.64% |
| Public utility | <u>25,274,220</u> | <u>4.39%</u> | <u>24,528,860</u> | <u>4.36%</u> |
| Total assessed value | <u>\$ 576,321,580</u> | <u>100.00%</u> | <u>\$ 562,635,800</u> | <u>100.00%</u> |
| Tax rate per \$1,000 of assessed valuation | \$ 35.55 | | \$ 35.55 | |

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

NOTE 8 - CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2010, was as follows:

| | <u>Balance</u> <u>7/1/2009</u> | <u>Additions</u> | <u>Deletions</u> | <u>Balance</u> <u>6/30/2010</u> |
|-------------------------------------|-----------------------------------|-------------------|--------------------|------------------------------------|
| Governmental Activities | | | | |
| Nondepreciable capital assets | | | | |
| Land | \$ 409,270 | \$ - | \$ - | \$ 409,270 |
| Construction in progress | <u>474,750</u> | <u>1,076,291</u> | <u>-</u> | <u>1,551,041</u> |
| Total nondepreciable capital assets | <u>884,020</u> | <u>1,076,291</u> | <u>-</u> | <u>1,960,311</u> |
| Depreciable capital assets | | | | |
| Land and improvements | 275,600 | 42,280 | - | 317,880 |
| Buildings and building improvements | 21,429,259 | - | (109,033) | 21,320,226 |
| Furniture, fixtures, and equipment | 1,569,003 | 121,510 | - | 1,690,513 |
| Vehicles | <u>2,660,439</u> | <u>11,750</u> | <u>-</u> | <u>2,672,189</u> |
| Total depreciable capital assets | <u>25,934,301</u> | <u>175,540</u> | <u>(109,033)</u> | <u>26,000,808</u> |
| Less accumulated depreciation: | | | | |
| Land and improvements | (241,836) | (11,352) | - | (253,188) |
| Buildings and building improvements | (8,685,569) | (413,469) | 82,610 | (9,016,428) |
| Furniture, fixtures, and equipment | (844,859) | (84,307) | - | (929,166) |
| Vehicles | <u>(1,815,285)</u> | <u>(155,548)</u> | <u>-</u> | <u>(1,970,833)</u> |
| Total accumulated depreciation | <u>(11,587,549)</u> | <u>(664,676)</u> | <u>82,610</u> | <u>(12,169,615)</u> |
| Depreciable capital assets, net | | | | |
| Governmental activities | <u>14,346,752</u> | <u>(489,136)</u> | <u>(26,423)</u> | <u>13,831,193</u> |
| Capital assets, net | <u>\$ 15,230,772</u> | <u>\$ 587,155</u> | <u>\$ (26,423)</u> | <u>\$ 15,791,504</u> |

Depreciation expense was charged to governmental functions as follows:

| | |
|-----------------------------------------|-------------------|
| Instruction: | |
| Regular | \$ 211,068 |
| Special | 24,503 |
| Support services: | |
| Pupils | 5,567 |
| Instructional staff | 4,382 |
| Administration | 10,541 |
| Operation and maintenance of plant | 153,469 |
| Pupil transportation | 153,646 |
| Operation of non-instructional services | 20,267 |
| Extracurricular activities | <u>81,233</u> |
| Total depreciation expense | <u>\$ 664,676</u> |

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

NOTE 9 - RISK MANAGEMENT

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties.

Settled claims have not exceeded this commercial coverage in any of the past three years, and there has been no significant reduction in insurance coverage from the prior fiscal year.

For fiscal year 2010, the School District participated in the Ohio School Plan (Plan), an insurance purchasing pool. Each participant enters into an individual agreement with the Plan for insurance coverage and pays annual premiums to the Plan based on the types and limits of coverage and deductibles selected by the participant.

The School District pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

The School District offers medical, prescription drug, and dental insurance to all employees through a partially self-insured program. All funds of the School District participated in the program and made payments to the Self Insurance internal service fund based on actuarial estimates of the amounts needed to pay prior and current year claims. The School District purchased stop loss insurance for claims in excess of \$135,000 per individual annually and \$1,000,000 per individual, per lifetime. Settled claims have not exceeded this coverage for the past three years. Claims payable is based on the requirements of Governmental Accounting Standards Board Statement No. 30, "Risk Financing Omnibus", which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported if information prior to issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount can be reasonably estimated. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. Claims payable at June 30, 2010 were estimated by the third party administrator at \$450,731.

