Article 2 - Grievance Procedure

2.1 Definitions

Time limits may be extended by mutual agreement of the parties concerned. In the event a grievance is filed just prior to, or at the close of the school year, the time limits set forth herein shall be reduced so that the grievance procedure may be exhausted prior to the end of the school term or as soon thereafter as practicable. Failure of the grievant or Association to comply with the timelines established by this section shall be construed as a withdrawal of the grievance. Failure of the Employer to comply with the timelines established by this section shall result in the automatic elevation of the grievance to the next level of this procedure.
- C. The primary purpose of this procedure is to secure at the lowest level possible, equitable solutions to grievances. Both parties agree that proceedings shall be confidential. Informational releases shall be by mutual consent.
- D. There shall be no reprisal of any kind taken against any party participating in the grievance procedure by reason of such participation.
- E. The Employer and the Association will mutually cooperate in the investigation of any grievance.

- G. Should the hearing and/or disposition of any grievance at levels I, II, or III require that a party be excused from regular assignment, he/she shall be excused without loss of pay or benefits.

- H. The Association shall be the sole and exclusive representative for the grievance procedure.
- I. A grievance may be withdrawn at any level without prejudice.
- J. A separate file of materials pertaining to the grievance shall be established by the Employer, upon final resolution or withdrawal of the grievance.
- K. The written grievance shall be on a mutually agreed to standard form attached hereto as Appendix D. The grievance form shall contain a concise statement of the facts upon which the grievance is based and a reference to the specific section(s) of this Agreement allegedly violated, misinterpreted, or misapplied. Any alleged violations, misinterpretations or misapplications of policy or rules and regulations which may apply to the grievance may be referred to in the grievance.
- L. The grievance procedure is the exclusive remedy for alleged violations of the contract.
- M. A Member who is engaged during the school day on behalf of the Association in an arbitration with the Employer shall be released from regular duties without loss of salary. This time shall neither be charged to the Member's sick, personal, or professional leave nor have any adverse effect against the Members in general.

2.3 Procedural Levels

- A. Level I (Administrator): The grievant shall file the grievance on the form contained in Appendix E with the administrator responsible for the decision/action being grieved within fifteen (15) work days of the date of the incident. - B. Level II (Superintendent): If the action in Level I does not resolve the grievance to the satisfaction of the grievant, then the grievant shall submit a copy of the original grievance and the Level I disposition to the Superintendent within ten (10) work days of the date of receipt of the Level I disposition. A hearing shall be held and written disposition rendered within ten (10) work days of the date of the hearing. The hour and day of hearing shall be established by mutual consent.

The parties will make every effort to have a mediation session scheduled within ten (10) work days of the request to FMCS.

- D. Level IV (Arbitration): If the Association is not satisfied with the Level III response, and if the Association wishes to proceed to Level IV, the Association must within ten (10) work days of receipt of the Level III disposition, file an application for arbitration with the American Arbitration Association, with a copy to the Superintendent.

2.4 Arbitration

- A. All hearings shall be conducted in closed sessions with only those individuals present who are involved in the immediate questioning. No news releases shall be made concerning the progress of the hearing.

B. Powers of the Arbitrator

It shall be the function of the Arbitrator, and he/she shall be empowered except as his/her powers are limited below, after due investigation, to make a decision in cases of alleged violation of the specific articles, sections, or provisions of this Agreement.

3.4 Seating Privileges and Agenda

To the extent the facilities are available, two representatives of the FEA shall be accorded the same seating privileges as the press at regular or special meetings of the Board. The agenda for any special or regular meeting of the Board shall be provided to the FEA President at the same time said agenda is provided to members of the Board.

