ADMINISTRATION OF FEDERAL GRANT FUNDS

The Board accepts federal funds, which are available, provided that there is a specific need for them and that the required matching funds are available. The Board intends to administer federal grant awards efficiently, effectively and in compliance with all requirements imposed by law, the awarding agency and the Ohio Department of Education (ODE) or other applicable pass-through entity.

The Board directs the Treasurer to develop, monitor, and enforce effective financial management systems and other internal controls over federal awards that provide reasonable assurances that the District is managing the awards in compliance with all requirements for federal grants and awards. Systems and controls must meet all requirements of Federal law and regulation, including the Uniform Guidance issued by the U.S. Office of Budget and Management and any applicable state requirements, and shall be based on best practices.

All individuals responsible for the administration of a federal grant or award shall be provided sufficient training to carry out their duties in accordance with all applicable requirements for the federal grant or award.

The financial management systems and internal controls must provide for:

1. identification of all federal funds received and expended and their program source;
2. accurate, current, and complete disclosure of financial data in accordance with federal requirements;
3. records sufficient to track the receipt and use of funds;
4. effective control and accountability over assets to assure they are used only for authorized purposes and
5. comparison of expenditures against budget.

In addition, written procedures must be established for cash management and for determining the allowability of costs, as required by the Uniform Guidance.

At a minimum, the financial management systems and internal controls will address the following areas:

1. Allowability

Costs charged by the school system to a federal grant must be allowed under the individual program and be in accordance with the cost principles established in the Uniform Guidance, including how charges made to the grant for personnel are to be determined. Costs will be charged to a federal grant only when the cost is:

- A. reasonable and necessary for the program;
- B. in compliance with applicable laws, regulations, and grant terms;
- C. allocable to the grant;
- D. adequately documented and
- E. consistent with District policies and procedures that apply to both federally-funded and non-federally funded activities.

Internal controls will be sufficient to provide reasonable assurance that charges to federal awards for personnel expenses are accurate, allowable, and properly allocated and documented. Controls will include time and effort reporting in accordance with Uniform Guidance and the requirements of ODE or other applicable pass-through-entity.

2. Cash Management and Fund Control

Payment methods must be established in writing that minimize the time elapsed between the draw-down of federal funds and the disbursement of those funds. Standards for funds control and accountability must be met as required by the Uniform Guidance for advance payments and in accordance with the requirements of ODE or other applicable pass-through-entity.

3. Procurement

All purchases for property and services made using federal funds must be conducted in accordance with all applicable Federal, State and local laws and regulations, the Uniform Guidance, and the District's written policies and procedures.

The District avoids situations that unnecessarily restrict competition and avoids acquisition of unnecessary or duplicative items. Individuals or organizations that develop or draft specifications, requirements, statements of work, and/or invitations for bids, requests for proposals, or invitations to negotiate, are excluded from competing for such purchases.

Contracts are awarded only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration is given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources. No contract is awarded to a contractor who is suspended or debarred from eligibility for participation in federal assistance programs or activities.

Purchasing records are sufficiently maintained to detail the history of all procurements and must include at least the rationale for the method of procurement, selection of contract type, and contractor selection or rejection; the basis for the contract price; and verification that the contractor is not suspended or debarred.

4. Conflict of Interest and Mandatory Disclosures

The District complies with the requirements of State law and the Uniform Guidance for conflicts of interest and mandatory disclosures for all procurements with federal funds.

Each employee, board member, or agent of the school system who is engaged in the selection, award, or administration of a contract supported by a federal grant or award and who has a potential conflict of interest must disclose that conflict in writing to the Treasurer. The Treasurer discloses in writing any potential conflict of interest to ODE or other applicable pass-through-entity.

A conflict of interest would arise when the covered individual, any member of his/her immediate family, his/her partner, or an organization, which employs or is about to employ any of those parties has a financial or other interest in or receives a tangible personal benefit from a firm considered for a contract. A covered individual who is required to disclose a conflict will not participate in the selection, award, or administration of a contract supported by a federal grant or award.

Covered individuals will not solicit or accept any gratuities, favors, or items from a contractor or a party to a subcontractor for a federal grant or award. Violations of this rule are subject to disciplinary action.

The Treasurer discloses in writing to ODE or other applicable pass-through-entity in a timely manner all violations of federal criminal law involving fraud, bribery, or gratuities potentially effecting any federal award. The Treasurer fully addresses any such violations promptly and notifies the Board accordingly.

5. Equipment and Supplies Purchased with Federal Funds

Equipment and supplies acquired with federal funds will be used, managed, and disposed of in accordance with applicable state and federal requirements. Property records and inventory systems shall be sufficiently maintained to account for and track equipment that has been acquired with federal funds.

6. Accountability and Certifications

All fiscal transactions must be approved by the Treasurer/designee who can attest that the expenditure is allowable and approved under the federal program. The Treasurer submits all required certifications.

7. Monitoring and Reporting Performance

The Treasurer ~~shall~~ **will** establish sufficient oversight of the operations of federally supported activities to assure compliance with applicable federal requirements and to ensure that program objectives established by the awarding agency are being achieved. The District ~~will~~ submits all reports as required by federal or state authorities.