The changes in the claims liability for the past two fiscal years are as follow:

| Fiscal Year | Beginnning Balance | Current Year Claims | Claims Payments | Ending Balance |
|----------------|-----------------------|------------------------|--------------------|-------------------|
| 2009 | \$ 453,303 | \$ 3,357,904 | \$ 3,443,653 | \$ 367,554 |
| 2010 | \$ 367,554 | \$ 3,639,734 | \$ 3,556,557 | \$ 450,731 |

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

NOTE 10 - DEFINED BENEFIT PENSION PLANS

A. School Employee Retirement System

Plan Description - The School District contributes to the School Employees Retirement System (SERS), a cost-sharing multiple employer pension plan. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746.

Funding Policy - Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute at an actuarially determined rate. The current School District rate is 14 percent of annual covered payroll. A portion of the School District's contribution is used to fund pension obligations with the remainder being used to fund health care benefits; for fiscal year 2010, 12.78 percent of annual covered salary was the portion used to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to a statutory maximum amount of 10 percent for plan members and 14 percent for employers. Chapter 3309 of the Ohio Revised Code provides statutory authority for member and employer contributions. The School District's required contributions for pension obligations to SERS for the fiscal years ended June 30, 2010, 2009 and 2008 were \$589,253, \$373,537 and \$397,596 respectively; 50.00 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

B. State Teachers Retirement System

Plan Description - The School District participates in the State Teachers Retirement System of Ohio (STRS Ohio), a cost-sharing, multiple employer public employee retirement plan. STRS Ohio provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS Ohio issues a stand-alone financial report that may be obtained by writing to STRS Ohio, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Ohio Web site at www.strsoh.org.

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. The DB plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service, or an allowance based on a member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - For the fiscal year ended June 30, 2010, plan members were required to contribute 10 percent of their annual covered salaries. The School District was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For fiscal year 2009, the portion used to fund pension obligations was also 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School District's required contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2010, 2009, and 2008 were \$2,106,802, \$1,904,455, and \$2,199,726 respectively; 82.29 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008. Contributions to the DC and Combined Plans for fiscal year 2010 were \$81,159 made by the School District and \$57,971 made by the plan members.

C. Social Security System

Effective July 1, 1991, all employees not otherwise covered by the School Employees Retirement System or the State Teachers Retirement System of Ohio have an option to choose Social Security or the School Retirement System. As of June 30, 2010, several members of the Board of Education have elected Social Security. The contribution rate is 6.2 percent of wages.

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

NOTE 11 - POSTEMPLOYMENT BENEFITS

A. School Employee Retirement System

Plan Description – The School District participates in two cost-sharing multiple employer defined benefit OPEB plans administered by the School Employees Retirement System for non-certificated retirees and their beneficiaries, a Health Care Plan and a Medicare Part B Plan. The Health Care Plan includes hospitalization and physicians' fees through several types of plans including HMO's, PPO's and traditional indemnity plans as well as a prescription drug program. The Medicare Part B Plan reimburses Medicare Part B premiums paid by eligible retirees and beneficiaries up to a statutory limit. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The financial reports of both Plans are included in the SERS Comprehensive Annual Financial Report which is available by contacting SERS at 300 East Broad St., Suite 100, Columbus, Ohio 43215-3746.

Funding Policy – State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 401h. For 2010, 0.46 percent of covered payroll was allocated to health care. In addition, employers pay a surcharge for employees earning less than an actuarially determined amount; for 2010, this amount was \$35,800.

Active employee members do not contribute to the Health Care Plan. Retirees and their beneficiaries are required to pay a health care premium that varies depending on the plan selected, the number of qualified years of service, Medicare eligibility and retirement status.

The School District's contributions for health care for the fiscal years ended June 30, 2010, 2009, and 2008 were \$91,614, \$239,704, and \$247,950 respectively; 85.9 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

The Retirement Board, acting with advice of the actuary, allocates a portion of the employer contribution to the Medicare B Fund. For 2010, this actuarially required allocation was 0.76 percent of covered payroll. The School District's contributions for Medicare Part B for the fiscal years ended June 30, 2010, 2009, and 2008 were \$35,042, \$30,820, and \$28,648 respectively; 50.00 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

B. State Teachers Retirement System

Plan Description – The School District contributes to the cost sharing multiple employer defined benefit Health Plan administered by the State Teachers Retirement System of Ohio (STRS Ohio) for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which may be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

Funding Policy – Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2010, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The School District's contributions for health care for the fiscal years ended June 30, 2010, 2009, and 2008 were \$162,062, \$146,497, and \$169,210 respectively; 82.29 percent has been contributed for fiscal year 2010 and 100 percent for fiscal years 2009 and 2008.