3.5 Reports - Treasurer

The Treasurer shall notify the President of the FEA when copies of the following reports are completed:

1. Annual appropriation resolution
2. Annual budget
3. Temporary appropriation resolution

3.7 Labor/Management Committee

- A. A Labor/Management Committee shall be convened each year by the Superintendent and the FEA President and shall consist of at least two representatives for each party, including the Superintendent and the FEA President.
- B. This committee shall meet at a mutually agreeable time once per month and at other times, as needed, upon the call of either the Superintendent or the FEA President. This committee may discuss agenda items submitted by either the Superintendent or the Association. Nothing discussed by this committee shall be construed as a substitute for negotiations over mandatory subjects of bargaining.
- C. Nothing in this section shall preclude the Employer from establishing from time to time Joint Faculty, Administration, and/or Community Study Committees which may be composed of Employer appointees and from 1-3 appointees of the FEA President. Nothing discussed by these committees shall be construed as a substitute for negotiations over mandatory subjects of bargaining.

- D. This committee will continue to discuss the purpose, number, and quantity of student assessments implemented in the District. The focus of these discussions will be to establish which assessments will be used and implemented District-wide.

3.8 Association Representation

A Member, upon request, shall have the right to Association representation on any employment related matter other than evaluation conferences (unless mutually agreed to).

Article 4 - Management Rights

The Employer reserves without limitation all powers, rights, authority, duties and responsibilities not expressly limited by this Agreement whether it be inherent or conferred upon the Board by law, including but without limiting the generality of the foregoing:

- B. To hire all employees and to determine qualifications and conditions for continued employment or dismissal, discipline, and to promote and transfer all such employees.
- C. To decide upon the duties, responsibilities, and assignment of employees and the non-contractual terms and conditions of employment.

The exercise of such rights as to employees shall not extend unreasonably beyond the employment relationship.

Article 5 - Individual Rights

5.1 Instructional Staff

A. General Requirements for Employment

- 1. Members employed in the District must have completed the requirements for and hold at least the required certificate/license, as defined by the ORC, prior to the start of the school year for which they were hired. Should no applicant meet the requirement set forth above the District may on an emergency basis seek temporary certification/licensure for a qualified applicant.
- 2. To be eligible for appointment as a teacher in the District, the candidate, future or present, must have on file the following credentials:
 - a. An application properly completed.
 - b. A complete transcript of college credits.
 - c. A copy of the teacher's certificate.

- d. A copy of the discharge papers of any person having served in the armed forces of the United States.
 - e. A record of the amount of unused sick leave transferred from another school district.
 - f. Recommendations from individuals who are qualified to present them in reference to good qualities, character, reputation and successful experience.
 - g. All credentials are to remain as a part of the permanent record of the candidate and become the sole property of the District. Responsibility for acquisition of the required credentials is the sole responsibility of the Member. The District shall notify the Member if his/her credentials are incomplete and/or about to lapse. The Member shall be responsible to see that his/her credentials are complete and/or renewed. Any costs for official transcripts, certification or recertification will be the responsibility of and borne by the applicant/Member. Credentials are not transferable but may be examined by properly authorized persons upon approval of the Superintendent. Copies of official credentials will be provided at no charge to the applicant/Member. Official credentials shall not be removed from the Central Office. Replacement of credentials lost within the District shall be the responsibility of the District. Upon making appointments, the best interest of the schools, along with the fitness and personal qualifications of the candidate, shall be given prime consideration.
 - h. A personal interview is mandatory prior to employment.
 - i. There shall be no back pay during the period the Member does not have on file the appropriate documents as stated above whereby the individual knowingly has been negligent in providing the Employer with the appropriate documents.
 - j. Proficiency in speaking, writing, and reading English as determined by the interview process.
- B. The involvement of the Unit Members shall be encouraged to assist the Employer in the recruitment of prospective teachers. Particular effort should be made to solicit the assistance of department heads in the recruitment of prospective teachers for vacancies within the appropriate department.

5.2 Contracts

- A. Contracts are by and between the Teacher and the Board. Said contract shall contain the following information:
- 1. type of contract (limited or continuing)
 - 2. School year

3. Name of teacher
4. annual base salary

If a Teacher believes there is an error in the current salary notice or contract, he/she must notify the Superintendent within the school year (July 1 – June 30). Corrections will be retroactive to the first affected pay period of that school year.