FISCAL ACCOUNTING AND REPORTING

The District's accounting system is in conformance with the Uniform School Accounting System as prescribed by the Auditor of State for the use of school districts, **federal funds also are accounted for in conformance with the Uniform Guidance issued by the U.S. Office of Budget and Management and any applicable state requirements.** The Treasurer is responsible for receiving and properly accounting for all funds of the District.

The financial records must be adequate to:

1. guide the making or deferring of purchases, the expansion or curtailing of programs and the controlling of expenses;
2. ensure that current data are immediately available and in such form that routine summaries can be readily made;
3. serve as a guide to budget estimates for future years and to hold expenditures to the amounts appropriated and
4. show that those in charge have handled funds within limitations established by law and in accordance with Board policy.

The Board receives monthly financial statements from the Treasurer, which show receipts, disbursements, appropriations, encumbrances and balances. The Treasurer makes all other financial reports required by law or by state **or federal** agencies and submits them to the proper authorities.

The Treasurer provides the Board with any other financial management reports that the Board determines necessary.

Financial records are permanent. The supporting documents may be destroyed only in compliance with the provisions of State law and in compliance with specifications of the District's records commission, the Auditor of State and the Ohio Historical Society.

INVENTORIES (Fixed Assets)

The Board, as steward of this District's property, recognizes that efficient management and full replacement upon loss requires accurate inventory and properly maintained property records.

The District conducts a complete inventory every five years, by physical count, of all District-owned equipment and supplies. For purposes of this policy, "equipment" means a unit of furniture or furnishings, an instrument, a machine, an apparatus or articles that retain shape and appearance with use, is nonexpendable and does not lose its identity when incorporated into a more complex unit. **For purpose of items purchased with federal funds, equipment is defined as tangible, nonexpendable personal property having a useful life of more than one year with an acquisition cost of \$5,000 or more per unit.**

This District maintains a fixed asset accounting system. The fixed asset system maintains sufficient information to permit:

1. preparation of year-end financial statements in accordance with generally accepted accounting principles;
2. adequate insurance coverage and
3. control and accountability.

Each building and additions to buildings are identified by location or name and are described in detail (e.g., size, number of floors, square footage, type of construction, etc.) with the value shown for all individual structures.

Fixed equipment is inventoried by building, floor and room name or number; each item is to be listed individually. (Leased equipment that the District will eventually own must be inventoried.)

Movable equipment is inventoried by building, floor and room name or number; each item is to be listed individually. Any item that has a model number or serial number has that number noted in the description for full identification. All items assigned to a building are the building administrator's responsibility.

All equipment purchased, after the initial inventory, as capital outlay or replacement with a cost of ~~\$1,000~~ **\$500** or more and with an estimated useful life of five years or more is tagged and made part of the equipment inventory. ~~For fixed asset reporting purposes, all equipment in excess of \$1,500 is used.~~ **Property records and inventory systems are sufficiently maintained to account for and track equipment acquired with federal funds.**

A listing of all equipment is maintained for each building and department. This listing is updated annually by the close of the school year, or not later than the second Friday in June of each year. This updated listing is then submitted to the Treasurer's office for audit purposes.

A physical inventory of supplies is taken at the building level at the close of the school year, or not later than the second Friday in June of each year. This updated listing is then submitted to the Treasurer's office for audit purposes.

The Treasurer shall be assisted by principals, directors, supervisors and professional and support staffs in the performance of this function.

PURCHASING PROCEDURES

Monies under the jurisdiction of the Board may not be expended except upon a warrant drawn against a specific appropriation and against a specific fund. Therefore, no contract or purchase order for the expenditure of money will be made unless there is attached to it a certificate of the Treasurer certifying that the amount required to meet the contract or purchase order has been appropriated and is in the treasury, or is in the process of collection, and is free from previous encumbrance.

Any contract or purchase order issued without such a certificate attached is void, except as the law allows later issuance within 30 days of the certificate and except that, if the amount involved is less than \$3,000, the Treasurer may authorize it to be paid without the ratification or affirmation of the Board. Under certain conditions, the law also allows the Treasurer to issue blanket certification, subject to limitations of time and amount as set by law.

Purchasing procedures are designed to ensure the best possible price for the desired products and services. Procedures for purchasing are developed to require that all purchases are made on properly approved purchase orders and that, for items not put up for bid, price quotations are solicited.

Special arrangements may be made for ordering perishable and emergency supplies.

All purchases for property and services made using federal funds are conducted in accordance with all applicable Federal, State and local laws and regulations, the Uniform Guidance, and the District's written policies and procedures.

SCHOOL PROPERTIES DISPOSAL

The Board believes that the efficient administration of the District requires the disposition of property and goods no longer necessary for the maintenance of the educational program or the operation of the District.

The Board recognizes that most unused property of the District has value and that it may be practical to retain such property for a period of time. Once property is no longer needed for school purposes currently or in the future, it should be slated for disposal at the Superintendent's discretion. State law governs the retention and method of disposal of the Board's property.