NOTE 12 - OTHER EMPLOYEE BENEFITS

A. Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws. Classified employees earn five to twenty days of vacation per year, depending upon length of service. Accumulated unused vacation time is paid to classified employees and administrators upon termination of employment. Teachers do not earn vacation time.

Teachers, administrators, and classified employees earn sick leave at a rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of two hundred twenty-five days for administrators, supervisors, and classified supervisors; two hundred twenty days for teachers and school calendar employees; and two hundred fifty days for full-time classified employees. Upon retirement, payment is made for one half of accrued, but unused sick leave credit to a maximum of fifty-one days for teachers and thirty-five days for classified employees. Payment for administrators, supervisors, and classified supervisors is made for one fourth up to forty-seven days. In addition, classified employees receive one-half of accrued, but unused sick leave credit in excess of seventy days, up to a maximum of twelve days.

B. Health Care Benefits

The School District provides medical, prescription drug, and dental insurance benefits to all employees through a partially self-insured program.

C. Special Termination Benefits

The School District offers a special termination benefit to employees in the first year they are eligible to retire from their respective retirement system. The benefit is available to certified employees who have five or more years of consecutive service and retire from STRS and to classified employees who have seventeen or more years of consecutive service and retire from SERS. The bonus, of twenty days calculated at the employee's daily rate at the time of retirement, will be paid after January 1 and before March 31 of the year following retirement for certified employees and within sixty days of retirement acceptance for classified employees. The bonus carries a provision that classified employees must also have accrued in excess of one hundred fifty days of unused sick leave at the time of retirement.

| Total Long-term obligations | <u>\$ 23,337,436</u> | <u>\$ 9,938,667</u> | <u>\$ (11,039,693)</u> | <u>\$ 22,236,410</u> | <u>\$ 923,140</u> |

2000 General Obligation Bonds - In fiscal year 2001, the School District issued \$1,045,000 in unvoted general obligation bonds for providing energy conservation measures for the School District. The bonds were issued under the authority of Ohio Revised Code Sections 133.06(G) and 3313.372 for a nine year period, with final maturity during fiscal year 2010. The bonds are being retired through the Permanent Improvement capital projects fund.

During the fiscal year, the School District issued \$9,499,877 in general obligation bonds with a maturity date of July 15, 2037. The bonds are a combination of serial, term and capital appreciation bonds. The interest rates vary between 3% and 4.5% for serial bonds, 5% for term bonds and 18.80% for capital appreciation bonds. The bonds will be used to finance construction and improvements of school buildings and facilities. The principal payments began in fiscal year 2010.

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

On January 28, 2009 the School District issued \$9,134,991 in general obligation bonds with a maturity date of July 15, 2037. The bonds are a combination of serial, term and capital appreciation bonds. The interest rates vary between 3% and 3.125% for serial bonds, 3.875%-4.75% for term bonds and 19.446% for capital appreciation bonds. The bonds will be used to finance construction and improvements of school buildings and facilities. The principal payments began in fiscal year 2010.

Compensated absences will be paid from the general fund and the Food Service, Auxiliary Services, Ohio Reads, Disadvantaged Pupil Impact Aid, Migrant Education, Title VI-B, Title III, Title I and Improving Teacher Quality special revenue funds.

The School District's overall debt margin was \$31,349,394 with an unvoted debt margin of \$551,047 at June 30, 2010.

Principal and interest requirements to retire the general obligation bonds outstanding at June 30, 2010, were as follows:

| <u>Fiscal Year</u> | <u>Principal</u> | <u>Interest</u> | <u>Total</u> |
|--------------------|----------------------|----------------------|----------------------|
| 2011 | \$ 410,000 | \$ 777,267 | \$ 1,187,267 |
| 2012 | 420,000 | 764,967 | 1,184,967 |
| 2013 | 470,000 | 752,366 | 1,222,366 |
| 2014 | 485,000 | 738,266 | 1,223,266 |
| 2015 | 324,308 | 894,409 | 1,218,717 |
| 2016-2020 | 1,950,560 | 4,150,840 | 6,101,400 |
| 2021-2025 | 3,115,000 | 3,025,383 | 6,140,383 |
| 2026-2030 | 3,865,000 | 2,296,614 | 6,161,614 |
| 2031-2035 | 4,890,000 | 1,301,432 | 6,191,432 |
| 2036-2037 | 2,315,000 | 170,750 | 2,485,750 |
| | <u>\$ 18,244,868</u> | <u>\$ 14,872,294</u> | <u>\$ 33,117,162</u> |

NOTE 14 – CAPITALIZED LEASES – LESSEE DISCLOSURE

In fiscal year 2010, the School District entered into a lease agreement for a copier. The terms of each agreement provide options to purchase the equipment. Each lease meets the criteria of a capital lease as defined by generally accepted accounting standards, which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. Capital lease payments have been reclassified and are reflected as debt service expenditures in the fund financial statements of governmental funds. These expenditures are reflected as program/function expenditures on a budgetary basis.