- B. A Teacher newly employed by the Board shall be granted a one-year limited contract. If subsequently re-employed, such Teacher shall be granted one-year limited contracts thereafter until such Teacher has been in the service of the District for a period of four consecutive school years. Thereafter, if re-employed, such Teacher shall be granted two-year limited contracts unless an eligible Teacher is granted a continuing contract pursuant to this Agreement and the ORC.
- C. In order to be eligible for a continuing contract, a Teacher must be a graduate from an approved teacher training institute and hold a professional, permanent or life teacher certificate (obtained under previous statute) or a professional educator license in addition to one of the following criteria which apply.
 1. If the Teacher did not hold a Master's degree at the time of initially receiving a Teacher's certificate under prior law, thirty semester hours of coursework in the area of licensure or in an area related to the teaching field since the initial issuance of such certificate or license, as specified in rules from the State Board of Education.
 2. If the Teacher held a Master's degree at the time of initially receiving a teacher's certificate (obtained under previous statute) or an educator license, six semester hours of coursework in the area of licensure or in an area related to the teaching field since the initial issuance of such certificate or license, as specified in rules from the state Board of Education.

Teachers must also have within the past five years taught at least three (3) years successfully in the District. Teachers who have had a continuing contract in Ohio become eligible for a continuing contract in the District after serving a two-year period. For Teachers who are initially issued an educator's license on or after January 1, 2011, in addition to the foregoing requirements, the Teacher must have held an educator's license for at least seven (7) years. All requests for, and documentation supporting eligibility for, a continuing contract (including a letter of recommendation from the head principal) shall be given to the Superintendent prior to the beginning of the second semester.

- D. Teachers who have or will meet the requirements to become eligible for a continuing contract in the middle of a multi-year limited contract can apply for, and the Board will act upon, the issuance of a continuing contract. The Board will award the continuing contract, non-renew the employee's contract, or award a probationary contract pursuant to Section E below.

- E. Teachers who have met all legal qualifications or requirements to become eligible for a continuing contract but who, in the opinion of the Employer, have certain other deficiencies, if re-employed on a subsequent limited contract shall be so notified by the Superintendent with reasons directed at the professional improvement of the teacher on or before June 1. Such Teacher may be placed on such a subsequent limited (probationary) contract for a period not to exceed two (2) years. At the end of the probationary contract period, such Teacher shall be given a continuing contract or, in the alternative, shall be given no contract of employment. Any action required by the Board to be taken in May regarding the employment, re-employment or non-re-employment of any Teacher, or any notices pursuant thereto, shall be taken at a May meeting of the Board.
- F. Supplemental contracts shall be entered into with each Teacher who is to perform duties which are in addition to such Teacher's regular teaching duties and for which compensation is authorized for such additional duties. Such contracts shall be limited contracts, and shall set forth the additional duties and the compensation to be paid for such additional duties. The duration of said contracts shall be for not more than one (1) year, and they shall expire without Board action on June 30 of each year.

5.3 Re-employment

At a meeting of the Board in May, the Superintendent shall present to the Board for its approval and confirmation, a list of Members to be non-renewed or renewed, with recommendations as to renewal or issuance of new contracts. Upon the approval and confirmation of the Board, the Treasurer shall then issue contracts and notifications of salaries in accordance with law.

5.4 Nonrenewal of Contracts

- A. Any Teacher employed under a limited contract other than supplemental contracts whom the Superintendent intends not to recommend for re-employment shall be so notified by the Superintendent and reasons given in writing on or before the 10th day of May. Upon authorization of the Teacher, the President of the FEA shall be given a copy of the reasons within three work days.
- B. A Teacher shall be granted, upon request, an opportunity for a conference with the Superintendent regarding the reasons for the recommendation not to re-employ. The principal and/or an Association representative shall be present at such conference upon request of the Teacher.
- C. The Board shall act upon non-renewals, renewals or the granting of continuing contracts at a May Board meeting.
- D. Teachers who are not to be reappointed shall be given the reasons and notified in writing by the Treasurer on or before June 1. Such written notice to the Teacher of non-re-employment shall not be necessary provided that the Teacher, after having

consulted with the Superintendent, shall have given to the Board before the May Meeting set forth in 5.4(C), a letter asking that he/she not be reappointed.