Property and goods purchased with federal funds also are subject to the disposal requirements outlined in the Uniform Guidance issued by the U.S. Office of Budget and Management. Therefore, the Board follows the procedures required by the various statutes governing the disposal of real or personal property.

The Board follows the procedures set forth in State **and Federal** law for the disposal of real or personal property at the minimum dollar value set forth in the statute on the date the Board decides to dispose of the property. The Board is required to offer its real property for sale to all community schools and college-preparatory boarding schools for the period of time set forth in law. High-performing community schools as defined by State law, are given first priority. If a high-performing community school is not interested in buying the property, the Board will then proceed with offers to purchase from other start-up community schools operating in the District and college-preparatory boarding schools located within the territory of the District. If no community school or college-preparatory boarding school is interested in buying the property, the Board can sell its real or personal property at a public auction and follow specific statutory requirements if the property exceeds \$10,000 in value. If this amount is changed by the legislature, the Board and administration's responsibility changes automatically to reflect the new minimum statutory dollar value.

The Board directs the periodic review of all District property and authorizes the disposition by sale, donation, trade or discard of any property not required for school purposes.

The District complies with State law regarding the sale or lease of unused District property to high-performing community schools, community schools and college-preparatory boarding schools.

Disposal of Property Valued at Less Than the Dollar Value Set Forth in State Law

For the disposal of property that is not governed by **Federal law**, the Ohio Revised Code or administrative regulations, the administration is required to follow these procedures:

1. The Superintendent determines that the value of the property is less than the value set forth in State **and Federal** law **when applicable**. The property is valued pursuant to a reasonable method as determined by the Superintendent.

2. The Board is notified when real or personal property is no longer needed for school purposes and directs that the property be sold.
3. The Superintendent sells the property to a start-up community school or by bids, general sale, negotiated sale or by trade as determined by the Superintendent or the Board on an individual basis.

FOOD SERVICES MANAGEMENT/
FREE AND REDUCED-PRICE FOOD SERVICES

The Board operates a food services program in its schools. Food preparation is centralized for elementary, intermediate and secondary schools when appropriate.

Food services include breakfasts and lunches in all schools through participation in the National ~~Child Nutrition Programs~~ **School Lunch and Breakfast Programs**. The ~~food services-~~ ~~supervisor~~ **Child Nutrition Supervisor** reviews and recommends to the Board the types of foods to be sold.

The food services staff cooperates with the principals of the schools in matters essential to the proper functioning of the food services program. The responsibility for control of students using the cafeteria rests with the building principal.

All prices set for school breakfasts, lunches and milk are subject to Board approval, except for a la carte food prices.

As required for participation in the National ~~Child Nutrition Programs~~ **School Breakfast and Lunch Programs, meals served must meet age appropriate USDA guidelines** and the Board agrees that:

1. **students who qualify receive free or reduced-price meals;**
 - ~~1. breakfast and a "Type A" lunch are made available to students, provided at least one-fifth of the students are eligible under Federal law for free meals;~~
2. **breakfast consists of a whole grain rich items, fruits/vegetables, and fat free or low fat milk. Students are required to take at least ½ cup of fruit or juice in order to be in compliance with the National School Breakfast Program;**
 - ~~2. breakfast is made available in every school in which the parents of at least one-half of the children enrolled have requested that the breakfast program be established;~~
3. **lunches consist of a meat or meat alternate, whole grain/rich grain item, fruit, vegetable, and fat free or low fat milk. Students must select at least three of the five items and at least one of those items must be a fruit or vegetable in order to be in compliance with the National School Lunch Program;**
3. ~~students who qualify receive free or reduced-price meals;~~
4. all meals ~~must~~ meet USDA nutritional standards;

5. **all snacks and beverages sold to students during the school day are in compliance with the USDA guidelines as outlined in the districts wellness plan;**
6. the management of food services complies with all federal, state and local regulations and
7. a summer meal program is provided to students attending a state-mandated summer remedial program.

All students are expected to eat lunch at school and may not leave school grounds during the lunch hour, except when permission has been granted by the principal. Students are permitted to bring their lunches from home and to purchase milk and incidental items.

School lunch funds and other food service funds are kept in a special account.

The District provides for at least one employee, who has received instruction in methods to prevent choking and has demonstrated an ability to perform the Heimlich maneuver, to be present while students are being served.

Students with Special Dietary Needs

At the beginning of each school year, or at the time of enrollment, parents are responsible for communicating any special dietary needs of their child, including food allergies, to the District. Students with dietary needs that qualify as disabilities under law are provided reasonable accommodation.

Substitutions to regular school meals provided by the District are made for students who are unable to eat regular school meals due to a qualifying dietary need when that need is certified in writing by the student's physician. Substitute meals are provided in the most integrated setting appropriate to the special needs of the student.

The nature of the student's qualifying dietary need, the reason this need prevents the student from eating regular school meals (including foods to be omitted from the student's diet), the specific diet prescription along with the needed substitution must be specifically stated in the physician's statement. The District, in compliance with the USDA Child Nutrition Division guidelines, provides substitute meals to food-allergic students based upon the physician's signed statement.