Capital assets acquired by lease have been capitalized as equipment in the amount of \$16,401, which is equal to the present value of the future minimum lease payments on the government-wide financial statements. Principal payments in the current fiscal year totaled \$2,007.

The following is a schedule of the future minimum lease payments required under the capital leases and the present value of the minimum lease payments at year-end.

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

| Fiscal <u>Year</u> | Lease <u>Payments</u> |
|------------------------------------|--------------------------|
| 2011 | \$ 6,314 |
| 2012 | 6,314 |
| 2013 | <u>3,683</u> |
| Total minimum lease payments | 16,311 |
| Less: amount representing interest | <u>(1,917)</u> |
| Total | <u>\$ 14,394</u> |

NOTE 15 - SET ASIDES

The School District is required by State statute to annually set-aside monies for the purchase of textbooks and other instructional materials, and for capital improvements. The amounts set-aside may be reduced by offset credits, which are monies received and restricted for the same specific purpose. Although the School District had offsets and/or qualifying disbursements during the year that reduced the set-aside amounts below zero, these extra amounts may only be used to reduce the set-aside requirements of future years for the purchase of textbooks and/or instructional materials. Negative amounts are therefore not presented as being carried forward to the next fiscal year for the other set-aside. Amounts not spent by year-end or reduced by offset credits must be held in cash at year-end and carried forward to be used for the same purposes in future years. The following cash basis information identifies the changes in the fund balance reserves for textbooks and capital improvements during fiscal year 2010.

| | <u>Textbooks</u> | Capital <u>Improvements</u> |
|------------------------------------|---------------------|--------------------------------|
| Balance June 30, 2009 | \$ 68,003 | \$ - |
| Current year set-aside requirement | 633,353 | 633,353 |
| Qualifying expenditures | (851,992) | (99,985) |
| Current year offsets | <u>-</u> | <u>(6,824,513)</u> |
| Balance June 30, 2010 | <u>\$ (150,636)</u> | <u>\$ (6,291,145)</u> |
| Balance carried forward to 2011 | <u>\$ (150,636)</u> | <u>\$ -</u> |

NOTE 16 - DONOR RESTRICTED ENDOWMENTS

The School District's private purpose trust funds consist of donor restricted endowments and realized and unrealized appreciation on investments. Endowments, in the amount of \$106,209, represent the principal portion. The amount of net appreciation in donor restricted investments that is available for expenditures by the School District is \$57,935 and is reflected as held in trust for scholarships. State law permits the School District to appropriate, for purposes consistent with the endowment's intent, net appreciation, realized and unrealized, unless the endowment terms specify otherwise. The endowment indicates that the interest should be used to provide scholarships each year.

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

NOTE 17 - JOINTLY GOVERNED ORGANIZATIONS

A. Northern Ohio Educational Computer Association

The Northern Ohio Educational Computer Association (NOECA) is a jointly governed organization among forty-one school districts. The organization was formed for the purpose of applying modern technology with the aid of computers and other electronic equipment to administrative and instructional functions among member school districts. NOECA is governed by a Board of Directors chosen from the general membership of the NOECA Assembly. The NOECA Assembly consists of a representative from each participating school district. The degree of control exercised by any participating school district is limited to its representation on the Board of Directors. During fiscal year 2010, the School District paid a nominal amount to NOECA for various services. Financial information can be obtained from Betty Schwiefert, who serves as Controller, 2900 South Columbus Avenue, Sandusky, Ohio 44870.