- E. A Unit Member who is non-renewed may request a meeting with the Board in executive session, by written request to the Treasurer within ten (10) work days of Board action of nonrenewal. Such meeting will be held no later than the regularly scheduled June Board meeting.
- F. The Board may act to non-renew a Teacher's contract regardless of the presence of an Improvement Plan or a Teacher's performance on an Improvement Plan.
- G. The nonrenewal procedures contained in this Section specifically supersede and take the place of any and all nonrenewal procedures contained in the ORC, including but not limited to ORC §3319.11. Any alleged procedural violations of this nonrenewal section are subject to the grievance procedure.

5.5 Contract Termination

- A. The contract of a Member may be terminated by the Employer for good and just cause. The procedures for such termination shall be as prescribed by ORC §3319.16.
- B. Any Member who has been notified of the Board's intent to terminate his/her contract of employment shall have the right to be represented by counsel, the FEA or other person of his/her choice.

5.6 Resignations

A written notice of resignation filed with the Superintendent prior to and including July 10 is automatically effective without the approval of the Board. A written request for release from contract after July 10 may be approved by the Board under extenuating circumstances.

5.7 Reduction of Staff

- A. When by reason of decreased enrollment of pupils, return to duty of regular teachers after leaves of absence, or by reason of suspension of schools or territorial changes affecting the District or for financial reasons, the Employer decides that it will be necessary to reduce the number of Teachers, it may make a reasonable reduction. In making such reduction, the Employer shall proceed to suspend contracts in accordance with the recommendation of the Superintendent who shall, within each certification/licensure affected, give preference to Teachers on continuing contracts.

Prior to proceeding with an anticipated staff reduction, the Association President shall be notified by the Superintendent of the Board's intent to consider a staff reduction. A meeting shall be held between representatives of the Board and

representatives of the Association to review the appropriate data indicating a need for a reduction in staff. The parties shall discuss why the reduction is necessary, what areas of certification/licensure may be affected, the possible extent of the anticipated reduction and the possible effects of the reduction.

1. The Board shall handle all staff reductions first through normal attrition.
 2. Limited contract teachers shall be reduced by using the following order:
 - a. Area of licensure/certification;
 - b. Competency as determined by formal evaluation;
 - c. When evaluations are comparable, by lowest seniority in the District.
 3. Continuing contract teachers shall be reduced only after all limited contract teachers in the teaching field of assignment by using the following order:
 - a. Area of licensure/certification;
 - b. Competency as determined by formal evaluation;
 - c. When evaluations are comparable, by lowest seniority in the District.
- B. If the District incurs a reduction or elimination of state or federal dollars, the Board may suspend the contracts of Unit Members, provided the elimination or reduction of state or federal dollars is not caused by any action of the Employer. Suspension of contracts shall be made using the procedures of this Article.

Current state and federal programs are:

1. Auxiliary Services
2. Title I, II, IV, VI-B
3. Summer Intervention
4. Vocational Education
5. Sandusky County Juvenile Justice Center

The Employer will notify the Association in writing of any additional state or federal programs included in the District.

- C. In the event a reduction in staff occurs during a school year, i.e., when school is in session, a Teacher shall be granted two (2) days of personal leave to interview prospective employers. The Employer will assist the Teacher in finding new employment.
- D. Teachers not re-employed due to a reduction in staff will be placed on the substitute list if they so desire. Every attempt shall be made to utilize these Teachers first when substitutes are needed.

- E. Teachers whose contracts are suspended shall have the right of restoration to service status for up to eighteen (18) months in reverse order of layoff.