The District develops and implements administrative regulations for the management of food-allergic students. Such regulations include, but are not limited to, schoolwide training programs regarding food allergy education, staff development regarding food allergy identification and management, allergy emergency drills, strategies for the identification of students with life-threatening food allergies and management skills including avoidance measures, designation of typical symptoms and dosing instructions for medications.

FOOD SALE STANDARDS

Through its food service program, the Board encourages students to form healthy eating habits by governing the types of food and beverages sold in the schools and the time and place at which each type of food and beverage is sold. These standards are based on the following guidelines.

1. The types of food and beverages sold in the schools are determined by their potential to contribute significantly to the:
 - A. daily nutritional needs of students, consistent with the guidelines established by the U.S. Department of Agriculture (USDA);
 - B. provisions of the District's student wellness program and
 - C. nutritional guidelines established by State law.
- ~~2. A licensed dietician, a registered dietetic technician or a certified/credentialed school nutrition specialist must be initially consulted to assist the food services supervisor in drafting for Board adoption a plan:~~
 - ~~A. for complying with and enforcing the nutritional standards governing the types of food and beverages that may be sold on school premises in compliance with State law and~~
 - ~~B. specifying the time and place each type of food or beverage may be sold.~~
2. The time of day and place for the sale of food and beverages to students must be consistent with the **nutritional** ~~nutrient intake~~ needs and eating patterns of students and compatible with class schedules. The following restrictions are enforced for non-breakfast/lunch food and beverage sales:
 - A. Foods or beverages that do not meet the nutritional standards established by the District in accordance with USDA regulations may not be sold during the school day. The Board reserves the right to **totally** restrict the sale of non-nutritional foods and beverages in vending machines. Vending machine placement requires prior approval.

- B. Bake sales and other school fundraising activities involving food and beverage items, ~~may not be held during the school day~~ **must follow the nutritional standards for Smart Snacks in schools. The nutrition standards do not apply to foods and beverages sold at events held after school, off campus, or on weekends, such as school plays or sporting events. Foods that qualify as a Smart Snack or entrée' must meet the general nutrition standards:**
1. **be a grain product containing 50 percent or more whole grains (have a whole grain as the first ingredient)**
 2. **have as the first ingredient a fruit, a vegetable, a dairy product, or a protein food**
 3. **be a combination food that contains at least ¼ cup of fruit and/or vegetable**
 4. **the food must meet the nutrient standards for calories, sodium, sugar, and fats**
4. Annually, the food services supervisor/designee reviews and recommends to the Board the types of foods and beverages to be sold as part of the school breakfast and lunch programs.

Separate standards may be established for the types of food and beverages to be sold to staff members and for events and activities held outside the school day.

STUDENT WELLNESS PROGRAM

The Board directs the Superintendent/designee to develop and maintain a student wellness plan in compliance with Federal law.

The student wellness plan:

1. includes goals for nutrition promotion and education, physical activity and other school-based activities designed to promote student wellness that are developed with consideration of evidence-based strategies and techniques;
2. includes nutrition guidelines for all foods provided, ~~but not~~ **and** sold to students in the District during the school day in order to promote student health and reduce childhood obesity;
3. provides assurance that District guidelines for all food and beverages sold during the school day are, ~~at a minimum,~~ equal to the guidelines issued by the U.S. Department of Agriculture (USDA) and that marketing of foods and beverages on the school campus during the school day is prohibited for foods or beverages that do not meet the nutritional standards established by the District in accordance with USDA regulations and
4. establishes a plan of implementation and evaluation, including designating one or more persons within the District with the responsibility for ensuring that the District is compliant with Federal law.

Development of the student wellness plan must be a collaborative effort between parents, students, food service workers, physical education teachers (**do we have a physical education teacher that contributed to the development of the wellness plan**), school health professionals, administrators, the Board and the public.

The District notifies the public of the wellness plan at least annually. The wellness plan is assessed at least once every three years and the results of the assessment are made available to the public.

PROGRAMS FOR GIFTED AND TALENTED STUDENTS WHO ARE GIFTED

In accordance with the belief that all ~~children~~ **students** are entitled to education commensurate with their particular needs, ~~children~~ **students** in the District who are gifted are provided opportunities to progress as their abilities permit. The Board believes that these ~~children~~ **students** require services beyond those offered in regular school programs in order to realize their potential contribution to themselves and society.

~~Children~~ **Students** who are gifted are identified annually by qualified professionals using a variety of assessment procedures. The Board encourages efforts to provide services for ~~the children~~ **students** who are gifted as an integral part of the total kindergarten through grade 12 program.

Identification

The District follows the identification eligibility criteria as specified in State law.