B. Northwestern Ohio Educational Research Council, Inc.

The Northwestern Ohio Educational Research Council, Inc. (NOERC) is a jointly governed organization formed to bring educational entities into a better understanding of their common educational problems, facilitate and conduct practical educational research, coordinate educational research among members, provide a means for evaluating and disseminating the results of research, serve as a repository for research and legislative materials, and provide opportunities for training. The NOERC serves a twenty-five county area in Northwest Ohio. The Board of Directors consists of superintendents from two educational service centers, two exempted village school districts, five local school districts, and five city school districts, as well as representatives from two private or parochial schools and three institutions of higher education. Each active member is entitled to one vote on all issues addressed by the Board of Directors. Financial information can be obtained from the Northwestern Ohio Educational Research Council, Inc., Box 456, Ashland, Ohio 44805.

C. Vanguard-Sentinel Career Center

The Vanguard-Sentinel Career Center (Career Center) is a distinct political subdivision of the State of Ohio which provides vocational education to students. The Career Center is operated under the direction of a Board consisting of two representatives from the Fremont City School District and one representative from the other thirteen participating school districts' elected boards. The Career Center possesses its own budgeting and taxing authority. The degree of control exercised by any participating school district is limited to its representation on the Board. Financial information can be obtained from the Vanguard-Sentinel Career Center, Jay Valasek, who serves as Treasurer, 1306 Cedar Street, Fremont, Ohio 43420.

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

D. Northwest Ohio Special Education Regional Resource Center

The Northwest Ohio Special Education Regional Resource Center (SERRC) is a jointly governed organization formed to provide services to families, educators, and agencies regarding educational law and curriculum, and instruction for students with disabilities. The SERRC serves a thirteen county area in Northwest Ohio. The Governing Board consists of superintendents from each of the cooperating School Districts, the fiscal agent superintendent, two parents of children with disabilities, one superintendent of a county board of MR/DD, one representative from a chartered non-public school, one representative from the University of Toledo, one representative from Bowling Green State University, one representative from a community school, and any other representatives from other agencies as designated by the Governing Board or the Ohio Department of Education. The degree of control exercised by any participating school district is limited to its representation on the Board. Financial information can be obtained from Dave Michel, Eastwood Local School District, 4800 Sugar Ridge Road, Pemberville, Ohio 43450.

E. Northwest Ohio Regional Professional Development Center

The Northwest Ohio Regional Professional Development Center (RPDC) is a jointly governed organization among the school districts in Defiance, Erie, Fulton, Henry, Lucas, Ottawa, Sandusky, Williams, and Wood counties. The RPDC focuses on the implementation of academic content standards and the deployment of State initiatives. All activities reflect definition of high quality professional development, including job-embedded, connected to strategic goals, sustained, intensive skill building, and measurement of impact on student learning.

The RPDC is governed by a fifteen member board made up of representatives from the participating school districts, the business community, and two institutions of higher learning. The degree of control exercised by any participating school district is limited to its representation on the Board. Financial information can be obtained from the Northwest Ohio Regional Professional Development Center, 414 Emerald Street, 2nd Floor, Toledo, Ohio 43602.

F. Ohio Schools' Council Association

The Ohio Schools' Council Association (Council) is a jointly governed organization among 121 school districts. The jointly governed organization was formed to purchase quality products and services at the lowest possible cost to the member districts. Each district supports the Council by paying an annual participation fee. The Council's Board consists of seven superintendents of the participating districts whose term rotates every year. The degree of control exercised by any school district is limited to its representation on the Board. During fiscal year 2010, the School District paid \$219,499 to the Council in the form of gas purchases. Financial information can be obtained by contacting David Cottrell, the Executive Directive/Treasurer of the Ohio Schools' Council at 6133 Rockside Road, Suite 10, Independence, Ohio 44131.

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

NOTE 18 – CONTRACTUAL COMMITMENTS

As of June 30, 2010, the School District has contractual commitments for the following projects:

| | <u>Purchase Commitment</u> | <u>Amount paid as of 6/30/2010</u> | <u>Amount remaining on contract</u> |
|-------------------------------|--------------------------------|--------------------------------------------|---------------------------------------------|
| Middle school project | \$ 20,569,599 | \$ 657,816 | \$ 19,911,783 |
| Tennis court building project | 245,978 | - | 245,978 |

NOTE 19 - CONTINGENCIES

A. Grants

The School District received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School District at June 30, 2010.

B. Litigation

There are currently no matters in litigation with the School District as defendant.

NOTE 20 - INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund balances at June 30, 2010 consisted of the following:

| | |
|-----------------------------|-----------|
| Due to general fund from: | |
| Nonmajor governmental funds | \$ 37,890 |

All balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, or (3) payments between funds are made. As of June 30, 2010, all interfund loans outstanding are anticipated to be repaid in fiscal year 2011.