 - 1. Teachers/Counselors will be given at least one holistic summative evaluation each school year. Observations and evaluations shall be done by District administrators. Each holistic summative evaluation must include a minimum of two thirty-minute formal observations along with walkthroughs (at least two) and will be completed prior to May 1. Counselors' walkthroughs shall be during non-confidential activities. The holistic final summative evaluation must be based upon a combination of formal and informal observations, evidence of practice and professionalism, and high-quality student data, using the Teacher Performance Evaluation Rubric, for those Teachers who spend at least fifty percent (50%) of the time employed providing student instruction. Counselors' evaluations will be based on six (6) standards and a seventh (7th) area focused on metrics of student outcomes. Each teacher/counselor will be assigned a rating of accomplished, skilled, developing, or ineffective. The holistic final summative evaluation will be delivered to the teacher/counselor no later than May 10. For those teachers who do not spend at least fifty percent (50%) of the time employed providing student instruction, all of the same procedures and deadlines will be used, however, there will be no high-quality student data used in their evaluations.
 - 2. Any teacher/counselor who received a rating of "Accomplished" on their most recent evaluation conducted under this section may be evaluated once every three (3) school years, so long as the teacher submits a self-directed professional growth plan to his/her evaluator that focuses on specific areas identified in the observations and evaluation and the evaluator determines that the teacher is making progress on that plan. "Accomplished"

counselors may be evaluated once every three (3) school years so long as the metrics of student outcomes for the most recent school year for which data is available, is skilled or higher. In those years that the teacher/counselor is not being formally evaluated, the member shall be formally observed at least once and shall have at least one conference per year with his/her evaluator (using the appropriate OhioES observation and post conference form along with the metrics of student outcomes for school counselors).

3. Any teacher/counselor who received a rating of “Skilled” on their most recent evaluation conducted under this section may be evaluated once every two (2) school years, so long as the teacher and evaluator jointly develop a professional growth plan for the teacher that focuses on specific areas identified in the observations and evaluation and the evaluator determines that the teacher is making progress on that plan. “Skilled” counselors may be evaluated once every two (2) school years so long as the metrics of student outcomes for the most recent school year for which data is available, is skilled or higher. In those years that the teacher/counselor is not being formally evaluated, the member shall be formally observed at least once and have at least one conference held per year with his/her evaluator (using the appropriate OhioES observation and post conference form along with the metrics of student outcomes for school counselors).
4. Any teacher/counselor who is on leave from the school district for fifty percent (50%) or more of the school year, as calculated by the Board, may be excluded from the evaluation process with the exception of completing a Professional Growth Plan. Any teacher who is participating in the teacher residency program under Ohio Revised Code section 3319.223 may be excluded from the evaluation process in the year during which that teacher takes, for the first time, at least half of the performance-based assessment prescribed by the state board of education for resident educators, with the exception of completing a Professional Growth Plan.
5. Notwithstanding the foregoing, teachers/counselors on a one-year contract, or in the final year of a limited contract whom the Employer intends to not recommend for renewal of their contract will be given the holistic final summative evaluation as specified in section (A)(1) of this Article, with the exception that the evaluation must include a minimum of three (3) thirty (30)-minute formal observations along with at least two (2) walkthroughs.

6. Those teachers/counselors who are not on an improvement plan will complete a Professional Growth Plan in collaboration with their principal prior to the first formal observation.
7. Formal observations shall not be scheduled the first or last week of school or the day before or after a holiday.
8. Absent extenuating circumstances, a post observation conference shall be held within 10 workdays following the final thirty (30)-minute formal observation during which areas of reinforcement and refinement shall be discussed.
9. If a teacher/counselor is rated ineffective on his/her evaluation or any of the individual components of the evaluation, an Improvement Plan noting a desired level of performance including a specific plan of action and providing assistance with professional development, shall be given in writing.
10. A follow-up observation will be held to assess the teacher's/counselor's progress as contained in the Improvement Plan.
11. Absent extenuating circumstances, an Improvement Plan conference will be held within ten (10) workdays after the follow-up observation to discuss improvements and continuing deficiencies. Due dates for the desired level of performance shall be noted on the Improvement Plan. The teacher/counselor may have an Association representative present at the conference provided it does not delay the process.
12. Nothing will be included in an evaluation that is not known by and discussed with the person being evaluated. No reference will be made to information that is not verifiable. This process will not circumvent any procedures required by the Agreement in dealing with student and/or parent complaints.
13. The holistic final summative evaluation form shall be signed by the evaluator. The form should then be signed by the Member to verify notification to the Member that the evaluation will be placed in the personnel file. However, the Member's signature should not be construed as evidence that the Member agrees with the content of the evaluation report.
14. The Member shall have the right to make a written response to the evaluation which shall be attached to the evaluation report and placed in the Member's personnel file. This right must be exercised within thirty (30) days of receipt of the summative evaluation. A copy, signed by both parties, shall be retained by the Member. 7.5 Class Size