1. The District identifies ~~children~~ **students** of the District, in grades kindergarten through 12, as ~~gifted children~~ **as students who are gifted** who perform at remarkably high levels of accomplishment when compared to other ~~children~~ **students** of the same age, experience and environment, as identified under State law. Accordingly, a ~~child~~ **student** can be identified as exhibiting:
 - A. superior cognitive ability;
 - B. specific academic ability in one or more of the following content areas:
 - 1) mathematics;
 - 2) science;
 - 3) reading, writing or a combination of these skills and/or
 - 4) social studies;
 - C. creative thinking ability and/or
 - D. visual or performing arts ability such as drawing, painting, sculpting, music, dance or drama.
2. The District uses only those instruments approved by the Ohio Department of Education (ODE) for screening, assessment and identification of ~~children~~ **students** who are gifted.
3. **A student identified as gifted in accordance with State law remains identified as gifted regardless of subsequent testing or classroom performance.**

District Plan for Identifying Gifted Students Who are Gifted

The District **Board** adopts and submits to ODE a plan for ~~the screening, assessment and identification of identifying~~ **identifying** children **students** who are gifted. Any revisions to the District plan are submitted to the ODE for approval. **A copy of this policy is provided at time of submission.** The identification plan includes the following:

1. the criteria and methods the District uses to screen and select ~~children~~ **students** for further assessment who perform or show potential for performing at remarkably high levels of accomplishment in one of the gifted areas;
2. **a description of assessment instruments selected from the ODE-approved list to be used for the screening and identification of students who are gifted;**
3. **procedures for the provision of at least two whole grade screening opportunities to be administered for all students once prior to the end of second grade, and once for all students between grades three and six;**
- 4.2. the sources of assessment data the District uses to select ~~children~~ **students** for further testing and an explanation to parents/guardians of the multiple assessment instruments required to identify ~~children~~ **students** who are gifted;
- 5.3. an explanation for parents/guardians of the methods the District uses to ensure equal access to screening and further assessment ~~by for all District children~~ **for all District children, culturally and linguistically diverse children including minority and disadvantaged students, students** ~~children from low socioeconomic backgrounds, children with disabilities and children for whom English learner~~ **children students; for whom English is a second language;**
- 6.4. the process of notifying parents/guardians regarding all policies and procedures concerning the screening, assessment and identification of ~~children~~ **students**, who are gifted, **including the requirement to notify parents within 30 days of the District's receipt of a student's result on any screening procedure or assessment instrument;**
- 7.5. an opportunity for parents/guardians to appeal any decision about the results of any screening procedure or assessment, the scheduling of ~~children~~ **students** for assessment or the placement of a student in any program or for receipt of services;
- 8.6. procedures for the assessment of ~~children~~ **students** who transfer into the District **no later than 90 days after the transfer at request of the parent;**
- 9.7. at least two opportunities a year for assessment in the case of ~~children~~ **students** requesting assessment or recommended for assessment by teachers, parents or other ~~children~~ **students with the initial assessment to be completed no later than 90 days of referral regardless of the grade levels where gifted services are offered and**

- 10.8. an explanation that the District accepts scores on assessment instruments approved for use by ODE that are provided by other school districts and trained personnel outside the District.

The District's plan may provide for the District to contract with any qualified public or private service provider to provide screening or assessment services under the plan. Gifted education coordinators provide the District with assistance in placing students, designing services, consulting on strategic planning, evaluating services on an ongoing basis and eliciting input from parents and staff.

District Plan for Services

The District adopts and submits to ODE a plan for a continuum of services that may be offered to students who are gifted.

1. The District ensures equal opportunity for all ~~children~~ **students** identified as gifted to receive any or all services offered by the District.
2. The District implements a procedure for withdrawal of ~~children~~ **students** from District gifted programs or services, ~~and~~ for reassessment of ~~children~~ **students and assessment of students transferring into the District**.
3. The District implements a procedure for resolving disputes with regard to identification and placement decisions.
4. Any District gifted education services are delivered in accordance with State law.
5. The District informs parents of the contents of this policy as required by State law.

The gifted services currently available within the District and the criteria for receiving these services are: Gifted Intervention is provided by a Gifted Intervention Specialist for grade three through grade five. Students are served in the areas of mathematics, reading, language arts, and superior cognitive. For grade six through grade eight, services are provided to students in the areas of reading, language arts, and superior cognitive through team teaching by a Gifted Intervention Specialist and a regular education teacher. Grade six through grade eight students are also provided math services through the compacted and accelerated courses of 6 Math II, 7 Math II, and Algebra. These gifted services are provided by a regular education teacher. Grade seven through twelve students are provided gifted services when meaningfully placed with appropriate College Credit Plus courses. These are taught by college faculty. Grade nine through twelve students are provided gifted services through AP courses. These are taught by certified by certified AP instructors.

Students are eligible for services when they meet the criteria outlined in the Operating Standards for Identifying and Serving Students Who are Gifted.

