

School screening kids for development delays

OCTOBER, 6, 2011

FREMONT -- Stamm Elementary School will be the host site for a developmental screening for preschool children Friday given by North Central Ohio Educational Service Center.

Any parents who suspect that their child, ages 3 to 5 years old and living in the Fremont City School District, may be delayed in speech, social, motor or cognitive development, are encouraged to attend this free screening.

Call Sara Nadolny, school psychologist, to schedule an appointment at 419-332-3689.
