Dear Parent(s),

Congratulations! Your eighth grade student has met the eligibility requirements for The University of Toledo's (UT) Scholarly Savings Account Program. In the near future \$2000 will be placed in a special UT account just for them. By the time he/she graduates, your student can have up to \$10,000 that will be able to be used toward tuition when they enroll at The University of Toledo.

This summer your student will be receiving a letter from The University of Toledo with information on activating and accessing their account. Parents will also have access to this account by following the parent link and instructions provided in the letter to be sent by UT.

Fremont City Schools and The University of Toledo are working together to help make it possible for your child to attend college. My best wishes for your student's success!

Sincerely,

Traci McCaudy