Interfund transfers for the year ended June 30, 2010, as permitted by subpart 2 of section A of the Elementary and Secondary Education Act (ESEA), consisted of the following:

| | |
|------------------------------------------------|------------|
| Transfers from nonmajor governmental funds to: | |
| Nonmajor governmental funds | \$ 321,292 |

**Fremont City School District
Sandusky County**

*Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2010*

NOTE 21 - ACCOUNTABILITY

As of June 30, 2010, several funds had deficit fund balances. These deficits were caused by the application of GAAP; namely in the reporting of various liabilities attributable to the fiscal year. These deficit balances will be eliminated by anticipated future intergovernmental revenues or other subsidies not recognized and recorded at June 30. The following funds had deficit balances:

| | <u>Amount</u> |
|----------------------------------------|---------------|
| <u>Nonmajor special revenue funds:</u> | |
| Title II-D | \$ 7,439 |
| Title III | 646 |

NOTE 22 – NEW ACCOUNTING AND REPORTING STANDARDS

In June 2007, the GASB issued Statement No. 51, “Accounting and Reporting for Intangible Assets.” This statement establishes accounting and financial reporting requirements for intangible assets to reduce inconsistencies thereby enhancing the comparability of accounting and financial reporting of such assets among state and local governments. The School District has considered the implications of this statement and has determined that it has no impact on the financial statements or note disclosures for the current period.

In June 2008, the GASB issued Statement No. 53, “Accounting and Financial Reporting for Derivative Instruments.” This statement enhances the usefulness and comparability of derivative instrument information reported by state and local governments. This Statement provides a comprehensive framework for the measurement, recognition, and disclosure of derivative instrument transactions. The School District has considered the implications of this statement and has determined that it has no impact on the financial statements or note disclosures for the current period.

In December 2009, the GASB issued Statement No. 58, “Accounting and Financial Reporting for Chapter 8 Bankruptcies.” This statement establishes accounting and financial reporting guidance for governments that have petitioned for protections from creditors by filing for bankruptcy under Chapter 9 of the United States Bankruptcy Code. The School District has considered the implications of this statement and has determined that it has no impact on the financial statements or note disclosures for the current period.

See accompanying Notes to the Schedule of Federal Awards Expenditures

FREMONT CITY SCHOOL DISTRICT
Sandusky County, Ohio
Notes to the Federal Awards Expenditure Schedule
For the Year Ended June 30, 2010

1. Significant Accounting Policies

The accompanying schedule of federal awards expenditures is a summary of the activity of the District's federal award programs. The schedule has been prepared on the cash basis of accounting. Consequently, certain revenues are recognized when received rather than when earned, and certain expenditures are recognized when paid rather than when the obligation is incurred.

2. Food Distribution

Nonmonetary assistance is reported in the schedule at fair market value of the commodities received and disbursed. Monies are commingled with State grants. It is assumed federal monies are expended first. At June 30, 2010, the District had immaterial food commodities in inventory.

3. N/A – Information not available.

**INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY
GOVERNMENT AUDITING STANDARDS**

Fremont City School District
Sandusky County
1220 Cedar Street, Suite A
Fremont, Ohio 43420

To the Board of Education:

We have audited the financial statements of Fremont City School District, Sandusky County Ohio (the District) as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements and have issued our report thereon dated January 28, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Controls Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of opining on the effectiveness of the District's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the District's financial statements will not be prevented or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grants agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We intend this report solely for the information and use of management, the audit committee, the Board of Education, federal awarding agencies and pass-through entities and others within the District. We intend it for no one other than these specified parties.

**INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

Fremont City School District
Sandusky County
1220 Cedar Street, Suite A
Fremont, OH 43420

To the Board of Education:

Compliance

We have audited the compliance of Fremont City School District, Sandusky County (the District) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that apply to each its major federal programs for the year ended June 30, 2010. The summary of auditor's results section of the accompanying schedule of findings identifies the District's major federal programs. The District's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to each major federal program. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to reasonably assure whether noncompliance occurred with the compliance requirements referred to above that could directly and materially affect a major federal program. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing other procedures we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, Fremont City School District complied, in all material respects, with the requirements referred to above that apply to each its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

The District's management is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could directly and materially affect a major federal program in order to determine our auditing procedures for the purpose of opining on compliance in accordance with OMB Circular A-133, but not for the purpose of opining on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the District's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

We intend this report solely for the information and use of the audit committee, management, the Board of Education, federal awarding agencies and pass-through entities. It is not intended for anyone other than these specified parties.