Written Education Plan

The District provides gifted services based on the student's areas(s) of identification and individual needs and is guided by a written education plan (WEP) **developed in collaboration with an educator who holds a licensure or endorsement in gifted education. The District provides parents with periodic reports regarding the student's progress toward meeting goals and the effectiveness of the services provided in accordance with the WEP.**

The WEP, which is provided to parents of gifted students and educators responsible for providing gifted education services, **and** includes:

1. a description of the services provided, including goals for the student in each service specified, **including but not limited to measurable academic goals;**
2. **methods and performance measurements** for evaluating progress toward achieving the goals specified;
3. ~~and~~ **methods and schedule for reporting progress to students and parents;**
4. ~~The WEP also specifies~~ staff members responsible for ensuring that specified services are delivered;
5. policies regarding the waiver of assignments and the scheduling of tests missed while a student is participating in any gifted services provided outside the general education classroom and
6. a date by which the WEP will be reviewed for possible revision.

At the commencement of services, and each year in which a student receives services, the District makes a reasonable attempt, in writing to obtain a parent/guardian signature on the WEP. A student will not be denied services due to lack of a parent/guardian signature.

The District will develop and disseminate a “no services” letter to parents/guardians of students identified as gifted but not receiving gifted services clearly communicating the student is not receiving gifted services. The letter may include a list of enrichment opportunities provided to the student by the District.

Gifted Education Personnel

Gifted education instruction is provided by gifted education intervention specialists by grade level in accordance with the Ohio Administrative Code (OAC). Gifted education instruction is offered during the regular school day and may be provided in large or small groups and/or individually in a variety of settings. The depth, breadth and pace of instruction based on the appropriate content areas may be differentiated. Where ~~differentiated~~ **a general education teacher is designated as the provider of gifted services**, ~~instruction is provided in a regular classroom, the teacher is either licensed in gifted education or has~~ **meets the requirements of OAC including the requirements to** received professional development and ongoing assistance from a gifted education intervention specialist or gifted education coordinator.

Annual Report and Accountability

The District submits, as required, a gifted education annual report to ODE.

The District submits, as required, a gifted education data audit to ODE.

The Superintendent/designee implements all policies and procedures in accordance with laws, rules and regulations and follows the OAC rules regarding gifted education.

~~LIMITED ENGLISH PROFICIENCY~~ ENGLISH LEARNERS

The Board recognizes the need to provide equal educational opportunities for all students in the District. Therefore, if the inability to speak and understand the English language excludes a student from effective participation in the educational programs offered by the District, the District shall take appropriate action to rectify the English language deficiency in order to provide the student equal access to its programs. Students in a language minority or who ~~have limited English proficiency~~ **are English learners** are identified, assessed and provided appropriate services.

The Board directs the administration to develop and implement instruction programs that:

1. appropriately identify language minority students;
2. provide the appropriate instruction to ~~limited English proficient~~ **English learner** students to assist them in gaining English language proficiency, as well as content knowledge, in reading/language arts and mathematics and
3. annually assess the English proficiency of students and monitor their progress in order to determine their readiness for the mainstream classroom environment.

The District requires all **English learner** students ~~with limited English proficiency~~ to be tested. Alternative assessments may be required. Students must make yearly gains toward closing the achievement gap as defined by the State Board of Education performance targets.

~~Limited English proficient~~ **English learner** students who have been enrolled in U.S. schools for less than one full year ~~are~~ **may be** exempt from one administration of the reading/language arts assessment administered to their grade levels. However, students who choose to take these tests are permitted to do so. (Assessments in math, science and social studies are not exempt.)

The District provides parents with notice of and information regarding the instructional program as required by law. Parental **and family** involvement is encouraged and parents are regularly apprised of their child's progress.

TITLE I PROGRAMS

The Title I program is based on an annual assessment of educational needs. This assessment includes identification of educationally deprived children in the public and private schools in this District. Title I services are provided to all eligible, educationally deprived students.

The Board believes parental **and family** involvement is a vital part of the Title I program. The Superintendent/designee jointly develops with and distributes to parents of children participating in Title I programs within the District a written parental **and family** involvement policy and guidelines. The written parental **and family** involvement policy includes a School-Parent Compact jointly developed by the school and the parents. The requirements of the policy, compact and guidelines are consistent with Federal and State law.

Parental **and family** involvement includes, but is not limited to, parental **and family** contribution to the design and implementation of programs under this title, **development of support and improvement plans**, participation by parents **and family members** in school activities and programs, and training and materials that build parents' **and family members'** capacity to improve their children's learning in both the home and the school. To build a partnership between home and school, the District:

1. informs the parents **and family members** of the program, the reasons for their children's participation and the specific instructional objectives;
2. trains parents **and family members** to work with their children to attain instructional objectives;
3. trains teachers and other staff involved in programs under this title to work effectively with the parents **and family members** of participating students;
4. develops partnerships by consulting with parents **and family members** regularly;
5. provides opportunities for parents **and family members** to be involved in the design, operation and evaluation of the program and
6. provides opportunities for the full participation of parents **and family members** who lack literacy skills or whose native language is not English.

Title I funds are used only to augment, not to replace, state and local funds. The Board uses these funds to provide equivalent or comparable educational services in all schools receiving Title I assistance.

~~PARENTAL~~ PARENT AND FAMILY INVOLVEMENT IN EDUCATION

The Board recognizes that a student's education is a shared responsibility by the school, the student and the family. Research indicates that involvement of parents **and families** in support of their children's education increases student achievement. Schools and parents **and families** must work as partners if the District is to meet its goal of effectively educating students.

