

Stamm Elementary kindergartners get fire safety training

OCTOBER 19, 2011

FREMONT -- Stamm Elementary School's kindergarten was visited by the Fremont Fire Department Oct. 7.

The firefighters set up Mickey Mouse's bedroom and had volunteers practice how to safely get out of a burning house.

The children learned how to check the door to see if it is hot and how to get out through the window. The students were able to climb through the fire truck and see a firefighter put on his gear.

The highlight of the visit was when each student was given the opportunity to spray the hose connected to the pumper truck.

The firefighters gave the children homework to do as well. They were to go home and ask their parents what their smoke alarm sounded like and to establish a safe meeting place in case of a fire.

Stamm Elementary kindergartner Emma Wiezorek sprays the water from the firehose as the rest of the class holds the hose during a visit from the Fremont Fire Department on Oct. 7. / Submitted photo