Pupil-Teacher ratio being a vital aspect of an effective education program and directly related to the volume of teacher work, it is believed that an effort to reduce the pupil-Teacher ratio will (a) help pupils achieve academically, and (b) aid in the recruitment and retention of qualified Teachers. The utilization of facilities, personnel, and future planning should be such as to attain these goals:

1. An elementary class size of a maximum of 25:1 per student to general education classroom Teacher ratio should be maintained. No elementary or

secondary classroom should contain more students than reasonable educational standards would dictate. The Employer will maintain class size in accordance with accepted standards. If the number of students in a Teacher's classroom exceeds the class size maximum, the Teacher may request a meeting with the Administration to discuss options to address the situation.

The Board shall maintain an equitable balance for elementary class sizes in order to stay below the maximum number of students per classroom.

2. Enrollment in classes with a limited number of work stations will be limited to the number of available stations.
3. Special service classes for students identified as special education must be limited to the number allowed under State Standards.
4. The Administration will make every attempt to allocate aide time to the classes with the highest student-Teacher ratio.

scheduled LPDC meeting. The staff member must be present at the meeting.

The LPDC shall render its decision in writing within ten (10) work days, or thirty (30) calendar days, whichever comes first, after the appeal.

2. Level Two. Any certificated/licensed staff member wishing to appeal the Level One decision of the LPDC may petition the Chairperson of the Committee within seven (7) calendar days of the LPDC's decision. An Appeals Committee will be developed consisting of one representative of the LPDC and one person selected by the staff member who is certified/licensed in the same subject area. The two representatives shall mutually agree upon a third person who shall also be certified/licensed in the same subject area. This committee shall schedule a meeting within thirty (30) calendar days of the appeal. The staff member must be present at this meeting.

Teachers must have been employed on a regular teaching contract in the District for at least three (3) consecutive years to be eligible to serve as a Mentor, and, in addition, all Mentors must have current Ohio Resident Educator Program training. The Board shall assume the cost of any training as well as provide release time to attend said training if required.

3. Compensation and Workload

A stipend of \$950 per year will be paid to the Lead Mentor.

A stipend of \$750 per year will be paid for Year 1 and a stipend of \$625 for Year 2 and beyond if needed to all Resident Educator Mentors. A stipend of \$500 per year will be paid for a Clinical Fellowship Year Mentor. Said stipend shall be paid on the second pay in June. The Mentor shall be assured of adequate time during the work day to meet with the assigned Resident Educator. If a Mentor is assigned for less than one (1) academic year, compensation shall be pro-rated.

All interaction, written or verbal, between the Mentor Teacher and the Resident Educator shall be regarded with confidentiality, and shall not be used by either the Board or the Association in termination or non-renewal actions, unless the matter involves illegal and criminal activities. C. Resident Educators

1. Workload

The Resident Educator shall be given adequate time during the work day to meet with the assigned Mentor. The Resident Educator is required to attend Resident Educator Professional Development with the Lead Mentor.

If a new Mentor is assigned, the former Mentor shall have his/her supplemental contract terminated without recourse to the grievance procedure or ORC 3319.16 or any other legal challenge. Both Mentors shall receive a pro-rated share of the former Mentor's supplemental salary.

If the Resident Educator does not complete the required Ohio Resident Educator requirements, they may be non-renewed, without recourse to the grievance procedure or any other legal challenge.

7.13 Discipline

- A. The Teacher-pupil relationship in the classroom and out should be one of mutual respect at all times.
- B. The Teacher shall be recognized as the person in authority to maintain the decorum of the classroom and building. It shall be the responsibility of the principal and the assistant principal to support and assist the Teacher in maintaining discipline.
- C. The Employer delegates to school officials and Teachers the authority to enforce regulations regarding conduct of pupils; however, the Employer reserves the right to determine the type of punishment and to apply same for misconduct, if, in its judgment, the nature of the violation is such as to warrant direct Employer participation.
- D. A Teacher may, within the scope of his/her employment, use and apply such amount of force as is reasonable and necessary to quell a disturbance threatening physical injury to others, to obtain possession of weapons or other dangerous objects upon the person or within the control of the pupil, for the purpose of self-defense, or the protection of persons or property.