The Board directs the administration and teaching staff to promote parental **and family** involvement by:

1. supporting meaningful two-way communication between school and home;
2. promoting responsible parenting;
3. encouraging parents **and family members** to play an integral role in assisting student learning;
4. assisting parents **and family members** in their efforts to support, reinforce and extend their children's learning;
5. providing opportunities for parental **and family** input in school programs and curriculum;
6. respecting parents **and family members** as partners in decisions affecting children and families;
7. welcoming parents **and families** as visitors to the schools;
8. engaging in meaningful parent-teacher conferences to discuss student progress toward meeting academic content standards and other learning goals, individual instructional needs and student welfare issues;
9. communicating with parents **and family members** about Board policies and regulations;
10. encouraging parents **and family members** to volunteer in the schools and school-related activities;
11. encouraging parental **and family** involvement through parent groups and Board and school advisory committees;

12. supporting appropriate professional development opportunities that enable staff members to increase the effectiveness of parental **and family** involvement strategies;
13. encouraging school administrators to set expectations and create a climate conducive to parental **and family** participation;
14. developing methods to accommodate and support parental **and family** involvement for parents with special needs, such as **those who lack literacy skills or whose native language is not** limited English proficiency and
15. assessing the effectiveness of parental **and family** involvement efforts.

STUDENT FEES, FINES AND CHARGES

Materials Fees

Students enrolled in District schools are furnished basic textbooks without cost. However, a fee for consumable materials and supplies used in the instructional program is established at the beginning of each school year and may vary as the cost of materials and supplies fluctuates. Such fees are to be deposited in the rotary operating funds of the Board to defray the cost of the materials and supplies.

The Board directs the Superintendent/designee to prepare a schedule of fees for materials to be used in courses of instruction and a schedule of charges that may be imposed for damage to school property.

The District does not charge students eligible for free lunch under the National School Lunch Act or Child Nutrition Act a fee for any materials needed to participate fully in a course of instruction. Any fees charged to students eligible for free lunch under the National School Lunch Act or Child Nutrition Act will be charged in compliance with State and Federal law. This exception only applies to recipients of free lunch, not students who receive reduced-price lunch. This provision does not apply to extracurricular activities and student enrichment programs that are not courses of instruction.

Fines

When school property, equipment or supplies are damaged, lost or taken by individuals, a fine is assessed. The fine is reasonable, seeking only to compensate the school for the expense or loss incurred. Free lunch eligibility does not exempt a student from paying fines for damage to school property.

The late return of borrowed books or materials from the school libraries is subject to appropriate fines.

All fines collected are sent to the Treasurer for deposit in the General Fund of the Board.

Unpaid Meal Charges

Balance letters will be sent home quarterly along with student grade cards. Unpaid meal charges are considered delinquent debt when payments are past due. Unpaid meal charges will follow the same procedure as the collection of student fees and fines with the exception of participation in commencement exercises.

Collection of Student Fees and Fines

The administration may establish regulations for the collection of student fees and fines.

Grades and credits are not made available to any student, graduate or to anyone requesting same on his/her behalf until all fees and fines for that student have been paid in full, except where required by State law. **Participation in extracurricular field trips will not be permitted unless payment has been received. Students will be prohibited from participating in commencement exercises unless payment has been received.**

Collection Process

1. The principal will advise parents of fees due at the beginning of the school year.
2. The first week of October, the principal will send a letter from the Treasurer and an invoice to parents of students with outstanding fees and fines.
3. A payment schedule may be arranged at the building level with full payment to be received by June 15.

GRADUATION EXERCISES

Any student having successfully completed all requirements for graduation is eligible to participate in the graduation exercises conducted by the Ross High School. Students meeting credit requirements but not state testing requirements may participate in graduation.

Students graduating early shall request participation in the graduation ceremony. Early graduates can only participate in the graduation exercises in the year of graduation. Participation in graduation rehearsal is required for participation in the graduation ceremony. Students participating in the ceremony must wear the prescribed cap, and gown **and cords**.

All disciplinary obligations must be satisfactorily completed. Prior to graduation, misconduct that results in suspension or expulsion may result in denial of participation in graduation ceremonies.

Students whose decorum is disruptive or brings undue attention to themselves may not be awarded their diploma at the commencement exercises. They will be required to fulfill the disciplinary requirements given by the Superintendent/designee. Once the disciplinary requirements have been satisfied, the students shall receive their diplomas.

REPORT OF THE SUPERINTENDENT

- Mr. Detwiler expressed a big thank you to everyone. The community has been absolutely outstanding, amazing and supportive of him. He just cannot say enough good things about Dr. McCaudy with his transition into the District. She was very professional and thorough. The red carpet was rolled out for him so he wanted to publically thank Dr. McCaudy for her effort in the transition.
- Mr. Detwiler thanked Amy Gioffredo. She has been fabulous and very welcoming, friendly and supportive which has been great. He also thanked the Directors. He was told in his interview that there were some amazing directors in the District that can lead and do great things and that is absolutely correct. They are an amazing group of human beings. They had their first official meeting last week and it was good. He can already feel the support and knows they are all going to do great things together. They are quite a team.
- He was a little worried about the OFCC and the Bond sale because they all went out about the same time as many other districts in Ohio that passed levies. They were worried that they would be a glut of bonds on the market and maybe that would affect the price, but it did not. That is a very good thing. He commended Amy for all that.
- Mr. Detwiler thanked everyone. He has felt a very positive, welcoming atmosphere in the community.

RECOMMENDATIONS OF THE SUPERINTENDENT

MOTION 138-17 OPERATIONS MATTERS – ITEMS 10 AND 11

Ms. Garza, seconded by Mr. Gorobetz, made the motion to approve operations matters – Items 10 and 11.

Ms. Garza asked a question about Item 10. She wanted to know if they were looking into somehow reducing the amount they are paying for the textbooks or looking at other options like other colleges are doing now. Mr. Detwiler responded that yes they are doing some things like that but unfortunately, legislation is pretty restrictive on what they can do. Mrs. Hirt also responded that they work closely with their neighboring universities and colleges where they have students participating. It is the university or college that determines the textbooks so they have very little or no to say about that. However, in retrieving the textbooks, they are renting some and have purchased some. Once the District purchases the textbooks, they are retaining the right to those textbooks. They have students that obtain the books from the District and then return them back to the District. They have a mini little college bookstore going on at this time. They can try and reuse

SECOND HEARING OF THE PUBLIC

- None

BOARD MEMBER COMMUNICATIONS AND INFORMATION REQUESTS

Ms. Chapman – She welcomed Mr. Detwiler and commended him for a good first meeting. She also thanked the transition team for wishing him well as he starts his new endeavor.

Mr. Price – He welcomed Mr. Detwiler. There are good things coming and a lot to look forward to for Fremont City Schools. He appreciates all the hard work that everyone has put into it.

Ms. Garza – She seconded that and welcomed Mr. Detwiler. Enjoy!

Mr. Gorobetz – He wanted to bring up an issue for discussion. He has been reading various articles recently on the dilemma of the Electronic Classroom of Tomorrow (ECOT.) They have been penalized around \$60 million dollars because there has been an issue regarding how long the students were actually in attendance and paying attention to what was on their computer on a daily basis. It was discovered that it was not happening all that much for a lot of students. There is a charter school in our area where as of the middle of last year, the District had 130 students enrolled in the Townsend Charter School. He is not sure how many of those students actually go to Townsend School. They hear very often that the students go to the library and meet with individuals for a very short amount of time to get their work and go home to do it then meet again the following week or month. When these students leave, the District is told that they are none of their business anymore. It may not be the Districts' business but it is, in his opinion, the tax payers' business. When the District loses a student like this, the tax payer is paying over \$6,000 for them to do this. In his opinion, he does not think that it is out of their realm or scope of duty, to find out exactly what it is these students are doing. If one charter school is penalized because its' students are only looking at their lessons for a short period of time during the day, how is this permitted to occur. He is not sure how many students go to that school. Mr. Detwiler responded that it is almost 2,000 students now. Mr. Gorobetz would like to know if our students go to school and are they taught by anybody during the school day or are they just picking up their work and going home. Mr. Detwiler responded that he thinks it is the latter. In his opinion, Mr.

BOARD MEMBER COMMUNICATIONS AND INFORMATION REQUESTS (cont.)

Gorobetz feels that is no different than what ECOT was penalized for. He thinks they need to do something about it on behalf of the tax payers in Fremont.

Ms. Laird asked what type of next step that is he thinking of taking. Is he considering asking the Auditor of State for an audit because that is part of what brought to light ECOT and other charter schools with that same thing? There were children not in the seats and certainly was not matching the numbers that were reported. She remembers an article from Mr. Yost saying that. Only a fraction of the students were actually in their seats when they did an audit. Mr. Gorobetz responded that there are some great charter schools in Ohio and in the United States and kids do get a lot out of them. But, they actually go there and are actually taught by a human being. He does not see that here so the Auditor of State is the first step. A lot of districts bill various charter schools to be reimbursed on behalf of the tax payers and he is not sure what ever becomes of that but he does read about that happening. This particular educational option to him does not pass the smell test. Mr. Detwiler agreed. Ms. Laird commented that she was at a Rotary luncheon last year with the Superintendent from Port Clinton Schools and their Treasurer did a presentation on that charter school. She said that it may be worth a call to them. She recalls some pretty hard data that they had on the number of students going versus telephone calls or tried doing any type of attendance check.

Mr. Gorobetz welcomed Mr. Detwiler.

Ms. Laird – She echoed everyone. She wished a very big welcome to Mr. Detwiler. They are so excited. There are huge things ahead for Fremont City Schools and just Fremont as a community in general because there is so much happening with the schools and so much to be excited about. There are some things to look forward to that they will ask for when they are ready. They are excited to begin strategic planning and look forward to his input and putting in theirs as well. She would like for him to let them know how he envisions that process and they are ready to get on it.

MOTION 141-17 ADJOURNMENT