A consultation with the Teacher shall precede the child's readmittance to class.
- F. Prior to Teacher removal of a student from class in a non-emergency situation, the Teacher will contact the principal and parent to discuss the nature of the student's discipline or behavior problem.

- G. Should a continuing problem exist, a conference will be held with Teacher, parent, counselor or other appropriate personnel determined by the involved staff to establish a course of action (e.g. behavioral contract, etc.) for the student, which is to be signed by the parent, defining further action to be taken.

Examples of further action may include but not be limited to:

Teachers of Record will be paid \$20.00 per hour (up to \$100 per student per course) for work that occurs outside of the school day for Educational Options.

Teachers will not be mandated to be Teachers of Record. The Board and the Association may discuss compensation and other concerns once the program has been utilized in the District during Labor Management Committee meetings.

All leave requests, except those of an emergency nature, must be submitted to the building administrator in the absence management system three (3) work days prior to the date of the requested leave. Up to two (2) days can be carried over to the following year. Unused days may accumulate to a maximum of five (5) personal days per school year.
- B. Personal business leave may not be used on the day before or after winter or spring break, unless it is a non-student day, which would have no restrictions, or the day(s) you are assigned to proctor and/or be an administrator of any state mandated test. Personal business leave may also not be used before Labor Day or after May 15 unless special permission is granted by the Superintendent for an emergency or other circumstance beyond the Member's control. Such permission is at the sole discretion of the Superintendent and his/her decision is not grievable.
- C. Only the number of Members listed in the chart below may be on personal leave from each building on any one day, unless it is a non-student day, which would have no restrictions. Requests will be approved on a first-come, first-served basis based on the day and time the leave request is received in the principal's office. Exceptions to the chart may be granted by the Superintendent on the same basis as discussed in Section B, above.

<u>School</u>	<u>No. of Members Per day</u>	<u>School</u>	<u>No. of Members Per day</u>
Atkinson	3	Otis	3
Croghan	3	Middle School	6
Lutz	3	Ross	6

- D. Personal business leave may only be used in half ($\frac{1}{2}$) or whole day increments.
- E. All returns from leaves of absence will be at the beginning of a grading period unless worked out with special permission of the Superintendent.
- B. Said application shall be on a form supplied by the Employer and shall indicate the anticipated date of the beginning of such leave and the return from such leave. Nothing herein shall preclude a member from advancing the date of beginning of a leave of absence previously approved, provided notice is given to the Superintendent two weeks prior to the beginning date so advanced. These two weeks shall be waived in the event of proven emergency.
- C. If at any time during the term of pregnancy the Superintendent is of the opinion that such Member is unable to satisfactorily perform her duties by reason of said pregnancy, the Superintendent may request such Member to furnish him/her a certificate in writing by her physician that such Member is physically and mentally able to continue her service.
- D. No Member shall return to service from a maternity leave without written certification from her physician that such return to service would not be detrimental to the health of said Member. It is assumed that the Member will fully apprise her physician of the specifications of her position, or comparable position, so that the physician's certificate will reflect a complete knowledge of the physical demands of said position. The filing of this certificate may be waived by the Superintendent. A return to some form of part-time or limited service may be permitted, upon the recommendation of the Superintendent and approval of the Employer. Failure to return to service on the date so indicated in the application shall constitute a waiver of any rights of re-employment in the District and shall terminate her contract status.
- E. Every effort should be made by the Superintendent to reinstate Members to the original or a comparable position. If the availability of substitutes precludes this possibility, reinstatement will be made in an assignment for which the Member is qualified. Teachers on leave will be subject to reduction in staff herein.
- F. If a Member on a child care leave wishes to return prior to the commencement of a new school year, he/she may apply to the Superintendent. The Member will be assigned to a vacant position for its duration if one arises for which the Member holds a valid certificate.
